Introduction

The Texas Department of Criminal Justice (TDCJ) Fiscal Year 2012 Statistical Report provides demographic information for a total of 671,886 cases under supervision on August 31, 2012, as well as those received and released throughout the fiscal year. An offender may have multiple types of supervision and be counted in more than one of the categories provided. The report includes information for both the incarcerated offender population and the adult offender population that is supervised in the community.

The **Demographic Highlights** section offers a summary of the characteristics of the incarcerated population that was on hand as of August 31, 2012 and offenders who were received and released during the fiscal year. The characteristics include gender, average age, race, offense, custody, sentence length, and educational achievement measures. This section also includes characteristics of offenders who were supervised by the Parole and Community Justice Assistance Divisions. In addition to demographics, information offered for the community-supervised population includes supervision status and employment.

The **On Hand** section of the report provides an in-depth look at the incarcerated population on August 31, 2012. In addition to comprehensive demographics, this section focuses on the offense, sentence length, and release eligibility of the offenders. Detailed information is provided for the prison, state jail, and SAFP populations.

The **Receives and Admissions** section includes demographics of offenders who were received by the TDCJ during the fiscal year. Offenders who are received are categorized as New Receives, Parole and Mandatory Supervision Revocations and Community Supervision Direct Sentences or Modifications. New receives are offenders who are admitted to the TDCJ who are not under the supervision of the Parole Division. This category also includes offenders who are under the supervision of local Community Supervision and Corrections Departments who have not served in the TDCJ for that offense. Parole revocations include offenders who were revoked from parole, mandatory supervision, and discretionary mandatory supervision. Community Supervision modifications include those offenders under the supervision of local Community Supervision and Corrections Departments who are being incarcerated due to unsuccessfully completing the terms of their supervision after being released from the TDCJ on that offense. In addition to demographics, this section also includes offense of record, county of conviction, and sentence information. As a separate category, admissions to the TDCJ include offenders who returned from bench warrant from prior fiscal years and transfers from other TDCJ divisions.

The **Releases and Departures** section provides demographics of offenders who were released from TDCJ custody during the fiscal year. Offenders who were released are categorized as Discharges, Releases to Community Supervision, and Releases to Parole Supervision. Discharges are offenders who are released from the TDCJ either by full expiration of their sentence or by court order. Releases to Community Supervision are offenders who are released to be supervised by local Community Supervisions and Corrections Departments. Releases to Parole Supervision include releases to parole, mandatory supervision, and discretionary mandatory supervision. These types of releases

are under the jurisdiction of the Parole Division. As a separate category, departures from the TDCJ include deaths, executions, transfers between TDCJ divisions, and bench warrant releases that did not return during the fiscal year.

Statistical tables listing categories by county of conviction have (i.e., On Hand, Total Receives and Releases by county) highlighted in **bold** the 30 counties with the highest population in the state.

Pursuant to the Legislative Budget Board's request, offense categorizations were changed in Fiscal Year 2012, to more accurately group offense types.

An offense is classified as a drug offense if federally designated as a drug offense (NCIC codes begin in 35); as a property offense if federally designated as property (NCIC code begin in 36-42, 48-63, or 70-73); or as an other offense if federally designated as other (NCIC code begin 14, 36, or higher than 36) unless the offense is designated as violent.

An offense is classified as violent if federally designated as violent (NCIC codes beginning in 09, 10, 11, 12, 13, or 16); statutorily designated as violent (Section 3g(a)(2), Article 42.12, Code of Criminal Procedure); the offender directly caused or threatened to cause serious bodily harm or death to another individual unless the act was an accident; the offender forced another party to act in an involuntary manner by use of threats or intimidation or some other form of pressure or force; or the offender traffics another person with the intent that the trafficked person will engage in forced labor or services.

Additional statistical information can be obtained by contacting Executive Services at 936-437-6391 or by e-mail at exec.services@tdcj.state.tx.us.

Glossary of Terms

"3G" Offense – The offenses listed in Article 42.12, Section 3G of the Texas Code of Criminal Procedure. Examples of "3G" offenses are murder, capital murder, indecency with a child, aggravated kidnapping, aggravated sexual assault, aggravated robbery, use of a child in the commission of certain drug offenses under the Health & Safety Code, committing certain drug offenses within a drug-free zone (if it is shown that the defendant has been previously convicted of certain drug offenses for which punishment was enhanced pursuant to the Health & Safety Code), sexual assault, use of a deadly weapon, and any offense with an affirmative weapon finding.

Administrative Segregation – A non-punitive, maximum custody status involving separation of an offender from the general population within the prison institution for the purpose of maintaining safety, security, and order among general population offenders, correctional personnel, and the public.

Admissions – Bench warrant returns from prior fiscal years and transfers among the agency.

Community Supervision – Placement of an offender under supervision for a specified length of time, as ordered by a court, with court-imposed rules and conditions. Community supervision (formerly called adult probation) may be ordered for misdemeanor or felony offenses and is generally imposed in lieu of a jail or prison sentence.

County of Conviction – The county that correlates with the offense of record.

Departures – Deaths, transfers among the agency, and bench warrant releases that did not return during the fiscal year.

Direct Supervision – Offenders who are legally on community supervision and who work or reside in the jurisdiction in which they are being supervised and receive a minimum of one face-to-face contact with a Community Supervision Officer (CSO) every three months. Direct supervision begins at the time of initial face-to-face contact with an eligible CSO.

