Facility AUDIT FINDINGS

Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

<p>Targeted Inmate/Resident/Detainee Interviews</p>	
<p>39. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>25</p>

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

<p>40. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>1</p>

Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>41. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>The facility reported there were no inmates identified as having a cognitive disability during the onsite portion of the audit. The auditor was able to confirm this information through review of inmate rosters, observations during site review process and interviews conducted with staff at the facility.</p>

<p>42. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

64. Did you have access to all areas of the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Was the site review an active, inquiring process that included the following:	
65. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
66. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
67. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
68. Informal conversations with staff during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No

<p>69. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>No text provided.</p>
--	--------------------------

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p>70. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes <input type="radio"/> No</p>

<p>71. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</p>	<p>No text provided.</p>

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

72. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

74. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

Interviews:

- Interview with agency PREA coordinator (ombudsman)
- Interview with facility PREA compliance manager

Findings by Provision:

115.11 (a)

The Texas Department of Criminal Justice has a written policy, The Safe Prisons/PREA Plan, mandating zero tolerance toward all forms of sexual abuse and sexual harassment in facilities it operates directly or under contract. This is also illustrated in The Texas Department of Criminal Justice Executive Directive Safe Prisons Program.

The Texas Department of Criminal Justice Safe Prisons/PREA Plan outlines how it will implement the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment. The policy includes definitions of prohibited behaviors regarding sexual abuse and sexual harassment. The policy includes sanctions for those found to have participated in prohibited behaviors. The policy includes a description of agency strategies and responses to reduce and prevent sexual abuse and sexual harassment of inmates.

115.11 (b)

The Texas Department of Criminal Justice Board Policy BP—2.09 Prison Rape Elimination Act Ombudsman Policy Statement states it is the policy of the Texas Board of Criminal Justice (TBCJ) that the Prison Rape Elimination Act (PREA) ombudsman shall coordinate the Texas Department of Criminal Justice's (TDCJ) efforts to comply with the PREA standards in all of its correctional and community residential facilities. The PREA ombudsman shall have sufficient time and authority to oversee the TDCJ's policies relating to the elimination of sexual abuse and harassment of inmates at correctional facilities, as well as individuals at community residential facilities, and implementation of the PREA standards. In addition, the PREA ombudsman shall oversee the reporting of sexual abuse and sexual harassment to the TDCJ and serve

as the independent office to receive and immediately forward reports of sexual abuse and sexual harassment to TDCJ officials, allowing an inmate to remain anonymous upon request. The PREA ombudsman reports directly and only to the TBCJ and reports all pertinent items directly to the TBCJ chairman, as deemed appropriate and necessary. The TDCJ shall establish guidelines for reporting complaints or inquiries from elected officials, the public, and inmates pertaining to allegations of sexual abuse and sexual harassment and related TDCJ initiatives to the PREA ombudsman.

Compliance was also determined through a review of both the Texas Board of Criminal Justice Organizational Chart and Texas Department of Criminal Justice Organizational Structure.

An interview was conducted with the agency PREA coordinator/ombudsman. The PREA coordinator confirmed that she believed she had sufficient time to manage all of her PREA related responsibilities.

The PREA coordinator/ombudsman also reported that in addition to PREA compliance managers that are assigned to each facility throughout the state, she is also responsible for seven regional staff who oversee specific regions. She reported that her office is responsible for site visits, in which they conduct mock audits with the facilities, which is coordinated with the PREA compliance managers.

The PREA coordinator/ombudsman was asked about her actions when she discovers non-compliance with a PREA standard. She reported that they usually initiate a corrective action period for the facility, depending on the specific issue identified. They evaluate whether the non-compliance is attributed to staff actions or policy or procedure violations. Subsequently, they draft a corrective action report, which is forwarded to the director. She emphasized that she and her staff collaborate closely with the staff at the Texas Department of Criminal Justice to rectify non-compliance as expeditiously as possible.

During the audit process, the auditor examined additional criteria to determine whether the PREA coordinator/ombudsman was compliant with the standard, as she does not directly work for The Texas Department of Criminal Justice. The auditor found that there was no additional guidance provided beyond the requirement to employ or designate a PREA coordinator. Through interviews with the PREA coordinator/ombudsman, the auditor determined that the coordinator satisfies the requirement of the standard as written.

	<p>The auditor conducted an examination to ascertain whether the PREA coordinator/ ombudsman possessed the requisite authority and direct access to the agency’s most senior leader. This included direct access to the agency’s executive or senior leadership team and the requisite influence to establish and implement agency-wide policies, procedures, and practices without interference from other levels of bureaucracy or supervision. The initial interview with the PREA coordinator and subsequent interviews revealed that she satisfies all the aforementioned requirements.</p> <p>115.11 (c)</p> <p>The Clements Unit has designated a PREA compliance manager as illustrated in the unit organizational chart. The PREA compliance manager has sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards as demonstrated by the interview with the facility PREA Compliance Manger.</p> <p>Based upon information contained in the PAQ, policies, procedures and interviews conducted, the facility is substantially compliant with this standard.</p>

Interviews:

Site Review Observations:

- The auditor observed the number of staff, contractors, and volunteers present (including security and non-security staff) and staffing patterns during every shift.
- The auditor observed staff line of sight and assess whether there are blind spots.
- The auditor observed areas where persons confined in the facility are not allowed to determine whether movement in and out of that space is monitored.
- The auditor observed the level of supervision and frequency of cell checks in housing areas where confined persons are double-celled, in dormitories, or in holding pens with more than one person.
- The auditor observed indirect supervision practices, including camera placement.

Findings by Provision:

115.13 (a)

The TDCJ requires each facility it operates to develop, document, and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing and, where applicable, video monitoring, to protect inmates against abuse.

During the onsite portion of the audit, the auditor conducted an interview with the facility warden. The warden confirmed that the upper-level administrators meet

annually and the following criteria are considered:

- Generally accepted detention and correctional practices;
- Any judicial findings of inadequacy;
- Any inadequacy from internal or external oversight bodies;
- Any findings of inadequacy from Federal investigative agencies;
- All the components of the facility's physical layout (including blind spots);
- Composition of inmate population;
- Number of and placement of supervisory staff;
- Institution programs specific to each shift;
- All applicable State or local laws;
- Prevalence of substantiated and unsubstantiated incidents of sexual abuse;
- Any other relevant factors.

The PAQ reported that the average daily population for the facility has been 3100 inmates. The facility also reported that the average daily population for which the staffing plan was predicated was 3614.

115.13 (b)

The TDCJ Clements Unit reported in the PAQ that the six most common reasons for deviating from the staffing plan in the last 12 months were for:

1. Unit to unit transportation
2. Medical transports
3. Medical security
4. Major projects
5. Constant direct observation
6. Crisis management

During the onsite audit, the auditor conducted an interview with the facility warden. The warden confirmed that in the event of a non-compliance with the staffing plan, the facility would meticulously document and justify any deviations.

115.13 (c)

At least once every year the facility, in collaboration with the PREA Coordinator, reviews the staffing plan to see whether adjustments are needed to: (a) the staffing plan, (b) the deployment of monitoring technology, or (c) the allocation of facility/ agency resources to commit to the staffing plan to ensure compliance with the staffing plan.

During the pre-audit process this auditor reviewed multiple Clements Unit Annual Staffing Plans Reviews and multiple Participation Statements.

The auditor also conducted interviews with the facility warden and agency PREA coordinator / ombudsman who confirmed compliance with this provision.

Site Review Observations:

- The auditor observed areas used to conduct strip searches, visual body cavity searches, and pat-down searches and assess whether opposite-gender staff (i.e., non-medical personnel) can watch the conduct of a strip search or visual body cavity search (absent exigent circumstances).
- The auditor observed all areas where confined persons may be in a state of undress, such as showering, using the toilet, and/or changing their clothes.
- The auditor observed if any nonmedical staff of the opposite gender are able to view confined persons in a state of undress, including from different angles and via mirror placement.
- The auditor observed electronic surveillance monitoring areas such as control rooms or other spaces where staff monitor live or recorded video feeds of confined persons (e.g., via camera feed) and determine if:
 - o Opposite-gender staff are assigned to monitor video surveillance (recorded or live) (e.g., male staff viewing female confined persons).
 - o The video monitoring technology allows for point, tilt, zoom (PTZ) capabilities which could allow staff to see confined persons in a state of undress.

o The facility uses any type of software (e.g., pixelation or blurring) or other mechanisms (e.g., post-its, tape) to obscure cross-gender viewing of confined persons in a state of undress.

· The auditor observed the method(s) used to alert individuals confined in the facility that an opposite-gender staff person has entered a housing unit/area where they are likely to be in a state of undress.

· The auditor observed whether the alert method(s) is sufficient to alert persons confined in the facility that an opposite-gender staff person will be entering the housing unit and allow them to cover-up and determine whether:

o The alert is loud enough for all of the confined persons in the housing unit/area to hear.

o The time between the alert and the staff person's arrival provides enough time for confined persons to cover up before the staff enter the area.

o The alert is provided in such a manner that confined persons with disabilities (e.g., persons who are Deaf or hard of hearing, Blind or have low vision, or those who are cognitively or functionally disabled (including intellectual, psychiatric, or speech disabilities)) are also properly alerted to staff of the opposite-gender in the housing unit.

Findings by Provision:

115.15 (a)

The Clements Unit does not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners. Agency policies on searches and the Safe Prisons/PREA Plan prohibit this practice absent of exigent circumstances.

During the site review process, the auditor confirmed through observations that staff of the opposite gender were not conducting cross-gender strip searches or visual body cavity searches.

The auditor conducted informal interviews with inmates at the facility which further confirmed compliance with this provision.

115.15 (b)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan and Administrative Directive Searches AD-03.22 polices do not permit cross-gender pat-down searches of female inmates, absent exigent circumstances. Additionally, the facility does not restrict female inmates' access to regularly available programming or other out-of-cell opportunities in order to comply with this provision.

The Clements Unit does not accommodate female inmates at the facility. This information was corroborated by the auditor through a review of inmate rosters, documentation provided by the facility, and conversations with leadership and specialty staff at the facility.

115.15 (c)

Texas Department of Criminal Justice Safe Prisons/PREA Plan requires that all cross-gender strip searches and cross-gender visual body cavity searches be documented.

The facility maintains comprehensive records of all cross-gender strip searches and cross-gender visual body cavity searches conducted within its premises. The agency and facility also have a standardized form to document when cross-gender searches are conducted.

115.15 (d)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan and Administrative Directive Searches AD-03.22 polices enable inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera).

The auditor reviewed agency search policy and examples of facility post orders which prohibited cross-gender viewing and illustrated compliance with this provision.

During the audit, the auditor conducted interviews with a minimum of 25 randomly selected inmates and 25 targeted inmates throughout the facility. The majority of inmates confirmed that they were able to shower and engage in personal hygiene without the presence of staff members of the opposite gender observing them in a state of undress.

During the audit, the auditor conducted interviews with a total of 12 randomly selected staff members throughout the facility. All of the staff members interviewed expressed the belief that inmates were afforded as much privacy as was feasible within the prison environment.

