"You never think you'll need an attorney, but when you do it's a stressful and expensive experience. TLPP is just as important as my health or auto insurance. I feel so secure knowing I'm protected by the Texas Legal Protection Plan."
- member, TxDOT

"I like knowing TLPP is a nonprofit program of the State Bar of Texas. There are other for-profit legal plans out there, but they seem to only benefit the salesperson pushing the plan."

"Anyone who thinks they don't need TLPP has no idea how costly legal matters can be."

"Having the opportunity to hire a Board Certified attorney to help me with my Will and with other very important legal matters makes me feel so protected. I truly think every Texan should be on this Plan."
