Agribusiness, Land & Minerals (ALM) manages 13 farm operations that oversee agricultural activities on 24 units. Additionally, the department manages two meat processing plants, a canning plant and harvest equipment repair facility. The department also provides 43 units with security horses, which are utilized to oversee outside offender work squads and canine tracking programs.

Agribusiness Division Managers:
Todd Swick, 936-437-6652
Mike Corley, 936-437-6651

Program Supervisors:
Edible Crops, Steve Ball, 936-437-6634
Entomology, Thomas Hoelewyn, 936-437-6639
Field Crops, Adam Humphrey, 936-437-6635

Poultry, Swine & Feed Mills, Robert McLain, 936-437-6641

Crops & Equipment manages the direct production of field and edible crops for use within the agency. Field crops include grain and hay, which are processed to feed livestock. Cotton is transferred to TCI textile mills to make offender clothing and bedding. Edible crops are produced and sent to agency food service departments to be prepared for meals or sent to the agency canning plant for processing. Crops & Equipment also includes support services such as farm shops, harvesting operations, plant maintenance operations and pest control.

Livestock manages the commercial cow herds and stocker operations, broodmare and horse development operations, laying hen operations, farrow-to-finish swine operations, feed production facilities and meat processing plants. These operations provide beef, pork and eggs to agency food service departments to be prepared and served.