During the site review process, the auditor concluded that inmates were provided with adequate privacy while showering and performing bodily functions. Furthermore, there were no apparent concerns of cross-gender viewing by non-medical staff of the opposite gender.

Site Review Observations:

- The auditor tested the facility's process for securing interpretation services on-

- The auditor determined if persons confined in the facility must self-identify (e.g., enter pin, provide name/ID number) to access interpretation services.
- The auditor assessed the availability of interpretation services (e.g., ability to access immediate interpretation services).
- The auditor assessed the accessibility of interpretation services (i.e., available to all persons confined in the facility who need an interpreter, including persons confined in restricted housing).
- The auditor the location of interpretation services (e.g., are services provided in a location that provides some privacy for the persons confined in the facility?).

Findings by Provision:

115.16 (a)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan takes appropriate steps to ensure that inmates with disabilities (including, for example, inmates who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities) have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Such steps shall include, when necessary to ensure effective communication with inmates who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency shall ensure that written materials are provided in formats or through methods that ensure effective communication with inmates with disabilities, including inmates who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans with Disabilities Act, 28 CFR 35.164.

The auditor reviewed policies on facility intake procedures initial orientation, special needs inmates, referrals to inmates with developmental disabilities and sign language interpretation services offered by the facility.

During the audit, the auditor conducted interviews with inmates who were both considered limited English proficient and disabled. The purpose of this interview was to determine whether these inmates received PREA information regarding zero-tolerance policies and procedures for reporting incidents of sexual abuse and sexual harassment in a manner that they could comprehend. The inmates who participated in the interview did not express any concerns to the auditor regarding the availability and accessibility of the posted and available PREA literature.

During the site review process the auditor visually observed PREA signage in every housing unit that was available in Spanish, the second most commonly spoken language at the facility. The auditor was also able to test the on-demand access to telephone interpretation services which worked perfectly. This service was delivered to the facilities via Language Line.

115.16 (b)

The Texas department of Criminal Justice Safe Prisons/PREA plan dictates that the agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to inmates who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.

The auditor reviewed additional policies and documentation pertaining to print policy formats, interpreter guides, and braille versions of educational materials available to inmates who are considered limited English proficient and/or visually disabled.

115.16 (c)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan prohibits use of inmate interpreters, inmate readers, or other types of inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate's safety, the performance of first-response duties under §115.64, or the investigation of the inmate's allegations.

During the audit, the auditor conducted interviews with a minimum of twelve randomly selected staff members throughout the facility. The staff members indicated

	<p>that they would not utilize inmate interpreters or readers in the absence of exigent circumstances that would result in an extended delay in obtaining an effective interpreter.</p> <p>Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with this standard.</p>

The Texas Department of Criminal Justice Executive Directive PD-75 Applicants with Pending Criminal Charges or Prior Criminal Convictions states the TDCJ will not hire, as an employee or contract employee, any individual who may have contact with offenders, if they have:

1. Engaged in sexual abuse in a prison, jail, adult or juvenile confinement facility, or other similar institution setting;
2. Been convicted of engaging or attempting to engage in sexual activity by use of force, overt or implied threats of force or coercion, or if the victim did not consent or was unable to consent or refuse; or

115.17 (b)

The Texas Department of Criminal Justice Executive Directive PD-75 Applicants with Pending Criminal Charges or Prior Criminal Convictions states the TDCJ will consider any incidents of sexual harassment in determining whether to hire an individual, or to enlist the services of a contractor, who may have contact with offenders.

During the onsite portion of the audit, the auditor interviewed a representative from human resources. She reported that the agency always considers prior incidents of sexual harassment when determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with inmates.

115.17 (c)

The Texas Department of Criminal Justice Safe Prisons / PREA Plan states before hiring new employees who may have contact with offenders, the TDCJ shall:

a. Perform a criminal background check; and

b. Attempt to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse, in accordance with federal, state, and local law.

During the onsite portion of the audit, the auditor interviewed a representative from human resources. She reported that the agency performs criminal background checks as required under this provision.

The Texas Department of Criminal Justice Safe Prisons / PREA Plan states criminal background checks shall either be conducted at least every five years for current employees and contractors who may have contact with offenders, or a system shall be in place to otherwise attain the information for current employees.

The Texas Department of Criminal Justice Executive Directive PD-27 Employment Status Pending Resolution of Criminal Charges or Protective Orders states that

Employee Relations shall conduct a semi-annual background check for each employee to ensure there are no outstanding warrants of arrest for the employee once during the month of the employee's birthday and once 180 days later.

During the onsite portion of the audit, the auditor interviewed a representative from human resources. She reported that the agency is subscribed to T-LETS which is a system that immediately reports to the agency when there is any change to an employee's background.

115.17 (f)

The Texas Department of Criminal Justice Safe Prisons / PREA Plan states The TDCJ shall directly ask all applicants and employees who may have contact with offenders about previous misconduct described in Section VIII.A.1.a in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of employee reviews. The TDCJ shall also impose on employees a continuing affirmative duty to disclose knowledge of any such misconduct.

115.17 (g)

The Texas Department of Criminal Justice Executive Directive PD-73 Selection Criteria for Correctional Officer Applicants states prior to an applicant being employed by the TDCJ, the applicant shall provide all required documentation. The Employment Section, Human Resources Division, shall verify the authenticity of the documentation.

A. An applicant who provides false or inaccurate information or documentation in the application process shall be disqualified from consideration for any TDCJ position for a minimum period of one year from the date of the applicant's PERS 83, State of Texas Application for Employment.

- Interview with agency head and agency head designee

Findings by Provision:

115.18 (a)

The Texas Department of Criminal Justice Safe Prisons / PREA Plan states when designing or acquiring any new unit and in planning any substantial expansion or modification of existing units, the TDCJ shall consider the effect of the design, acquisition, expansion, or modification on the ability to protect offenders from sexual abuse.

During the onsite audit, the auditor conducted interviews with both the agency head and the agency head designee. The auditor engaged in a detailed discussion with the agency head regarding their compliance with the specified provision. The agency head informed the auditor that they had not designed a facility since the 1990s. However, they recently secured funding for 5,600 additional beds, which will be strategically placed in existing facilities where staffing capacity is anticipated. The design will adhere to the anticipated practices of the ACA. Furthermore, the agency head emphasized the importance of adhering to 100% PREA when making these designs.

The agency designee informed me that we conduct thorough assessments of potential areas with a higher incidence of allegations. We are currently in communication with our information technology division to explore the possibility of installing additional cameras.

115.18 (b)

The Texas Department of Criminal Justice Safe Prisons / PREA Plan states when installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, consideration shall be given as to how the technology may enhance the ability to protect offenders from sexual abuse.

During the onsite audit, the auditor conducted interviews with both the agency head

and the agency head designee. The agency head designee stated, “We do have a comprehensive video surveillance system on our maximum-security facilities across the state. We have 23 maximum-security facilities that have video surveillance throughout the housing area and the entire facility. Additionally, we implemented body-worn cameras last year to assist in any allegations or assaults that may occur on a facility. These body-worn cameras are also available on our 23 maximum-security facilities throughout the state. There are facilities that do not have body-worn cameras but still have some form of surveillance.

Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the agency is substantially compliant with this standard.

Interviews:

- Interviews with random staff
- Interview with the facility PREA compliance manager

Findings by Provision:

115.21 (a)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan and Evidence Handling policy outlines how the agency follows a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.

The PAQ reported that criminal investigations are conducted by the Office of the Inspector General.

During the audit, the auditor conducted interviews with at least twelve random staff members throughout the facility. All of these individuals were able to articulate the facility's procedures for obtaining usable physical evidence and were aware of the agency's coordinated response plan for incidents of sexual abuse and sexual harassment.

115.21 (b)

The Texas Department of Criminal Justice Inmate Sexual Assault Investigations Policy has developed a protocol appropriate for youth where applicable, and, as appropriate, adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents."

115.21 (c)

The Texas Department of Criminal Justice policies on Inmate Sexual Assault Investigations and Sexual Assault/Sexual Abuse dictates that all victims of sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The agency documents its efforts to provide SAFEs or SANEs.

According to the information provided in the PAQ, the facility provided eleven SAFE/ SANE exams to inmates in the past 12 months.

During the audit, the auditor interviewed four inmates that reported sexual abuse at the facility. All inmates reported that they were offered a qualified staff member that

115.21 (d)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan dictates that the agency attempts to make available to the victim a victim advocate from a rape crisis center. If a rape crisis center is not available to provide victim advocate services, the agency provides these services through a qualified staff member from a community-based organization, or a qualified agency staff member. The agency documents its efforts to secure services from rape crisis centers.

The auditor reviewed the documentation provided by the agency, which demonstrated that they had attempted to secure the services of a local rape crisis center to provide victim advocacy in response to an alleged incident of sexual abuse. However, a review of the provided documentation revealed that the facility had been unsuccessful in its efforts to obtain a rape crisis center to provide advocacy. The facility has satisfied the requirement to attempt and document their efforts.

The facility offers training to its staff to equip them with the essential skills required to serve as victim advocates. Furthermore, the facility has provided training materials to its staff members, thereby demonstrating its compliance with the provision.

During the audit, the auditor interviewed the facility's PREA compliance manager, who confirmed that the facility has made efforts to establish agreements with local rape crisis centers. However, as of the audit date, these efforts have been unsuccessful. The manager also indicated that the facility provides advocacy services to individuals in need through trained staff members.

115.21 (e)

The Texas Department of Criminal Justice Safe Prisons/PREA Operational Manual for Inmate Victim Representatives requires that, if requested by the victim, the victim advocate, qualified agency staff member, or qualified community-based organization staff member shall accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals.

115.21 (f)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan, Sexual Assault Investigations 7.13 and BP-1.07 Inspector General Policy Statement outline the requirement to follow all the provisions as previously outlined in this standard.

115.21 (h)

A qualified agency staff member staff member has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general. This was evidenced by the training program that is provided to the qualified staff members that can act in this capacity.

Based upon information contained in the PAQ, policies, procedures and interviews conducted, the facility is substantially compliant with this standard.

Findings by Provision:

115.22 (a)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan, Sexual Abuse Response and Investigation and Reporting Incidents/Crimes to the Office of the Inspector General policies ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment (including inmate-on-inmate sexual abuse and staff sexual misconduct).

The facility reported in the PAQ that over the past 12 months, they have received 108 allegations of sexual abuse and sexual harassment and that allegations were investigated either criminally or administratively.

During the agency-level audit, the auditor conducted an interview with the agency head. The agency head reported two parts regarding the criminal investigation. We have an office of the Inspector General, which is our law enforcement agency overseen by the Board of Criminal Justice. This agency is not affiliated with TDCJ; it operates under the Board of Criminal Justice. Therefore, any criminal actions are investigated by this agency. Administratively, we typically have a sergeant, and in some cases, lieutenants, who conduct inmate protection investigations. The major on the facility ensures that all documentation is properly maintained.

115.22 (b) (c)

The Office of the Inspector General Inmate Sexual Assault Investigations Policy 7.13 and the Texas Department of Criminal Justice Safe Prisons/PREA Plan ensures that allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior. The agency reported that they do not publish the investigations responsibility policies to the agency's website but are available to the public through a public open records request. This information is not published on the website because they have deemed this as sensitive information.