Discharge Releases – Prison offenders who are released from TDCJ either by full expiration of their sentence or by court order.

Discretionary Mandatory Supervision (DMS) – A type of release from prison provided by law for restricted categories of offenders. Offenders with offenses committed on or after September 1, 1996 who are released from prison under Mandatory Supervision contingent upon approval by a Board of Pardons and Paroles panel vote (see Mandatory Supervision).

G/J1 – 3 and OT – Offenders in these custodies have a good disciplinary history; have served a specified portion of their sentence (varies by custody level); and do not have any security precaution designators. Some levels within these custodies (G1/J1/OT) do not allow current or prior convictions, to include intentional homicide and sexual offenses, or any pattern of freeworld violence. In FY2012, offenders in programs that require G1-G2 or OT custody prior to enrollment are included in this category.

G/J4 – Offenders in this custody have two or more non-assaultive disciplinary convictions resulting in major penalties within the past six months; one disciplinary conviction resulting in a major penalty for offender or staff assault without a weapon within the past 12 months; Line Class II or III time-earning status (prison offenders only) if the offender is not assaultive or aggressive in nature; or placement of a security precaution designator for escape (ES), staff assault (SA), or hostage (HS).

G/J5 – Offenders in this custody have one or more disciplinary convictions for an assault with a weapon on staff or offenders within the past 24 months; two or more disciplinary convictions resulting in a major penalty for offender or staff assault without a weapon within the past 12 months; one or more disciplinary convictions resulting in major penalties for extortion or sexual abuse with the past 24 months; primarily Line Class I, II, or III time-earning status (prison offenders only) if the offender is assaultive or aggressive in nature; or escape from a TDCJ secure adult correctional facility within the past five years.

Halfway House – A residential facility with focus on reintegration of offenders back into the community after a period of incarceration.

Indirect Supervision – Level of community supervision that requires the offender to report in person but does not require face-to-face contact.

Intelligence Quotient Score (IQ) – The individual's score obtained from a group-administered IQ test. For treatment purposes, additional tests are used to identify mentally impaired offenders.

Intermediate Sanction Facilities (ISF) – A fully-secured facility used for short-term incarceration of offenders who violate the conditions of their community supervision, parole, or mandatory supervision. ISFs are utilized by CSCDs for community supervision offenders and by the Parole Division (PD) for parolees and mandatory supervision offenders. Incarceration is generally 60 to 90 days and may include substance abuse treatment.

Mandatory Supervision (MS) – A type of release from prison provided by law for restricted categories of offenders. Eligible offenders are released on MS when their calendar time served added to their good time credit equals the length of their prison sentence. Under the law in effect until August 31, 1996, release to mandatory supervision was automatic for most offenders, with no requirement of release approval from the Board of Pardons and Paroles. Offenders who committed their offense after August 31, 1996 must receive approval from the Board of Pardons and Parole.

New Receives – Offenders admitted to a TDCJ facility for the first time on an offense, or are repeat offenders who were not under parole or mandatory supervision at the time of their new conviction.

Offense of Record – The offense for which an offender is incarcerated. If an offender is incarcerated for multiple offenses, the offense of record is the offense that requires the offender to be incarcerated for the longest period of time.

Parole – The conditional release of an offender from prison, by a Board of Pardons and Paroles decision, to serve the remainder of his or her sentence under supervision in the community.

Parole-in-Absentia (PIA) – Offenders released to parole or mandatory supervision from either county jails, out of state facilities, or in federal penal institutions.

Parole Revocations – Offenders returned to TDCJ after their parole has been revoked due to a new offense or for technical reasons.

- **New Offense** – Violation of supervision by the conviction of or pending charges of felony or misdemeanor offenses and possible technical violations.

- **Technical** – Violation of one or more conditions of release, not including commission of a new offense.

Prison Offenders – Offenders with capital, first, second, or third degree felony convictions.

Receives – Offenders arriving at TDCJ during the fiscal year as a new offender or due to a revocation.

Releases – Offenders leaving TDCJ due to the discharge of their sentence or to another form of supervision.

Releases to Parole Supervision – Includes releases via parole, discretionary mandatory supervision, and mandatory supervision.

Safekeeping – Offenders who require separate housing for reasons that include, but are not limited to, vulnerability, threats to their safety, and potential for victimization.

State Jail Offenders – Offenders convicted of state jail felony offenses. An individual adjudged guilty of a state jail felony offense may be confined in a state jail facility for a term of no more than two years or less than 30 days. There is no parole or mandatory supervision release from state jail; however, a judge can grant early release for diligent participation in offender programs.

Substance Abuse Felony Punishment Facility (SAFPF or SAFF) Offenders – Offenders who are sentenced by a judge as a condition of community supervision or sent by the Board of Pardons and Paroles as a modification of parole supervision to an intensive six-month therapeutic community program (nine-month program for offenders with special needs).

¹⁸ Prison and State Jail On Hand by Receive Type are offenders incarcerated on August 31, 2012 categorized by how they were received by the Agency. These offenders were last received during a variety of fiscal years, not just FY 2012.

¹⁹ New commitments to TDCJ are offenders who have been convicted of additional offenses, one of which is longer than their existing sentence. These offenders would have come into TDCJ as a new receive or as a revocation.

²⁰ For the purposes of this chart, community supervision revocations are only those offenders who were previously incarcerated in TDCJ for an offense, released to community supervision and subsequently revoked for that same offense. Revocations from community supervision where the offender was not previously incarcerated in TDCJ for the same offense are included in the new receives category.
