RE: FY20 Funding Summary

District and County Court Judges Trying Criminal Cases,

The Texas Department of Criminal Justice-Community Justice Assistance Division (TDCJ-CJAD) has released FY20 funding amounts for community supervision and corrections departments (CSCD). In summary, the statewide biennial appropriations are as follows:

- Basic Supervision (BS) funding decreased by approximately \$3.2 million (2.3%) based on population projections. The BS allocation formula includes misdemeanor placements and average direct felonies supervised for calendar year 2018;
- Community Corrections (CC) funding remained at FY18-19 appropriation levels. The CC allocation formula includes average direct felonies supervised and civil population residing in the counties served by the CSCD for calendar year 2018;
- Diversion Program (DP) funding increased by \$4.0 million biennially due to an infusion of Pretrial Diversion (PTD) funds; and
- Treatment Alternatives to Incarceration Program (TAIP) funding remained at FY18-19 appropriation levels.

A 10% loss limit was applied for FY20 Basic Supervision funding. Without the 10% loss limit applied, the CSCD would have experienced a 19.46% decrease in Basic Supervision funding due to a decline in misdemeanor placements, average direct felonies supervised by the department, or both. The loss limit will not be applied to any CSCD in FY21.

If you have any questions, please contact Carey A. Green, Division Director, at (512) 305-9350, or Kevin Johnson, Financial Operations Director, at (512) 463-8266.