During an audit, the auditor conducted an interview with a criminal investigator who was employed by the Office of Inspector General (OIG). The investigator confirmed that all criminal investigations are referred to the OIG, which possesses the legal authority to investigate such offenses.

Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with this standard.

Findings by Provision:

The Texas Department of Criminal Justice trains all employees who may have contact with inmates on:

1. Its zero-tolerance policy for sexual abuse and sexual harassment.
2. How to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures.
3. Inmates' rights to be free from sexual abuse and sexual harassment.
4. The right of inmates and employees to be free from retaliation for reporting sexual abuse and sexual harassment.
5. The dynamics of sexual abuse and sexual harassment in confinement.
6. The common reactions of sexual abuse and sexual harassment victims.
7. How to detect and respond to signs of threatened and actual sexual abuse.
8. How to avoid inappropriate relationships with inmates.
9. How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities

During the audit, the auditor conducted interviews with at least twelve randomly selected staff members throughout the facility. All but two of these individuals confirmed that they had received training as outlined in items 1 through 9 of this provision. The auditor further questioned leadership and specialized staff about some of the responses I received from two staff members who worked on the overnight/ graveyard shift. It should be noted that both of these staff members may have had a language barrier to overcome related to my questions, as English was not their first language. Leadership staff from the facility provided documented training records for these two staff members, illustrating that they had received the required training and had understood the training they had received.

The auditor also reviewed the training records of staff and the training modules provided by the facility, demonstrating compliance with all the requirements of this provision in its entirety.

115.31 (b)

The Texas Department of Criminal Justice training is tailored to the gender of the inmates at the employee's facility. All employees receive additional training if they are reassigned from a facility that houses only female inmates, or vice versa. The auditor reviewed the Safe Prisons PREA training modules and the On-the-Job Training Program which illustrated policy compliance with this provision.

115.31 (c)

The Texas Department of Criminal Justice provides each employee with refresher training every year to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. In years in which an employee does not receive refresher training, the agency provides refresher information on current sexual abuse and sexual harassment policies. This was evidenced by information contained in the Safe Prisons/PREA Program Awareness training.

The facility also reported in the PAQ that employees are required to take refresher training minimally on an annual basis but is also provided during shift briefings.

115.31 (d)

The Texas Department of Criminal Justice through employee signature or electronic verification, that employees understand the training they have received. This was illustrated through examples of employee training records provided by the facility.

Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with this standard.

The Texas Department of Criminal Justice ensures that all volunteers and contractors who have contact with inmates have been trained on their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response

policies and procedures. This was evidenced by the training policies and, volunteer handbook and provided training modules required of all volunteers and contractors.

During the audit, two contractors were interviewed at the facility. All individuals interviewed confirmed that they are required to undergo training on their responsibilities under the agency's sexual abuse and sexual harassment policies and have successfully completed such training.

The auditor also reviewed training records of volunteers, contractors, and training modules provided by the facility, demonstrating compliance with all the requirements of this provision in its entirety.

The facility provided in the PAQ that there were a total of 407 volunteers and contractors, who may have contact with inmates, who have been trained in agency's policies and procedures regarding sexual abuse and sexual harassment prevention, detection, and response.

115.32 (b)

The Texas Department of Criminal Justice ensures the level and type of training provided to volunteers and contractors is based on the services they provide and level of contact they have with inmates, but all volunteers and contractors who have contact with inmates are notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents.

During the audit, two contractors were interviewed at the facility. All individuals interviewed confirmed that they are required to undergo training on their responsibilities under the agency's sexual abuse and sexual harassment policies and have successfully completed such training.

- The auditor tested how the facility provides the necessary PREA information to all confined persons, regardless of ability and language, including whether written information, if applicable, is clear and provided at an appropriate reading-level and is accessible for all persons confined in the facility, including those who are limited English proficient. The facility provides interpreters, when needed, to assist Deaf and non-English speaking persons confined in the facility. Staff are prepared to read written information out loud, if applicable, to make accommodations for persons confined in the facility when necessary. Mental health staff or other skilled educators/ staff are involved in providing the required information to confined persons with cognitive or functional disabilities.
- The auditor tested the facility's process for securing interpretation services on-demand via Language Line.
- The auditor determined that comprehensive PREA education is provided by both video and in-person. The auditor observed a live comprehensive PREA education session.
- The auditor assessed that the education provided included the required information as outlined in the Standards.
- The auditor assessed how the facility made the comprehensive education accessible to all persons confined in the facility (i.e., confined persons who are Deaf or hard-of-hearing, Blind or have low vision, cognitively or functionally disabled, limited English proficient, non-English speaking, and/or have limited reading skills).
- The auditor observed whether signage throughout the facility can be easily read/ accessed by persons in the facility, specifically; signage language is clear and easy to understand. Signage specific to services, such as emotional support services, civil immigration, and external reporting, should include language that clearly details what services are available and for what purposes.
- The auditor observed signage was provided in English and translated into Spanish. The signage text size, formatting, and physical placement accommodates most readers, including those of average height, low vision/visually impaired, or those physically disabled/in a wheelchair.
- The auditor observed that other PREA signage was posted in areas where staff and persons confined in the facility are able to read and retain the information being

provided.

Findings by Provision:

115.33 (a)

The Texas Department of Criminal Justice ensures inmates receive information at time of intake about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment. The Safe Prisons/PREA Plan and Unit Orientation Procedures policies illustrate compliance with this requirement.

The PAQ reported that in the past 12 months, the facility has admitted 3044 inmates.

During the audit, the auditor conducted interviews with the intake staff at the facility. These interviews revealed the PREA education process for inmates arriving at the facility. Additionally, the staff explained the process of educating inmates who transfer in from other facilities. The interviews further demonstrated compliance with this provision.

115.33 (b)

The Texas Department of Criminal Justice Safe Prisons/PREA Plan requires that within 30 days of intake, the agency shall provide comprehensive education to inmates either in person or through video regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents.

The PAQ reported over the past 12 months there were 2758 inmates, whose length of stay in the facility was for 30 days or more, received comprehensive education on their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents within 30 days of intake.

During the audit, the auditor conducted interviews with intake staff to ascertain the facility's process for ensuring that inmates receive the necessary comprehensive PREA education. The interview revealed that the education is provided within a 30-day timeframe.

115.33 (c)

The Texas Department of Criminal Justice Safe Prisons PREA Plan requires that inmates who are transferred from one facility to another be educated regarding their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents, to the extent that the policies and procedures of the new facility differ from those of the previous facility.

During the audit, the auditor conducted interviews with intake staff to gain insights into the facility's process for ensuring that certain inmates transferred from other facilities receive the necessary PREA educational materials.

115.33 (d)

The Texas Department of Criminal Justice provides inmate education in formats accessible to all inmates, including those who are limited English proficient, deaf, visually impaired, otherwise disabled, as well as to inmates who have limited reading skills. The facility provided written guidance for staff to obtain on-demand interpretation services as well as training materials given to those inmates considered limited English proficient or otherwise disabled. The Safe Prisons/PREA Plan policy provides written guidance to staff on providing services to this inmate population.

The Texas Department of Criminal Justice Safe Prisons PREA Plan requires that investigations involving allegations of sexual abuse shall be conducted by investigators who have received special training in sexual abuse investigations pursuant to this plan. This requirement is also illustrated in the training and staff development policies.

During the onsite portion of the audit, the auditor conducted interviews with two investigators. These interviews involved one administrative investigator and one criminal investigator. All interviewed investigators confirmed that they had received specialized training in investigating sexual abuse within confined settings. Furthermore, all investigators were able to provide specific details regarding the content of their specialized training.

115.34 (b)

The Texas Department of Criminal Justice provided specialized training modules which includes techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.

115.34 (c)

The Texas Department of Criminal Justice maintains documentation that agency investigators have completed the required specialized training in conducting sexual abuse investigations.

The PAQ reported there were a total of twelve investigators currently employed by the facility who have completed the required training.

The Texas Department of Criminal Justice requires all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in: (1) How to detect and assess signs of sexual abuse and sexual harassment; (2) How to preserve physical evidence of sexual abuse; (3) How to respond effectively and professionally to victims of sexual abuse and sexual harassment; and (4) How and to whom to report allegations or suspicions of sexual abuse and sexual harassment. This is illustrated in the Safe Prisons/PREA Plan, Orientation Training for Health Services Staff policies and Training and Staff Development policies.

The PAQ reported there were a total of 17 medical and mental health care practitioners who work regularly at this facility who received the training required by agency policy.

The PAQ also reported that 100 percent of all medical and mental health care practitioners who work regularly at this facility have received the training required by agency policy.

During the onsite portion of the audit, the auditor conducted an interview with a medical and mental health practitioner. Both individuals interviewed confirmed that they had received specialized training as mandated by this provision.

115.35 (b)

The Clements Unit does not employ any medical staff at the facility that conduct forensic medical examinations. The facility reported that if there was a need to conduct such examinations, they would be completed at a local hospital.

115.35 (c)

The Texas Department of Criminal Justice maintains documentation that medical and mental health practitioners have received the training referenced in this standard either from the agency or elsewhere.

115.35 (d)

The Texas Department of Criminal Justice requires medical and mental health care practitioners receive the training mandated for employees under § 115.31 or for contractors and volunteers under § 115.32, depending upon the practitioner's status at the agency.

This was evidenced by medical and mental health care practitioners training records

- The auditor assessed that the screening process occurred in a setting that ensured as much privacy as possible given the potentially sensitive information that could be discussed.
- The auditor assessed that screening staff ask screening questions in a manner that fostered comfort and elicited responses.
- The auditor tested the method of assessing inmates to make certain the screening staff use an instrument to collect information during the risk screening process. Screening staff affirmatively ask inmates in the facility about their sexual orientation and gender identity by directly inquiring if they identify as LGBTI. Screening staff use additional sources of information, outlined in the Standards, to complete the initial risk screening assessment. Completion of the risk screening instrument returns a subsequent “score” or determination of risk of being sexually abused or being sexually abusive.

115.41 (a)

The Texas Department of Criminal Justice requires that all inmates be assessed during an intake screening and upon transfer to another facility for their risk of being sexually abused by other inmates or sexually abusive toward other inmates. This is illustrated in the Safe Prisons/PREA Plan policy.

During the audit, the auditor conducted an interview with the staff member responsible for the inmate risk screening process. The individual confirmed that all inmates arriving at the facility, regardless of their previous location, undergo a thorough screening to evaluate their risk of being abused or engaging in abusive behavior towards others.

During the onsite portion of the audit, the auditor conducted interviews with a minimum of 50 inmates. Approximately 50% of the inmates reported undergoing a risk screening process upon their arrival at the facility. The majority of inmates who reported undergoing a risk screening process indicated that the screening was conducted on the day of their arrival. Based on the responses provided by inmates, the auditor reviewed agency records related to inmates who had undergone the risk screening process at the facility and the date of the screening. The auditor also engaged in specific conversations with facility leadership and specialty staff to further illustrate compliance with this provision.

115.41 (b)

The Texas Department of Criminal Justice requires that the initial intake screening takes place ordinarily within 72 hours of their arrival at the facility. This is illustrated in the PREA Safe Prison/PREA Plan and the Texas Department of Criminal Justice Safe Prisons/PREA Plan Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness 03.01.

