## External Customers
The general public has been identified as the external customer of the Texas Board of Pardons and Paroles.

## Description of Services Offered
On behalf of the Texas Board of Pardons and Paroles (BPP), facilities the provision of information to the public in response to specific inquiries regarding the agency, offenders, or staff. The office also provides resolution regarding written inquiries from families and friends of offenders. When necessary, investigations are coordinated through the appropriate BPP officials. *(Note: Confidentiality requirements can restrict some information from being released.)*

## Priority Populations of Customers
In an effort to manage the number of customers contacted and to limit the frequency and degree of customer information gathering, selection of a priority population was chosen as means to assess customer satisfaction for this survey. Because the surveys were to be distributed throughout the entire state of Texas, a decision was made to poll district attorneys, sheriffs and offender advocate groups. This decision excluded Parole Attorney's which had previously been included due to the fact that these attorney's were contracted by the BPP to represent offending parolee's and a conflict of interest could be inferred.

## Description of Information-Gathering Methods
The written survey method was used to gather information related to customer service satisfaction. In an effort to minimize some of the cost of our data gathering methods and maximize customer ease in providing responses, the survey was emailed to prospective respondents. Approximately 100% of the surveys were emailed to district attorneys, sheriffs and offender advocate groups. Upon arrival at BPP's Board Central Office, all returned survey instruments were reviewed by the board administrator and entered into a PC database. Hardcopies of the surveys were retained for future reference.

## Summary Description of Survey
The written survey instrument was patterned after a similar survey formulated by the University of Texas. The survey assessed customer satisfaction in the areas of facilities, staff, communications, internet site, and complaint handling process.

## Customer Groups Excluded
As directed by the Legislative Budget Board and Governor's Office of Budget, Planning and Policy, the following group of customers were excluded from the survey: BPP Employee’s.

## Data Collection Time Frame
The survey instrument was sent to a random sampling of the prospective focus groups respondents on May 5, 2014. Due to be brevity of the survey and to allow time for analysis, customers were asked to take a moment to complete the survey and return it by May 23, 2014. A reminder was distributed to those who had not responded on May 15, 2014.

## Number of Customers Surveyed

The table below summarizes responses to BPP's customer service survey:

| Surveyed customers that expressed overall satisfaction with services BPP provides. | 85% | 78% |
| Surveyed customers that only partially completed the survey or felt the survey questions were not applicable. | 17% | 18% |
| Surveyed customers (responses) that expressed dissatisfaction with some services offered by BPP. | 7% | 3% |

## Agency's Response to Assessment
In response to this assessment, the areas representing margin for improvement spoke to:

*The customer not satisfied how complaints are handled by the Board (2 out of 31 customers).*

*The Board has prominently displayed on the board's web site how to file a complaint and provides links to a large volume of information for all of our internal and external customers to access/information.*

*The Board will contact the affected customers and address their specific concerns. Additionally, as part of the Board's upcoming Board Meeting, all stakeholders will be allowed to address any concerns they may have regarding any of the Board processes/recommendations for improvements.*
