FORENSIC INFORMATION		

POLICY: Mental Health Services staff are prohibited from participating in the collection of forensic information.

PROCEDURE:

- I. Mental Health Services staff are expressly prohibited from performing psychiatric or psychological evaluations, assessments, examinations or testing for any of the following or similar forensic purposes:
 - A. Sanity at the time of an alleged offense or crime
 - B. Competency to understand legal procedures
 - C. Competency to undergo proceedings associated with execution
 - D. Competency to undergo proceedings associated with criminal or civil trial, whether or not the alleged crime occurred during the inmate's incarceration in TDCJ
 - E. Parole eligibility
- II. Mental Health Services staff will not participate in the recruitment of outside providers to perform such evaluations.