The PAQ reported there were a total of 3022 inmates that entered the facility within the last 12 months and whose length of stay was more than 72 hours. The facility reported that 100 percent of 3022 inmates were screened within 72 hours of their arrival.

During the audit, the auditor conducted interviews with the risk screening staff at the facility. These interviews confirmed that risk screening is conducted within 72 hours of an individual's entry into the facility.

During the onsite portion of the audit, the auditor conducted interviews with a minimum of 50 inmates. Approximately 50% of the inmates reported undergoing a risk screening process upon their arrival at the facility. The majority of inmates who reported undergoing a risk screening process indicated that the screening was conducted on the day of their arrival. Based on the responses provided by inmates, the auditor reviewed agency records related to inmates who had undergone the risk screening process at the facility and the date of the screening. The auditor also engaged in specific conversations with facility leadership and specialty staff to further illustrate compliance with this provision.

115.41 (c)

The Texas Department of Criminal Justice conducts a risk assessment using an objective screening instrument. The facility provided a copy of the objective screening instrument which complies with this provision.

115.41 (d)

The Texas Department of Criminal Justice risk screening process considers at a minimum, whether the inmate has a mental, physical, or developmental disability; (2) The age of the inmate; (3) the physical build of the inmate; (4) whether the inmate has previously been incarcerated; (5) whether the inmate's criminal history is exclusively nonviolent; (6) whether the inmate has prior convictions for sex offenses against an adult or child; (7) whether the inmate has previously experienced sexual victimization; (8) The inmate's own perception of vulnerability; and (10) whether the inmate is detained solely for civil immigration purposes.

During the audit, the auditor conducted an interview with the risk screening staff at the facility. The staff confirmed that the risk screening tool comprehensively addresses all the necessary questions outlined in this provision. Subsequently, the risk screening staff provided the physical copy of the tool to the auditor for review during a live risk screening session with an inmate.

115.41 (e)

The Texas Department of Criminal Justice risk screening tool considers prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the agency, in assessing inmates for risk of being sexually abusive.

115.41 (f)

The Texas Department of Criminal Justice requires that the facility reassess each inmate's risk of victimization or abusiveness within a set time period, not to exceed 30 days after the inmate's arrival at the facility, based upon any additional, relevant

information received by the facility since the intake screening. This requirement is illustrated in the Safe Prisons/PREA Plan and the Safe Prisons/PREA Plan Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness policies.

The auditor conducted an interview with the staff responsible for risk screening, who confirmed the requirement to reassess the inmate within 30 days.

During the onsite portion of the audit, the auditor conducted interviews with a minimum of 50 inmates. Approximately 50 percent the inmates reported that they had received a follow-up interview with staff within 30 days of their arrival. Based on the responses provided by inmates, the auditor reviewed agency records related to inmates who had undergone the risk screening process at the facility and the date of the screening. The auditor also engaged in specific conversations with facility leadership and specialty staff to further illustrate compliance with this provision.

115.41 (g)

The Texas Department of Criminal Justice requires an inmate's risk level shall be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness. This requirement is illustrated in the Safe Prisons/PREA Plan and the Safe Prisons/PREA Plan Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness policies.

The auditor conducted an interview with the staff responsible for the risk screening process, confirming their compliance with the requirements of this provision.

115.41 (h)

The Texas Department of Criminal Justice strictly prohibits disciplining inmates for refusing to answer (or for not disclosing complete information related to) questions regarding: (a) whether or not the inmate has a mental, physical, or developmental disability; (b) whether or not the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender non-conforming; (c) whether or not the inmate has previously experienced sexual victimization; and (d) the inmate's own perception of vulnerability. This prohibition is illustrated in the Safe Prisons/PREA Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness policy and in the Safe Prisons PREA Plan.

During the audit, the auditor interviewed staff responsible for the risk screening process. The staff confirmed that inmates are never disciplined for failing to disclose or provide incomplete information during the risk screening process.

115.41 (i)

The PREA coordinator was interviewed regarding the individuals who have access to sensitive information related to the risk screening process. The PREA coordinator disclosed that they have implemented multiple safeguards to restrict unauthorized access to information obtained during the risk screening process.

During the audit, the facility's PREA compliance manager was interviewed. The manager confirmed that only risk screening staff and facility leadership are authorized to utilize risk screening information to make informed safety decisions for inmates. All electronic records require password authorization for access.

Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with the requirements of this standard.

The Texas Department of Criminal Justice uses information from the risk screening required by § 115.41 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive. This is illustrated in the Safe Prisons/PREA Plan and the Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness.

During the audit, the facility's PREA compliance manager was interviewed. The manager provided an explanation of the facility's process for segregating offenders at high risk of victimization from those at high risk of sexual abuse. The risk screening process encompasses various assignments, including housing, bed, work, education, and program assignments.

During the audit, the auditor conducted an interview with a staff member responsible for the risk screening process. The interviewee provided an explanation of the facility's approach to making individualized determinations to ensure the safety of inmates.

115.42 (b)

The Texas Department of Criminal Justice requires the agency to make individualized determinations about how to ensure the safety of each offender. This is illustrated the Safe Prisons/PREA Plan and in the Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness.

- Interviews with staff who supervise inmates in segregated housing

Findings by Provision:

115.43 (a)

The Texas Department of Criminal Justice prohibits the placement of inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no available alternative means of separation from likely abusers. This is illustrated in the Safe Prisons/PREA Plan.

The PAQ reported there were a total of eight inmates at risk of sexual victimization who were held in involuntary segregated housing in the past 12 months awaiting completion of assessment.

During the audit, the auditor conducted an interview with the facility warden, who corroborated that inmates are prohibited by policy from being housed in segregated facilities due to their identification as potential victims of sexual assault.

115.43 (b)

The Texas Department of Criminal Justice requires that inmates placed in segregated housing for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. If the facility restricts access to programs, privileges, education, or work opportunities, the facility shall document: (1) the opportunities that have been limited; (2) the duration of the limitation; and (3) the reasons for such limitations. These requirements are illustrated in the Safe Prisons/PREA Plan.

During the audit, the auditor conducted interviews with a staff member responsible for supervising inmates in segregated housing. The staff member confirmed that if an inmate was placed in segregated housing due to a risk of victimization, they would still be provided with the same out-of-cell, work, education, and programming opportunities as other inmates, as much as feasible depending on their custody level.

115.43 (c)

The PAQ reported that in the past 12 months the facility had zero inmates at risk of sexual victimization that were assigned to segregated housing for longer than 30 days while awaiting alternative placement.

During the audit, the facility warden was interviewed, confirming that inmates are only placed in segregated housing until alternative means of separation from potential abusers can be arranged. Inmates are placed in a transient status for very brief periods of time.

The auditor was unable to interview any inmates at the facility that might have been placed in segregated housing for risk of sexual victimization. This information was confirmed by the auditor from a review of inmate housing rosters and as part of broader conversations with leadership and specialized staff.

115.43 (e)

The Texas Department of Criminal Justice requires that every 30 days, the facility shall afford each such inmate a review to determine whether there is a continuing need for separation from the general population. This is illustrated in the Texas Department of Criminal Justice Restrictive Housing Plan.

The auditor was unable to interview any inmates at the facility that might have been placed in segregated housing for risk of sexual victimization. This information was confirmed by the auditor from a review of inmate housing rosters and as part of broader conversations with leadership and specialized staff.

Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with the requirements of this standard.

Interviews:

- Interviews with random inmates
- Interview with the facility PREA compliance manager

Site Review Observations:

- The auditor observed signage throughout the facility can be easily read/accessed

by persons in the facility. Specifically, signage related to services, such as emotional support services, civil immigration, and external reporting, should include language that clearly details what services are available and for what purposes. Signage is provided in English and Spanish. The signage text size, formatting, and physical placement accommodates most readers, including those of average height, low vision/visually impaired, or those physically disabled/in a wheelchair. The information provided by the signage is not obscured, unreadable by graffiti, or missing due to damage.

- The auditor observed whether the information on the signage is accurate and consistent throughout the facility.
- The auditor observed where signage is placed in the facility to assess whether the signage is accessible to staff and/or those confined in the facility and other persons who may need the information or services provided. Specifically, how to report sexual abuse and/or sexual harassment.
- The auditor tested all available procedures inmates have available to report instances of sexual abuse and sexual harassment, both verbally and in writing.
- The auditor assessed the accessibility of writing instruments for persons confined in the facility.
- The auditor observed how mail moves from confined persons to the mailroom and assessed whether placement of mail drop boxes/receptacles are located in areas accessible to all persons confined in the facility.
- The auditor assessed the security of written communication.
- The auditor tested a staff person to walk through the staff reporting method(s) provided by the facility.
- The auditor observed whether the staff reporting method is available, on demand, to all staff in the facility.
- The auditor assessed whether staff are required to report to their direct colleagues or their immediate supervisor.

Findings by Provision:

115.51 (a)

The Texas Department of Criminal Justice has established procedures allowing for multiple internal ways for inmates to report privately to agency officials about: (a) sexual abuse or sexual harassment; (b) retaliation by other inmate or staff for

reporting sexual abuse and sexual harassment; and (c) staff neglect or violation of responsibilities that may have contributed to such incidents. These requirements are illustrated in the Safe Prisons/PREA plan and The Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual.

During the audit, the auditor conducted interviews with 12 randomly selected staff members throughout the facility. The results revealed that the majority of staff members were able to articulate the various methods that inmates at the facility have the ability to privately report incidents of sexual abuse and sexual harassment.

During the onsite audit, the auditor conducted interviews with at least 50 inmates. Nearly all of the interviewed inmates were able to articulate multiple methods for reporting sexual abuse and sexual harassment to the facility or the PREA ombudsman's office. Notably, the auditor recognized that most PREA signage on reporting was positioned in areas within the housing units that inmates observed entering and exiting their individual housing areas. These bulletin board spaces were maintained by staff and appeared to have all the necessary documentation required for posting.

115.51 (b)

The Texas Department of Criminal Justice provides at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency, and that is able to receive and immediately forward inmate reports of sexual abuse and sexual harassment to agency officials, allowing the inmate to remain anonymous upon request. This requirement is illustrated in The Texas Department of Criminal Justice Executive Directive Prison Rape Elimination Act Complaints and Inquiries and The Texas Department of Criminal Justice Board Policy Prison Rape Elimination Act Ombudsman Policy Statement.

During the audit, the facility's PREA compliance manager was interviewed. The manager outlined the process for inmates to report incidents of sexual abuse and sexual harassment, emphasizing the requirement for anonymity upon request. The reporting mechanism is the PREA ombudsman's office, a separate entity within the State of Texas. The manager clarified that this office has the authority to receive and promptly report allegations to the facility for further investigation.

115.51 (c)

The Texas Department of Criminal Justice requires that staff shall accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document any verbal reports. This is illustrated in The Texas Department of Criminal Justice Executive Directive Sexual Misconduct with Inmates policy and the Safe Prisons PREA Plan.

