All THAP sites are required to be a facility that existed on June 1, 2009 as a multi-family residence or as a motel, to which Tax Code provisions relating to the hotel occupancy tax applies unless the TDCJ or owner of the structure provides notice and has a public meeting as required for a community corrections facility. THAP sites may only be approved for use in counties that do not have an established state contracted Residential Reentry Center (Halfway House). Offender's family, personal sponsors, or anyone on community supervision, parole or mandatory supervision or persons required to register as a sex offender are not eligible to provide housing for the THAP.
- B. The THAP application and Potential Provider Information can be located on the TDCJ website at www.tdcj.texas.gov and the Parole Division Document Library. The RD may forward the potential provider information to a designated assistant region director (ARD) for investigation.
 - 1. The RD or designated ARD shall investigate the potential site within ten (10) business days of receipt of information, utilizing the THAP Field Review Checklist (THAP-01). If a potential provider supplies any additional documents, to include but not limited to site rules and resident agreement forms unique to their site, the RD or ARD shall obtain copies during the investigation process, and return them to RRP upon completion of the investigation.
 - 2. In the event the ARD conducted the site investigation, the THAP-01 shall be forwarded to the RD upon completion. The RD shall review the checklist as well as any site rules and resident agreement forms unique to a potential provider and make a recommendation to approve or disapprove the site.
 - 3. The RD shall forward the completed checklist and any additional documents received from the provider to the RRP SD for final approval.
 - a. If approved by the RD and RRP SD, the RRP administrative assistant III shall add the THAP provider to the approved THAP provider list.
