BOARD POLICY

SUBJECT: SPECIAL CONDITION “SAFP” (SUBSTANCE ABUSE FELONY PROGRAM)

PURPOSE: To establish “SAFP” (Substance Abuse Felony Program) as a special condition of parole or mandatory supervision.

AUTHORITY: Texas Government Code Sections 493.009, 508.0441, 508.045, 508.185, 508.221, 508.281, 508.2811, and 508.283
Code of Criminal Procedure Article 42.12, §14
Texas Administrative Code Title 37, Part V, Chapter 146

DISCUSSION: Members of the Texas Board of Pardons and Paroles (Board) and Parole Commissioners determine conditions of parole and mandatory supervision. Except in special circumstances, Board Members and Parole Commissioners act in panels comprised of three persons, and panel decisions are made by majority vote. The Presiding Officer designates the composition of the parole panels. Special conditions are imposed in addition to the standard conditions of parole or mandatory supervision. Unless otherwise provided, any condition may be imposed before or after release and shall remain in effect until specifically removed by a parole panel.

POLICY: Special Condition “SAFP” represents a cooperative effort between the Board and the Texas Department of Criminal Justice intended to afford an eligible offender confinement, treatment and post-release continuum of care when a parole panel renders a finding following a hearing or proceedings, concerning alleged violations of the terms and conditions of parole or mandatory supervision, under Chapter 146 of the Board Rules; the offender is a suitable candidate as determined by the suitability criteria; and drug or alcohol abuse significantly contributed to the commission of the crime or violation of the conditions of parole or mandatory supervision.

The “SAFP” special condition shall result in a period of confinement, treatment and post-release continuum of care under the terms and conditions outlined in this policy. An offender shall return to active supervision upon successful release from a Substance Abuse Felony Punishment Facility (“SAFPF”).

At any time this condition is in effect, and to the extent directed in writing, an offender shall comply with the terms and conditions of the “SAFP” confinement. Failure to abide by the rules and regulations of the Substance Abuse Felony Punishment Facility may constitute a violation of the offender’s conditions of release to parole or mandatory supervision and may result in a subsequent review by a parole panel for further action as warranted, following a hearing or proceedings, concerning alleged violation of the terms and condition of parole or mandatory supervision, under Chapter 146 of the board Rules.

Substance Abuse Felony Program (“SAFP”) Term - indeterminate term of confinement and treatment of not more than nine (9) months or less than six (6) months.