During the audit, the auditor conducted interviews with twelve randomly selected staff members. All of the interviewees reported that inmates have the ability to submit reports in three different formats: verbally, in writing, or through third parties. Additionally, the staff members emphasized the importance of documenting all verbal reports made by inmates promptly.

115.51 (d)

The Texas Department of Criminal Justice dictates that the agency has established procedures for staff to privately report sexual abuse and sexual harassment of inmates. This is illustrated in The Texas Department of Criminal Justice Executive Directive Sexual Misconduct with Inmates policy and in the Safe Prisons/PREA Operations Manual Unit Safe Prisons/PREA Program Awareness Training.

The PAQ reported that staff can privately report outside of their chain-of-command to the PREA Ombudsman's Office or the Office of Inspector General.

During the audit, the auditor conducted interviews with 12 randomly selected staff members throughout the facility. While most staff members were aware of the existence of a confidential reporting mechanism for allegations of sexual abuse and sexual harassment outside their immediate chain of command, the majority indicated that they would still prefer to report such incidents locally.

Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with the requirements of this standard.

- The auditor tested the third-party reporting mechanism by submitting a test report through the agency's external website.
- The auditor confirmed the method(s) to submit third-party reports is easily accessible and understandable and can be found in reasonably conspicuous and appropriate locations.
- The auditor confirmed that the third-party reporting method is not the general contact information for the facility, but is specific to reporting sexual abuse and sexual harassment in the facility.
- The auditor verified the facility has a process for receiving third-party reports.

Findings by Provision:

115.52 (a)

The Texas Department of Criminal Justice has an administrative procedure for dealing with inmate grievances regarding sexual abuse. This is illustrated in the Safe Prisons/PREA Plan, The Texas Department of Criminal Justice Board Policy Inmate Grievances and The Texas Department of Criminal Justice Administrative Directive Management of Inmate Grievances policies.

115.52 (b)

The Texas Department of Criminal Justice does not impose a time limit on when an inmate may submit a grievance regarding an allegation of sexual abuse. This is illustrated in the Safe Prisons/PREA Plan. Additionally, the agency does not require an inmate to use an informal grievance process, or otherwise to attempt to resolve with staff, an alleged incident of sexual abuse. This is also illustrated in the Safe Prisons/PREA Plan.

115.52 (c)

The Texas Department of Criminal Justice allows an inmate to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. This requirement is illustrated in the Safe Prisons/PREA Plan.

115.52 (d)

The Texas Department of Criminal Justice requires that a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. The agency also requires that the inmate be notified in writing if there are any extensions and provide a date by which a decision will be made. These requirements are illustrated in Safe Prison/PREA Plan, The Texas Department of Criminal Justice Board Policy Inmate Grievances and The Texas Department of Criminal Justice Administrative Directive Management of Inmate Grievance policies.

The PAQ reported that in the last 12 months there was a total of 22 grievances filed by inmates alleging sexual abuse. This information was confirmed through a review of grievance records.

During the onsite portion of the audit, the auditor interviewed a total of 4 inmates that reported sexual abuse at the facility. None of the inmates interviewed reported the sexual abuse allegation through the grievance process.

115.52 (e)

The Texas Department of Criminal Justice permits third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse and to file such requests on behalf of inmates. Additionally, it requires that if an inmate declines to have third-party assistance in filing a grievance alleging sexual abuse, the agency documents the inmate's decision to decline. These requirements are illustrated in the Safe Prisons/PREA Plan and The Texas Department of Criminal Justice Third Party Grievances policy.

The PAQ reported that in the last 12 months there was a total of 2 grievances filed by inmates in which the inmate declined third-party assistance, containing documentation of the inmate's decision to decline.

115.52 (f)

The Texas Department of Criminal Justice has established procedures for the filing of an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse. This is illustrated in the Safe Prisons/PREA Plan and in The Texas Department of Criminal Justice PREA Allegations policy.

These policies require that after receiving an emergency grievance alleging an inmate is subject to a substantial risk of imminent sexual abuse, the agency shall immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken, shall provide an initial response within 48 hours, and shall issue a final agency decision within 5 calendar days. The initial response and final agency decision documents the agency's determination whether the inmate is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance.

The PAQ reported that over the past 12 months they have received a total of zero emergency grievances alleging substantial risk of imminent sexual abuse.

115.52 (g)

The Texas Department of Criminal Justice dictates that the agency may discipline an inmate for filing a grievance related to alleged sexual abuse only where the agency demonstrates that the inmate filed the grievance in bad faith. This is illustrated in The Texas Department of Criminal Justice Disciplinary Rules and Procedures for Inmates policy and in the Safe Prisons PREA Plan.

The PAQ reported that in the last 12 months there was a total of zero inmates who filed grievances alleging sexual abuse that resulted in disciplinary action by the agency against the inmate for having filed the grievance in bad faith.

	Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with the requirements of this standard.

- The auditor assessed how the facility provides access to phones that are unmonitored or allow for privacy (e.g., medical or mental health unit) or otherwise provides a way for persons confined in the facility to correspond with outside emotional support services confidentially.
- The auditor assessed how inmates had access to outside emotional support via mail.

Findings by Provision:

115.53 (a)

The Texas Department of Criminal Justice requires the facility provide inmates with access to outside victim advocates for emotional support services related to sexual abuse by giving inmates mailing addresses and telephone numbers, including toll-free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations. The facility enables reasonable communication between inmates and these organizations and agencies, in as confidential a manner as possible. These requirements are illustrated in the Safe Prisons/PREA Plan and information contained in The Texas Department of Criminal Justice Inmate Orientation Handbook and Texas Association Against Sexual Assault Rape Advocacy Centers Directory.

During the audit, the auditor conducted interviews with a minimum of 50 inmates across the facility. Some of the inmates interviewed reported having knowledge of the ongoing support services provided to victims of sexual abuse by the facility.

Compliance was determined by the auditor through a systematic review of information contained in inmate handbooks, visual observations of signage throughout the facility and broader conversations had with specialized staff at the facility.

115.53 (b)

The Texas Department of Criminal Justice informs inmates, prior to giving them access to outside support services, the extent to which such communications will be monitored. Additionally, the facility informs inmates, prior to giving them access to outside support services, of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant federal, state, or local law. These requirements are illustrated in the Safe Prisons/ PREA Plan, Texas Department of Criminal Justice Inmate Orientation Handbook and The Texas Department of Criminal Justice Statement of Fact Related to 115.53.

During the audit, the auditor conducted interviews with at least 50 inmates throughout the facility. Some inmates reported observing signage throughout the facility that indicated access to ongoing confidential support services. While the extent to which these services were provided in a confidential manner remains uncertain, most inmates reported receiving and having access to the inmate orientation handbook. Compliance was determined by the auditor through a systematic review of information contained in inmate handbooks, visual observations of signage throughout the facility and broader conversations had with specialized staff at the facility.

115.53 (c)

The Texas Department of Criminal Justice Clements Unit does not currently have a memorandum of understanding with a local rape crisis center that provides inmates at the facility with confidential emotional support services related to sexual abuse. However, the facility has solicited local centers with negative results. Services are available through the Texas Association Against Sexual Assault Rape Advocacy Centers Directory, a Texas organization that provides ongoing emotional support. A full directory is available in the facility law library, which this auditor verified during the onsite portion of the audit.

Site Review Observations:

- The auditor tested staff by having them walk through the staff reporting method(s) provided by the facility.
- The auditor observed the staff reporting method was available, on demand, to all staff in the facility.

- The auditor assessed whether staff are required to report to their direct colleagues or their immediate supervisor.

Findings by Provision:

115.61 (a)

The Texas Department of Criminal Justice requires all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency; retaliation against inmates or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. These requirements were illustrated in the Safe Prisons/PREA Plan and Texas Department of Criminal Justice Sexual Misconduct with Inmates policy.

During the onsite portion of the audit, the auditor conducted interviews with at least twelve random staff members throughout the facility. All interviewed staff members confirmed their awareness of the policy requiring them to report any instances of sexual abuse, sexual harassment, or retaliation to their immediate supervisor.

115.61 (b)

The Texas Department of Criminal Justice, apart from reporting to designated supervisors or officials, prohibits staff from revealing any information related to a sexual abuse report to anyone other than to the extent necessary, as specified in agency policy, to make treatment, investigation, and other security and management decisions. This is illustrated in The Texas Department of Criminal Justice Safe Prisons/PREA Plan and Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual and Sexual Abuse Response and Investigation policies.

During the audit, the auditor conducted interviews with at least twelve random staff members throughout the facility. All staff members expressed their immediate obligation to report incidents of sexual abuse, sexual harassment, and retaliation. Additionally, they clarified the requirement to report such incidents to their immediate supervisor and the necessity of maintaining confidentiality regarding PREA-related matters.

115.61 (c)

The Texas Department of Criminal Justice requires all medical and mental health practitioners be required to report sexual abuse and to inform inmates of the practitioner's duty to report, and the limitations of confidentiality, at the initiation of services.

During the onsite portion of the audit, the auditor conducted interviews with a medical staff member and a mental health staff member. Both staff members confirmed that they provide inmates with explanations regarding the services they offer and their responsibility to report instances of sexual abuse and sexual harassment.

115.61 (d)

The Texas Department of Criminal Justice Clements Unit does not house individuals under the age of 18 or those who are considered vulnerable adults. This was verified by direct auditor observations, inmate rosters provided to the audit team, informal conversations with random staff, the facility warden and PREA compliance manager.

115.61 (e)

The Texas Department of Criminal Justice requires all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to the facility's designated investigators. This requirement is illustrated in the Safe Prisons/PREA Plan policy.

During the audit, the auditor conducted an interview with the facility warden. The warden confirmed that all instances of sexual abuse and sexual harassment are promptly reported to both the facility investigators and the Office of Inspector General, regardless of their origin, without any exceptions.

Based upon information contained in the PAQ, policies, procedures, site review and

	interviews conducted, the facility is substantially compliant with the requirements of this standard.

inmate is subject to a substantial risk of imminent sexual abuse, it shall take immediate action to protect the inmate. This requirement is illustrated in the Safe Prisons/PREA Plan and the Safe Prisons/PREA Operations Manual Intervention Practices policies.

The PAQ reported there were a total of 25 times in the past 12 months that the facility determined that an inmate was subject to a substantial risk of imminent sexual abuse. It also reported the average amount of time that passed before taking action was between 1 to 72 hours.

The PAQ also reported that if the facility became aware of the imminent sexual abuse, the longest time that passed before taking action was up to 12 days.

Prior to the audit, the auditor conducted an interview with the agency head and his designee. Both reported that the agency has the capability to implement various measures to ensure the safety of the individuals in question. These measures include transferring the individuals to a different facility, securing them in protective safekeeping, and holding them accountable for their actions. The agency is committed to exploring all available options to prioritize the safety of the individuals in their care.

During the audit, the auditor conducted an interview with the facility warden, who provided an explanation of the facility's response protocol in the event of an imminent threat of sexual abuse against an inmate.

During the audit, the auditor conducted interviews with at least twelve random staff members throughout the facility. All staff members confirmed the facility's coordinated response plan, which was designed to safeguard the inmate and preserve potential evidence.

