I. JOB SUMMARY

Performs advanced supervisory maintenance and construction work. Work involves overseeing maintenance and construction offender staff involved in the installation, care, and repair of state facilities and equipment. Works under minimal supervision with considerable latitude for the use of initiative and independent judgment.

II. ESSENTIAL FUNCTIONS

A. Oversees, supervises, inspects, schedules, assigns, and participates in general maintenance, construction, and boiler work; confers with staff regarding workloads, training, safety programs, and job priorities; and coordinates work assignments with other supervisors to ensure efficient use of resources.

B. Prepares estimates of work hours, materials, and resources required for projects; initiates requisitions for materials and supplies; and prepares reports and maintains records of repairs.

C. Trains and supervises offender maintenance and construction workers; and ensures compliance with applicable safety rules, regulations, and standards.

D. Assists in maintaining the security of assigned offenders.

* Performs a variety of marginal duties not listed, to be determined and assigned as needed.

III. MINIMUM QUALIFICATIONS

A. Education, Experience, and Training

1. Graduation from an accredited senior high school or equivalent or GED.

2. Two years full-time, wage-earning experience in boiler operations

   or

   completion of a boiler program from a trade or technical school accredited by the Council for Higher Education Accreditation (CHEA) or by the United States Department of Education (USDE)

   or

   completion of a boiler program from a U.S. military technical training school.

3. Experience in the supervision of offenders preferred.
