MEDICALLY RECOMMENDED INTENSIVE SUPERVISION (MRIS) SCREENING		

PURPOSE: To establish procedures for submitting medical and mental health summaries for ill offenders who meet criteria for Medically Recommended Intensive Supervision (MRIS) as outlined in Texas Government Code 508.146

POLICY: A medical and/or mental health summary will be provided to the Texas Correctional Office for Offenders with Medical or Mental Impairments (TCOOMMI) for use in consideration of offenders for Medically Recommended Intensive Supervision.

DEFINITIONS: **Medically Recommended Intensive Supervision (MRIS):** A program established by Texas Government Code Section 508.146 which provides that certain categories of offenders are eligible for early parole based on their medical conditions. The purpose of Medically Recommended Intensive Supervision is to identify eligible offenders in TDCJ facilities who could be diverted from incarceration to more cost-effective and appropriate treatment alternatives.

MRIS MEDICAL ELIGIBILITY CRITERIA (one or more of the following conditions required):

Terminally ill: Having an incurable condition expected to result in death within six (6) months regardless of life sustaining treatment and requiring skilled nursing, hospice or home health care.

Elderly: An offender sixty-five years of age or older.

Physically Handicapped: Having a severe, chronic disability that is likely to continue indefinitely and results in substantial functional limitations in three or more of the following areas of major life activity: self care, self-direction, learning, receptive and expressive language, mobility, capacity for independent living, or economic self-sufficiency. These limitations are reflected in the offender's need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services of extended or lifelong duration that are individually planned and coordinated.

Mentally Ill: Per Section 571.003, Texas Health and Safety Code means an illness, disease or condition that either substantially impairs an offender's thoughts, perception, or reality, emotional process, judgment, or grossly impairs an offender's behavior, as manifested by recent disturbed behavior.

Mentally Retarded: Per Section 591.003, Texas Health and Safety Code means significantly sub-average general intellectual functioning that is concurrent with deficits in adaptive behavior and originates during the developmental period until the age of 18.

Long Term Care: Care provided to a person who is deficient in the area of self-care and where there is a reasonable medical probability that the

MEDICALLY RECOMMENDED INTENSIVE SUPERVISION (MRIS) SCREENING		

clinical condition(s) producing that inability will not change over time and requires nursing care.

Organic Brain Syndrome: Any of a group of chronic syndromes involving temporary or permanent impairment of brain function caused by trauma, infection, toxin, tumor or tissue sclerosis, and causing mild to severe impairment of memory, orientation, judgment, intellectual functions and emotional adjustment.

Persistent Vegetative State: A condition of profound non-responsiveness in the wakeful state caused by brain damage at any level and characterized by a non-functioning cerebral cortex, absence of response to the external environment, akinesia, mutism, and inability to signal.

Special needs patients include those with health conditions that require regular care.

MRIS REFERRAL REQUIRED FOR:

1. All patients in a persistent vegetative state
2. All patients with an organic brain syndrome *and* significant to total mobility impairment (i.e. bed bound)
3. All patients who meet criteria for Hospice or Permanent Infirmity status
4. All patients with significant mobility impairments, no expectation of improvement, and requiring 24 hour licensed nursing care
5. All patients with life expectancy less than 6 months (i.e., terminally ill)
6. Patients with mental illness and/or significant *developmental or acquired* cognitive impairment but without history or suspected propensity for violent or destructive behavior (e.g. end stage schizophrenia, dementia, developmentally disabled/mentally retarded, etc.)
7. Cancer patients with advanced/metastatic disease
8. ESLD patients with MELD score ≥ 22
9. HIV/AIDS patients with CD4 < 50

PROCEDURE:

- I. A MRIS medical screening form (Attachment A) will be completed by a health care provider if an offender meets eligibility criteria, or alternatively, upon request from TCOOMMI.
 - A. Requests from TCOOMMI for a medical screening form must be completed no later than three (3) working days from receipt unless a more urgent or expedited review is requested. Extensions of the deadline will not be granted, but the provider should submit an updated screening form if information critical to the accuracy of the screening changes after submission.
 - B. Medical screening forms may be completed by a physician, physician assistant, or nurse practitioner.
 - C. The medical screening form should be completed in the note builder section of the EMR.

MEDICALLY RECOMMENDED INTENSIVE SUPERVISION (MRIS) SCREENING		

D. Upon completion the MRIS screening form should be sent to the appropriate Pearl Email Group: 1) for UTMB – “MRIS Referral Group”, or 2) for Texas Tech – “MRIS Referral Group – Texas Tech”.

II. A MRIS medical or mental health summary (Attachment B) will be completed by a health care provider upon request from TCOOMMI.

A. Medical summaries must be completed by a physician, physician assistant, or nurse practitioner.

B. Mental Health summaries must be completed by a licensed psychiatrist or physician assistant / nurse practitioner trained as a CMC mental health provider.

C. By law, a qualifying diagnosis for a MRIS summary must be confirmed by a physician or psychiatrist. Confirmation will be indicated by physician/psychiatrist signature on the MRIS Referral form.

D. The MRIS summary should be completed in the note builder section of the EMR.

E. Upon completion the MRIS summary should be sent to the appropriate Pearl Email Group: 1) for UTMB – “MRIS Referral Group”, or 2) for Texas Tech – “MRIS Referral Group – Texas Tech”.

F. A request for a medical or mental health summary from TCOOMMI must be completed no later than five (5) working days from receipt unless a more urgent or expedited review is requested. A provider may request an extension of the deadline. An extension will be granted ONLY if information critical to the accuracy of the summary is pending and can be obtained within a time period acceptable to TCOOMMI.