115.63 (a)

The Texas Department of Criminal Justice requires that upon receiving an allegation that an inmate was sexually abused while confined at another facility, the head of the facility that received the allegation shall notify the head of the facility or appropriate office of the agency where the alleged abuse occurred. This requirement is illustrated in the Safe Prisons/PREA Plan and Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Reporting Allegations of Sexual Abuse to Other Confinement Facilities 04.01 policies.

The PAQ reported that within the last 12 months the facility handled zero allegations where an inmate alleged, they were sexual abused while housed in another facility. The facility also reported if an allegation had been received, they would follow

established policy 04.01.

115.63 (b) (c)

The Texas Department of Criminal Justice requires that notifications to other facilities be provided as soon as possible, but no later than 72 hours after receiving the allegation and that the notification will be made in writing. This mandate is illustrated in the Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Reporting Allegations of Sexual Abuse to Other Confinement Facilities 04.01 policy.

115.63 (d)

The Texas Department of Criminal Justice requires facility head or agency office that received such notification ensure that the allegation is investigated in accordance with these standards. This is illustrated in the Safe Prisons/PREA plan policy.

The PAQ reported there were a total of 2 allegations of sexual abuse the facility received from other facilities within the last 12 months.

During the audit, the auditor conducted an interview with the facility warden. The warden provided an overview of the facility's procedures for handling allegations of sexual abuse or sexual harassment from other facilities. He clarified that the facility adheres to the same protocols and investigative process as it does for all PREA allegations.

During the agency-level audit, the agency head and designee were interviewed regarding the handling of allegations of sexual abuse or sexual harassment within the facility. Both confirmed that any such allegations reported by another agency would be investigated in the same manner as those reported within the agency.

Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with the requirements of this standard.

illustrated in Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Sexual Abuse Response and Investigation policy.

The PAQ reported that within the last 12 months the facility handled 81 allegations that an inmate was sexually abused. Of those instances there were 54 times when the security staff member separated the alleged victim and the abuser.

The PAQ also reported within the last 12 months there were a total of 50 instances when a staff member was notified within a time period that still allowed for the collection of physical evidence.

During the audit, the auditor conducted interviews with at least twelve random staff members throughout the facility. These staff members were selected to act as first responders to an allegation of sexual abuse. While not all twelve staff members were immediate first responders, the auditor's objective was to assess the ability of all staff members to articulate the facility's coordinated response to allegations of sexual abuse and sexual harassment. All staff members interviewed demonstrated their understanding of their duties and responsibilities when confronted with allegations of sexual abuse in accordance with this provision.

During the audit, the auditor conducted interviews with inmates who had reported sexual abuse at the facility. Three of the four inmates interviewed reported that security staff promptly responded to the allegation, separated the alleged victim from the alleged abuser, secured the potential crime scene, and protected evidence, as they had described it.

115.64 (b)

The Texas Department of Criminal Justice requires that if the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff. This requirement is illustrated in Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Sexual Abuse Response and Investigation policy.

The PAQ reported that over the last 12 months there were a total of zero instances when a non-security staff member was the first responder to an allegation of sexual abuse.

	<p>During the audit, the auditor conducted interviews with at least twelve randomly selected staff members throughout the facility. Interviews:

- Interview with the facility warden
- Interview with the agency head
- Interviews with staff that monitor retaliation

Findings by Provision:

115.67 (a)

The Texas Department of Criminal Justice protects all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff, and shall designate which staff members or departments are charged with monitoring retaliation. This is illustrated in the Safe Prisons/PREA Plan and Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 90-Day Monitoring for Retaliation policies.

The PAQ reported that the Clements Unit designates the facility warden, majors, assistant wardens and PREA compliance manager as the individuals responsible for monitoring retaliation.

115.67 (b) (d)

The Texas Department of Criminal Justice employs multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

During the audit, the auditor interviewed the facility warden, who confirmed that any form of retaliation against inmates or staff was strictly prohibited. The warden outlined the comprehensive retaliation process available to inmates within the facility, which encompassed regular check-ins with the inmates, extending up to 90

days or more if deemed necessary, unless the investigation was determined to be unfounded.

During the audit, the auditor conducted an interview with one of the staff members responsible for monitoring retaliation. The interviewee provided a comprehensive explanation of the process she employs to ensure that retaliation against inmates is effectively monitored and addressed in accordance with the established policy. She emphasized the importance of regular meetings with inmates, scheduling them monthly for a duration of 90 days or longer if deemed necessary.

During the audit, the auditor conducted interviews with inmates who had reported sexual abuse at the facility. Two of the four inmates interviewed indicated that they did not fear retaliation from either staff or other inmates for having reported the sexual abuse.

115.67 (c) (e)

The Texas Department of Criminal Justice for at least 90 days following a report of sexual abuse monitors the conduct and treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff, and shall act promptly to remedy any such retaliation. The Texas Department of Criminal Justice continues such monitoring beyond 90 days if the initial monitoring indicates a continuing need. This is illustrated in the Safe Prisons/PREA Plan and Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 90-Day Monitoring for Retaliation policies.

The PAQ reported that over the last 12 months there have been zero instances of retaliation reported by either inmates or staff.

During the audit, the auditor interviewed the facility warden, who assured that any instances of retaliation by either inmate or staff would be promptly investigated and addressed appropriately.

During the audit, the auditor conducted an interview with a staff member responsible for overseeing retaliation. The retaliation monitor confirmed that monitoring of inmates continues for a minimum of 90 days following a report, unless an incident is

	<p>deemed unfounded. Furthermore, if retaliation had been reported by the alleged victim, the appropriate steps would be taken to ascertain whether retaliation was indeed occurring. This may involve conducting additional investigations and promptly addressing the retaliation.</p> <p>Prior to the audit, an interview was conducted with the agency head and designee. Findings by Provision:

115.68 (a)

The Texas Department of Criminal Justice prohibits the placement of inmates who allege to have suffered sexual abuse in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no available alternative means of separation from likely abusers.

This is evidenced by the Safe Prisons/PREA Plan, Texas Department of Criminal Justice Restrictive Housing Plan and Texas Department of Criminal Justice Protective Safekeeping Plan.

The PAQ reported there were a total of 7 inmates who allege to have suffered sexual abuse who were held in involuntary segregation in the past 12 months for 24 hours awaiting completion of assessment.

The PAQ also reported there were a total of zero inmates who allege to have suffered sexual abuse who were assigned to involuntary segregated housing in the past 12 months for longer than 30 days while awaiting alternative placement.

During the audit, the facility warden confirmed that inmates are not placed in involuntary segregated housing in lieu of other housing areas. He reported that risk assessments are conducted promptly to ascertain the likelihood of potential abuse. Additionally, he explained the use of transient status for inmates while alternative placement is being determined. The warden further clarified that there have been no recent instances of inmates being placed in involuntary segregation for alleging sexual abuse, as any inmates in such an environment would have been there for a very short period.

During an audit, an auditor interviewed a staff member responsible for overseeing inmates in segregated housing. The staff member clarified that inmates placed in segregated housing for protection from sexual abuse or due to allegations of sexual abuse retain access to programs, privileges, education, and employment opportunities as much as possible depending on their custody level. Additionally, the staff member confirmed that the duration of segregation is limited to a transient status. Furthermore, they affirmed that, in accordance with policy, an inmate would undergo a placement review every 30 days if such circumstances arose.

	<p>During the audit, the auditor conducted interviews with inmates who had reported sexual abuse at the facility. The Texas Department of Criminal Justice requires when it conducts its own investigations into allegations of sexual abuse and sexual harassment, it shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. These requirements are illustrated in Safe Prisons/PREA Plan, Texas Department of Criminal Justice Administrative Directive Reporting Incidents/ Crimes to the Office of the Inspector General and Texas Department of Criminal Justice Administrative Directive Operations of the Emergency Action Center and Reporting Procedures for the Serious or Unusual Incidents policies.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigative staff members confirmed that allegations of sexual abuse and sexual harassment are promptly addressed upon receipt. They also outlined the procedure for handling third-party or anonymous reports of sexual abuse and sexual harassment, emphasizing that this process is identical to that employed for any other allegation related to the PREA.

115.71 (b)

The Texas Department of Criminal Justice requires the agency shall use investigators who have received special training in sexual abuse investigations pursuant to § 115.34. This requirement is illustrated in the Safe Prisons/PREA plan.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigators disclosed that they had undergone specialized training in conducting investigations in confinement settings. During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigators provided an overview of the process for initiating a criminal or administrative investigation. This process included the prompt commencement of the investigation, conducting interviews, preserving evidence, and compiling a comprehensive and thorough report of their findings.

115.71 (d)

The Texas Department of Criminal Justice requires when the quality of evidence appears to support criminal prosecution, the agency shall conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews

may be an obstacle for subsequent criminal prosecution. This requirement is illustrated in the Safe Prisons/PREA Plan.

115.71 (e)

The Texas Department of Criminal Justice requires that the credibility of an alleged victim, suspect, or witness shall be assessed on an individual basis and shall not be determined by the person's status as inmate or staff. The agency shall not require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation. This requirement is illustrated in the Safe Prisons/PREA plan.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigators underscored the paramount importance of conducting credibility assessments for both alleged victims and alleged perpetrators in an investigation. Both investigators clarified that they would never compel an inmate to submit to a polygraph examination or any other truth-telling device as a prerequisite for proceeding with an investigation.

During the onsite portion of the audit, the auditor conducted interviews with inmates who had reported sexual abuse at the facility. All inmates stated that they were not required to submit to a polygraph examination or any other truth-telling device by investigators as a condition of proceeding with an investigation into their allegations of sexual abuse.

115.71 (f)

The Texas Department of Criminal Justice requires that administrative investigations: (1) include an effort to determine whether staff actions or failures to act contributed to the abuse; and (2) shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. These requirements are illustrated in the Safe Prisons/PREA Plan.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigators outlined

their investigative procedures, emphasizing the significance of documenting all investigations in a comprehensive report. This report consistently includes detailed descriptions of both physical and testimonial evidence.

115.71 (g)

The Texas Department of Criminal Justice requires criminal investigations be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible. These requirements are outlined in the Safe Prisons/PREA Plan.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigators outlined their investigative procedures, emphasizing the significance of documenting all investigations in a comprehensive report. This report consistently includes detailed descriptions of both physical and testimonial evidence.

115.71 (h)

The Texas Department of Criminal Justice requires substantiated allegations of conduct that appears to be criminal shall be referred for prosecution. This requirement is outlined in the Safe Prisons/PREA Plan.

The PAQ reported that since the last PREA audit there has been 8 substantiated allegations of conduct that appeared to be criminal that were referred for prosecution.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigators reported that if an investigation was substantiated and it appeared to be of criminal nature, it was referred for criminal prosecution.

115.71 (i)

The Texas Department of Criminal Justice requires that the agency retain all written reports referenced in paragraphs (f) and (g) of this section for as long as the alleged abuser is incarcerated or employed by the agency, plus five years. These requirements are illustrated in the Texas Department of Criminal Justice Executive Directive Records Management and the Texas Department of Criminal Justice Records Retention Schedule.

115.71 (j)

The Texas Department of Criminal Justice mandates that the departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation. This is illustrated in the Safe Prisons/PREA Plan.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. Both investigators confirmed that they would be required to conduct an investigation into sexual abuse, regardless of whether a staff member terminated employment prior to the conclusion of the investigation.

115.71 (l)

The Texas Department of Criminal Justice requires the facility staff to cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation. These requirements are outlined in the Safe Prisons/PREA Plan.

During the onsite portion of the audit, the auditor reviewed administrative investigations. The review process encompassed an assessment of the timely initiation of the investigation, a well-defined investigative process that included the collection of both physical and testimonial evidence, and the preparation of a clear, concise, and comprehensive written report that clearly outlined the investigation's findings and conclusions upon completion.

115.73 (a)

The Texas Department of Criminal Justice requires following an investigation into an inmate's allegation that he or she suffered sexual abuse in an agency facility, the agency shall inform the inmate as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. This requirement is outlined in the Safe Prisons/PREA Plan, Safe Prisons/PREA Operations Manual Completing the Inmate Protection Investigation and Safe Prisons/PREA Operations Manual Reporting Sexual Abuse Criminal Case Status to Inmates.

The PAQ reported there were a total of 81 criminal and/or administrative investigations of alleged inmate sexual abuse that were completed by the facility in the past 12 months.

The PAQ also reported that all 81 inmates were notified, verbally or in writing, of the results of the investigation.

During the audit, the auditor interviewed the facility warden who reported that the facility consistently endeavors to inform inmates of the results of their investigation, provided that the inmates remain in their custody.

During the onsite portion of the audit, the auditor conducted interviews with one administrative investigator and one criminal investigator. The auditor inquired about the investigator's procedures for notifying inmates at the conclusion of an investigation. The investigators informed the auditor that all inmates are provided with notification paperwork and are advised of the investigation's outcome, whether it is substantiated, unsubstantiated, or unfounded.

During the onsite portion of the audit, the auditor conducted interviews with inmates who had reported sexual abuse at the facility. All four inmates who participated in the interviews confirmed that they had received written notifications regarding their investigations.

115.73 (b)

The Texas Department of Criminal Justice Office of the Inspector General completes criminal investigations related to sexual abuse for the agency. The Office of the Inspector General provides information from the investigation to the facility in order to inform the inmate of the outcome. This is evidenced by the example OIG notice provided by the facility.

The PAQ reported there was a total of 12 investigation thats was conducted by the Office of the Inspector General completed within the last 12 months. The facility was provided notice from the agency of the outcome of the investigation.

115.73 (c)

The Texas Department of Criminal Justice requires that following an inmate's allegation that a staff member has committed sexual abuse against the inmate, the agency shall subsequently inform the inmate (unless the agency has determined that the allegation is unfounded) whenever: (1) The staff member is no longer posted within the inmate's unit; (2) The staff member is no longer employed at the facility; (3) The agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility; or (4) The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. This is illustrated in the Safe Prisons/PREA Plan and Safe Prisons/PREA Operations Manual Completing the Staff-on-Inmate Investigation policies.

During the onsite review, the auditor examined investigative case files. As part of the review process, the auditor attempted to locate inmate notifications regarding the outcomes of investigations and whether these notifications also informed inmates when staff members are no longer posted within the inmate's unit; (2) the staff member is no longer employed at the facility; (3) the agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility; or (4) the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. The investigative file did not provide an example of proper notification.

During an interview conducted by the auditor, the facility warden confirmed that inmates are consistently informed of the outcome of any PREA-related investigations.

115.73 (d)

The Texas Department of Criminal Justice requires that following an inmate's allegation that he or she has been sexually abused by another inmate, the agency shall subsequently inform the alleged victim whenever: (1) The agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility; or (2) The agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility. This is illustrated in the Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Completing the Inmate Protection Investigation Safe Prisons/PREA Operations Manual Reporting Sexual Abuse Criminal Case Status to Inmates policy.

During the onsite portion of the audit, the auditor conducted interviews with inmates who had reported sexual abuse at the facility. The inmates indicated that they were aware of receiving a written notice regarding the outcomes of their investigations, but they were unable to clearly articulate whether the notification included the requirements outlined in this provision. The auditor was able to confirm compliance through the review of documentation available in both criminal and administrative investigation files.

115.73 (e)

The Texas Department of Criminal Justice requires all notifications or attempted

	<p>notifications to inmates be documented. This is illustrated in the Safe Prisons PREA/ Plan policy and further illustrated by investigation outcome notifications provided by the facility.</p> <p>The PAQ reported there were a total of 120 notifications to inmates that were provided pursuant to this standard and that all notifications were documented.</p> <p>Based upon information contained in the PAQ, policies, procedures, site review and interviews conducted, the facility is substantially compliant with the requirements of this standard.</p>

115.76 (b)

The Texas Department of Criminal Justice dictates that termination shall be the presumptive disciplinary sanction for staff who have engaged in sexual abuse. This is evidenced by information contained in The Texas Department of Criminal Justice Executive Directive General Rules of Conduct and Disciplinary Action Guidelines for Employees.

The PAQ reported that in the past 12 months there has been one staff member who was terminated or resigned prior to termination for violating agency sexual abuse or sexual harassment policies.

115.76 (c)

The Texas Department of Criminal Justice requires that disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) shall be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. This is illustrated in The Texas Department of Criminal Justice Executive Directive General Rules of Conduct and Disciplinary Action Guidelines for Employees.

The PAQ reported in the past twelve months there have been one employee from the facility who was disciplined, short of termination, for violation of agency sexual abuse or sexual harassment policies.

115.76 (d)

The Texas Department of Criminal Justice requires that all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to any

Interviews:

- Interview with the facility warden
- Interviews with medical/mental health staff

Findings by Provision:

115.78 (a) (b) (c)

The Texas Department of Criminal Justice dictates that inmates shall be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a criminal finding of guilt for inmate-on-inmate sexual abuse. These requirements are illustrated in the Safe Prisons/PREA Plan and in The Texas Department of Criminal Justice Executive Directive Inmate Disciplinary Procedures policy.

The PAQ reported that in the last 12 months there was a total of 1 administrative finding of inmate-on-inmate sexual abuse that occurred at the facility.

The PAQ also reported that in the last 12 months there was a total of zero criminal finding of guilt for inmate-on-inmate sexual abuse that occurred at the facility.

During the audit, the auditor conducted an interview with the facility warden. The warden stated that the sanctions imposed on inmates are proportional to the severity and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar backgrounds. Additionally, the warden emphasized that the disciplinary process should evaluate whether an inmate's mental disabilities or mental illness played a role in their behavior when determining the appropriate sanction, if any.

115.78 (d)

The PAQ reported that the facility offers therapy, counseling, or other interventions designed to address and correct the underlying reasons or motivations for abuse. Additionally, the facility offers therapy, counseling, or other interventions designed to address and correct the underlying reasons or motivations for abuse, the facility considers whether to require the inmate to participate in such interventions as a condition of access to programming or other benefits.

The auditor interviewed medical/mental health staff members during the onsite portion of the audit. Mental health staff confirmed the facility offers therapy, counseling and other interventions to inmates required under this provision. They also confirmed that inmates are not required to participate in these interventions as a condition of access to programming or other benefits.

115.78 (e)

The Texas Department of Criminal Justice dictates that the agency may discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact. This is illustrated in Safe Prisons/PREA Plan.

115.78 (f)

The Texas Department of Criminal Justice prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation. This is illustrated in the Safe Prisons/PREA Plan.

115.78 (g)	<p>The Texas Department of Criminal Justice prohibits all sexual activity between inmates and may discipline inmates for such activity. - The auditor observed electronic safeguards of any information/documentation collected and maintained electronically pursuant to the PREA Standards.

Findings by Provision:

115.81 (a) (c)

The Texas Department of Criminal Justice requires that if the screening pursuant to § 115.41 indicates that a prison inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening. This requirement is illustrated in the Safe Prisons/PREA Plan and Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness policy.

The PAQ reported that within the last 12 months 100 percent of inmates who disclosed prior victimization during screening were offered a follow-up meeting with a medical or mental health practitioner.

During the audit, the auditor conducted interviews with inmates who had reported prior victimization during the risk screening process. The findings revealed that some of the inmates interviewed reported that they had been offered a follow-up meeting with medical or mental health professionals following their interview. The auditor

took this information into consideration during a compliance determination but facility records and interviews indicated substantial compliance.

During the audit, the auditor conducted interviews with staff responsible for the risk screening process. The risk screening staff provided the auditor with an explanation of the process for screening inmates and the procedures to follow if an inmate disclosed prior sexual victimization. The staff confirmed that inmates were always offered a follow-up appointment with medical and mental health staff.

115.81 (b)

The Texas Department of Criminal Justice requires that if the screening pursuant to § 115.41 indicates that an inmate has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening. This requirement is illustrated in the Safe Prisons/PREA Plan and The Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness policy.

The Texas Department of Criminal Justice requires that information related to sexual victimization or abusiveness that occurred in an institutional setting is strictly limited to informing security and management decisions, including treatment plans, housing, bed, work, education, and program assignments, or as otherwise required by federal, state, or local law. This is illustrated in the Safe Prisons/PREA Plan and The Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual Inmate Assessment for Risk of Victimization or Abusiveness policy.

115.81 (e)

	<p>The Texas Department of Criminal Justice requires that medical and mental health practitioners shall obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18. The Texas Department of Criminal Justice ensures that inmate victims of sexual abuse receive timely, unimpeded access to emergency medical treatment and crisis intervention services, the nature and scope of which are determined by medical and mental health practitioners according to their professional judgment. This was evidenced by the medical and mental health secondary materials provided by the facility.

During the onsite portion of the audit, the auditor conducted interviews with medical and mental health staff. The individuals interviewed reported that inmates are provided with immediate and unimpeded access to emergency medical treatment and crisis intervention upon receiving a referral or information from security personnel.

During the onsite portion of the audit, the auditor conducted interviews with four inmates who reported sexual abuse at the facility. All inmates reported that they were provided with access to emergency treatment and crisis intervention services following the reporting of the incident of sexual abuse.

115.82 (c)

The Texas Department of Criminal Justice ensures that inmate victims of sexual abuse while incarcerated shall be offered timely information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate. This is illustrated in the Safe Prisons/PREA Plan.

During the onsite portion of the audit, the auditor conducted interviews with four inmates who had reported instances of sexual abuse within the facility. Three of the four inmates interviewed indicated that emergency access to sexually transmitted prophylaxis was not applicable to their circumstances. The fourth inmate, however, reported that he had been offered that specific treatment.

The Texas Department of Criminal Justice ensure that victims of sexually abusive vaginal penetration while incarcerated are offered pregnancy tests. This requirement is illustrated the Safe Prison PREA Plan and in the Correctional Managed Health Care Policy Manual G-57.1. Compliance was also determined through medical secondary materials reviewed at the facility.

115.83 (e)

The Texas Department of Criminal Justice ensures that if pregnancy results from the conduct described in paragraph (d) of this section, such victims will receive timely and comprehensive information about and timely access to all lawful pregnancy-related medical services. This requirement was illustrated in the Correctional Managed Health Care Policy Manual G-55.1.

The auditor conducted an interview with a medical staff member at the facility, who confirmed compliance with the provisions outlined in this section.

During the onsite portion of the audit, the interviewed inmates that reported sexual abuse at the facility but the requirements of this provision were not applicable because this was a male only facility.

115.83 (f)

The Texas Department of Criminal Justice requires that inmate victims of sexual abuse while incarcerated are offered tests for sexually transmitted infections as medically appropriate. This is illustrated in the Safe Prisons/PREA Plan and The Texas Department of Criminal Justice Correctional Managed Health Care Manual Sexual Assault/Sexual Abuse policy.

During the onsite portion of the audit, the interviewed inmates that reported sexual abuse at the facility but the requirements of this provision were not applicable because this was a male only facility.

115.83 (g)

The Texas Department of Criminal Justice mandates that treatment services are provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.

Findings by Provision:

115.86 (a)

The Texas Department of Criminal Justice ensures that all of its facilities conduct a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded. The Safe Prisons/ PREA Plan, Instructions for Reporting Alleged Sexual Abuse and Sexual Harassment and the Administrative

Directive for Reporting Serious or Unusual Incidents are the policies and procedures all facilities follow for completing sexual abuse incident reviews.

The PAQ reported that in the past 12 months, the facility has completed 72 criminal and/or administrative investigations of sexual abuse, which excluded unfounded incidents.

115.86 (b)

The Texas Department of Criminal Justice requires that all sexual abuse incident reviews ordinarily occur within 30 days of the conclusion of the investigation.

The auditor reviewed a random sample of completed sexual abuse incident reviews which illustrated the facility's compliance with this provision.

The PAQ reported that in the past 12 months there were a total of 72 criminal and/or administrative investigations of alleged sexual abuse completed at the facility that were followed by a sexual abuse incident review within 30 days.

115.86 (c)

The Texas Department of Criminal Justice requires that the review team consists of upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners. The Safe Prisons/PREA Operational Manual specifically outlines who the review team consists of.

During the audit, the auditor interviewed the facility warden, who confirmed the existence of a sexual abuse incident review team within the facility. The review team's composition was verified to align with the provisions outlined in this document.

115.86 (d)

The Texas Department of Criminal Justice requires that the sexual abuse incident review team consider the following:

1. Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse.
2. Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.
3. Assess the adequacy of staffing levels in that area during different shifts.
4. Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.
5. Prepare a report of its findings, including but not necessarily limited to determinations made pursuant to paragraphs (d)(1)-(d)(5) of this section, and any recommendations for improvement and submit such report to the facility head and PREA compliance manager.

The auditor examined instances of sexual abuse incident reviews submitted by the facility, which demonstrated compliance with all the requirements of this provision.

During the audit, the facility warden was interviewed. He outlined a consistent process that is completed at the conclusion of each criminal or administrative sexual abuse investigation. The warden explained how the facility utilizes the information gathered from the incident review to identify potential barriers and enhance video monitoring technology. Additionally, he confirmed that a written electronic report of the team's findings is completed at the end of each sexual abuse investigation.

During the audit, the auditor conducted an interview with the facility's PREA compliance manager. The compliance manager confirmed that the facility conducts a sexual abuse incident review at the conclusion of each sexual abuse investigation. Additionally, he confirmed that the facility submits an electronic report for review by him and the facility warden. This report includes any recommendations for changes that may be necessary to enhance the facility's sexual safety measures.

During an audit, the auditor conducted an interview with a staff member who was a member of the facility's sexual abuse incident review team. The incident review team member provided an explanation of the sexual abuse incident review process and ensured that all requirements outlined in this provision were being met.

During the onsite audit, the auditor conducted interviews with the agency head and the agency head designee. The auditor inquired about the agency's use of incident-based sexual abuse data to assess and enhance sexual abuse prevention detection and response policies and practices. The agency head designee informed the auditor that the Texas Department of Criminal Justice (TDCJ) collaborates closely with the PREA ombudsman to collect all pertinent data associated with reports of sexual abuse and sexual harassment. The designee further stated that all TDCJ facilities collect incident-based data and aggregate it for the PREA ombudsman's office to develop

corrective action response plans tailored to the assessed needs.

During the onsite audit, the auditor conducted an interview with the agency's PREA coordinator and ombudsman. The auditor inquired about the agency's data collection and aggregation practices for assessing and improving the effectiveness of its sexual abuse prevention, detection, and response policies. The coordinator reported that the agency diligently collects sexual abuse and sexual harassment data from all its facilities, which is securely retained in a specific agency database accessible only to authorized staff. This data is aggregated, and patterns and problem areas are identified through this process. The coordinator also mentioned that PREA audit reports are reviewed to identify any deficiencies. All this information is utilized to determine if there is a need to modify or update policies and procedures to enhance sexual safety in the facilities. 	<p>Evidence relied upon to make Compliance Determination:</p> <ol style="list-style-type: none"> 1. Policy and Document Review 2. Pre-Audit Questionnaire 3. TDCJ Safe Prisons/PREA Plan 4. Agency Zero Tolerance Statement 5. Organizational Charts 6. Specialty Staff Interview Notes <p>The Agency has a written Policy and the TDCJ Safe Prisons/PREA Plan, to address the requirements of the standard that mandates zero tolerance toward all forms of sexual abuse and sexual harassment, and it outlines the agency's approach to preventing, detecting, and responding to such conduct.</p>

	<p>The Agency's specific strategies include "Preventing" sexual abuse and sexual harassment through the designation of a PREA Coordinator and PREA Compliance Manager, Criminal History Background Checks (Staff, Contractors, and Volunteers, as applicable), Training (Staff, Volunteers, and Contractors), Staffing, Intake Screening, Classification, Inmate Education, Posting of Signage PREA Posters, and Contract Monitoring. The policies addressed "Detecting" sexual abuse and sexual harassment through Training (Staff, Volunteers, and Contractors), and Intake Screening. The policies addressed "Responding" to allegations of sexual abuse and sexual harassment through Reporting, Investigations, Victim Services, Medical and Mental Health Services, Disciplinary Sanctions for Staff (including notification of licensing agencies), Incident Review Teams, and Data Collections and Analysis.</p> <p>The Agency has designated an upper-level, agency-wide PREA Coordinator/PREA Ombudsman with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all its facilities. The PREA Coordinator/PREA Ombudsman position reports directly to the Texas Board of Criminal Justice. The PREA Coordinator/Ombudsman was interviewed and reported their direct report staff having enough time to focus on the PREA standards, investigate PREA concerns, training and updating PREA Compliance Managers on policy. During the interviews with the PREA Coordinator/ PREA Ombudsman and the PREA Compliance Manager all outlined their duties to illustrate their ability to manage all the required duties associated with their positions. The Auditor reviewed all policies related to zero tolerance and during formal and informal interviews and conversations with the central headquarters office staff it was obvious the zero-tolerance policy radiates throughout the agency.</p> <p>The Auditor noted the Inmate Handbook, PREA Posters, and PREA Brochure do address sexual abuse by another Inmate, and the Inmate Handbook does address sanctions for Inmates when involved in such conduct. Based on headquarters staff interviews it was noted TDCJ staff closely monitor for Inmate-on-Inmate sexual misconduct in accordance with PREA standards; allegations are reported and investigated, and inmates are held accountable.</p> <p>After a careful and detailed review, the Auditor determined the Agency meets the requirements of the standard.</p>

	<p>3. TDCJ Safe Prisons/PREA Plan</p> <p>4. Specialty Staff Interview Notes</p> <p>The Auditor randomly reviewed 15 of 27 renewed and new contracts since the last audit to include Private Residential Treatment Centers, Private Transitional Treatment Centers and Private Secure Confinement Facilities and determined the contract language included an obligation for the contractor to adopt and comply with the PREA standards. Through interviews with the PREA Coordinator/PREA Ombudsman and the Agency Contract Administrator the Auditor confirmed the Agency has a contract monitor position to ensure that the contractors are complying with the PREA standards. This was also verified by reviewing agency policy and TDCJ Safe Prisons/ PREA Plan.</p> <p>During the interview with the Agency's Contract Administrator, it was determined they must maintain regular contact with every inmate placed in a contracting facility. If there are PREA concerns, agency protocol requires the inmate be removed from the facility and the facility be allowed time to make corrective actions and address the concerns. Corrective actions are addressed before the facility is reconsidered. Notification would also be made to law enforcement.</p> <p>The Contract Administrator has the authority to perform an administrative review at any sign of suspected noncompliance. A finding of non-compliance during the administrative review could result in fines, corrective action, contract termination and referral for criminal charges, if applicable. The Contract Administrator annually collects credentialing documentation for each facility: facility license; staff licenses or certifications; daily schedule; and monitoring reports or the licensing agency's website regarding the facility's status; and tours the facility. New facilities being considered for contracting purposes follow a vetting process, including reference checks with other counties, with all information being presented to the agency's leadership for review and approval.</p> <p>After a careful and detailed review, the Auditor determined that the Agency meets the requirements of the standard.</p>

	Auditor Discussion
	Evidence relied upon to make Compliance Determination:
	1. Policy and Document Review
	2. Pre-Audit Questionnaire

4. Specialty Staff Interview Notes

Texas Department of Criminal Justice as an Agency has not hired or promoted anyone who may have contact with inmates who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other lock up institution. The Agency has not enlisted the services of any contractor who may have contact with inmates, who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other lock up institution. The Agency has not hired or promoted or used the services of anyone who has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity as described.

The Agency policies and TDCJ Safe Prisons/PREA Plan prohibit the agency/facilities from hiring, promoting or during business with a person or business who may have contact with inmates who has engaged in or attempted to engage in sexual abuse while in incarcerated, or convicted of, civilly or administratively of the same.

The Auditor verified this by reviewing new hire applicant packets as well as reviewing multiple personnel files that included criminal background checks and self-disclosure forms. During the personnel file review the Auditor found this same process of checking backgrounds is also completed when starting new vender contracts and when qualifying staff for in-house promotions. All files reflected the three required questions included and staff affirmed by signing the form.

Before hiring new employees, who may have contact with inmates, the central headquarters staff (1) Performs a criminal background records check; and (2) consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. The Administrative (Human Resources) Staff also indicated that the Agency would respond to any request for information from an institutional employer seeking information on a former TDCJ employee.

The central headquarters staff also conducts criminal background records checks annually of current employees and contractors who may have contact with inmates. This is accomplished by using a system call FACT Clearinghouse, this system allows for a continual real-time update on staff interactions with law enforcement agencies who participate in the service. Agency policies also require an annual re-check of all employees and contractual re-checks for contractors. The agency policy does indicate that any employee/contractor misconduct or false reporting is subject to termination of employment. The current policy also requires that staff self-disclose new information related to sexual conduct behavior. The Agency has incorporated and implemented the "Affirmative Duty to Disclose," which all staff were required to affirm and sign. Failure to self-disclose new sexual conduct behavior are grounds for termination. The Agency reports conducting approximately 700 such criminal background checks monthly. Finally, as a requirement of policy and TDCJ Safe Prisons/

	<p>PREA Plan the facility has an obligation to report sexual conduct behavior to other institutional employers. These processes were verified through interviews with headquarters human resource staff and informal conversation with administrative staff.</p> <p>After careful and detailed review of all the information, the Auditor determined the Agency meets the requirements of this standard.</p>
