## Facility AUDIT FINDINGS

### Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

#### Number of standards exceeded:

0

#### Number of standards met:

41

#### Number of standards not met:

0

#### Not audited at the facility level:

Audited at the agency-level, and not relevant to the facility-level audit because the facility has no independent responsibility for the operation of these standards.

<b>Targeted Inmate/Resident/Detainee Interviews</b>	
<b>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	8
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<b>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b>	0

<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>There were no inmates at the facility who were identified as physically disabled. This was verified through conversations with medical staff, the PREA auxiliary staff and the warden.</p>

**SITE REVIEW AND DOCUMENTATION SAMPLING**

**Site Review**

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p><b>84. Did you have access to all areas of the facility?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
---	---

**Was the site review an active, inquiring process that included the following:**

# SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

## Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

### 92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	1	0	0	0
<b>Total</b>	1	0	0	0

**93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

Findings (By Provision):

115.11 (a): The agency has a comprehensive PREA Policy: Safe Prisons/PREA Plan as well Executive Directive, Post Orders, and other policies and procedures that supplement the PREA Plan. The agency mandates a zero-tolerance policy towards all forms of sexual abuse and sexual harassment and outlines the strategies on preventing, detecting and responding to such conduct. Agency policies address "Preventing" sexual abuse and sexual harassment through the designation of a PC, criminal history background checks (staff, volunteers and contractors), training (staff, volunteers and contractors), staffing, intake/risk screening, inmate education and posting of signage (PREA posters, etc.). The policies address "Detecting" sexual abuse and sexual harassment through training (staff, volunteers, and contractors), and intake/risk screening. The policies address "Responding" to allegations of sexual abuse and sexual harassment through reporting, investigations, victim services, medical and mental health services, disciplinary sanctions for staff and inmates (including notification of licensing agencies), incident reviews and data collection. This policy is consistent with the PREA standards and outlines the agency's approach to sexual safety. The TDCJ Disciplinary Rules and Procedures of Offenders is in English and Spanish and specifies the definitions of prohibited behaviors regarding sexual abuse and sexual harassment and also includes sanctions for the prohibited behaviors. The policy includes a description of agency strategies and responses to reduce and prevent sexual abuse and sexual harassment of inmates.

115.11 (b): The agency's organizational chart reflects that the PREA Coordinator (PC) position is an upper-level position and is agency-wide. The Executive Directive confirms the PC responsibilities. The PREA Coordinator is identified as the PREA Ombudsman, who reports to the Texas Board of Criminal Justice. The PC was interviewed and reported that her primary job responsibility is PREA compliance. She stated that she has direct access to Executive Leadership and can implement policies and practices as necessary to ensure sexual safety requirements.

115.11 (c): The facility has a staff member responsible for ensuring PREA compliance. The facility organizational chart confirms a staff member is responsible for PREA compliance and that staff member reports to the Warden. The interview with the Compliance Manager indicated she has sufficient time to coordinate the facility's PREA compliance. Staff consistently stated during interviews that the PCM was constantly training and educating them on PREA through various methods such as verbal discussions, memos, etc. The evidence shows that the agency has a PREA policy, has designated an upper-level, agency-wide PC as verified through the organizational chart and has a PREA Compliance Manager as verified through the organizational chart.

Based on the review of the PAQ and related documents, PREA implementation appears to comply with the standard under the PC and Compliance Manager. The preparedness for the audit, the absence of any additional job duties and overall incorporation of institutionalized sexual safety practices demonstrates that the PC

	and PCM have sufficient time and authority to accomplish PREA responsibilities for the agency and facility.

A review of the contracts confirmed that all had language requiring compliance with PREA standards (either directly stated PREA compliance or via compliance with department policy and/or federal law). The interview with the agency contract administrator indicates that the agency has one full time TDCJ employee responsible for on-site contract monitoring for the eleven (11) secure facilities. The contract monitors provide continuous monitoring. The residential and transitional centers also have contract monitors. Each monitor has up to three (3) facilities to monitor.</p>

	Based on the review of AD-02.46, the PAQ, the interview with the agency contract administrator and the language within the agency's contracts, this standard is determined to be compliant.

3. Staff line of Sight
4. Camera locations
5. Frequency of cell checks
6. Camera Monitoring
7. Informal Conversations with Staff regarding supervision practices
8. Informal Conversations with Inmates regarding staffing presence

Findings (By Provision):

115.13 (a): AD-11.52 indicates that the Security Operations Department is responsible for approving staffing plans and shift turnout rosters for each state operated unit. The staffing plan takes into consideration; generally accepted detention practices, any judicial findings of inadequacy, any finding of inadequacy from Federal investigative agencies, any finding of inadequacy from internal or external oversight bodies, all components of the facility's physical plant, the composition of the inmate population, the number and placement of supervisory staff, the institutional programs occurring on a particular shift, any applicable State or local laws, the prevalence of substantiated and unsubstantiated incident of abuse and any other relevant factors. The current staffing plan was reviewed and indicated that staffing was based on the facility's average daily number of inmates (518). Each shift has a building Lieutenant and a building Sergeant that serve as the shift supervisors. A building Captain and a building Major are on-site Monday through Friday and serve as the highest security supervisory level staff. A dorm rover is responsible for two dorms each shift, while a floor rover is responsible for security of all dorms and areas on that specific floor. Additional officers are assigned to other areas to include: recreation, shakedown, escort, kitchen, intake, transport, visitation, utility, etc. Interviews with the Warden and the PC confirmed that the facility has a staffing plan that provides adequate staffing levels and that they comply with the plan on a regular basis.

115.13 (b): The facility indicated in the PAQ that deviations from the staffing plan had occurred and indicated these occurrences were due to medical transports and hospital security. The SOPM-08.01 indicated on page 2 that all deviations from the staffing plan are required to be documented on the back side of the security roster. A review of a sample of security rosters indicated that any deviations were documented on the back of the roster and that the Warden was required to approve any deviations via email. The interview with the Warden indicated that all deviations are documented on the back of the daily rosters and that anytime a deviation occurs the Warden was required to obtain approval through the Region Office. These approvals by the

	<p>Regional Director were reviewed and copies provided to the auditor. During the site review, the auditor observed the staffing and placement of video surveillance. Both staffing and video surveillance appeared to be sufficient. Line of sight was noted and blind spots were address through either video surveillance and staff roving. The level of supervision by staff appeared to be adequate. The facility vacancies for staff are augmented by video surveillance and staff working overtime to accommodate and satisfy staffing needs. Informal conversations with inmates as well as staff indicated that there are times when the facility is short staffed, however, additional staff are brought in for overtime.</p> <p>115.13 (c): SOPM 08.06 and the Safe Prison/PREA Plan, page 10-11, describe the required annual review. The PC confirmed in the interview that the review is completed annually and that leadership assesses, determines and documents whether adjustments are necessary.</p> <p>115.13 (d): The SAFE Prison/PREA Plan, page 9, section B, indicates that security supervisors are required to conduct and document unannounced rounds on all shifts to identify and deter sexual abuse and sexual harassment. Unannounced rounds are conducted by the building Sgt., Lt. and/or Captain and are documented at the bottom of the shift turnout roster. It was noted during the on-site audit that rounds are documented in the housing unit log books as "PREA Rounds." Interviews conducted with intermediate/higher level staff indicated that supervisors are required to make unannounced rounds daily. A review of the PAQ supplemental documentation as well as a review of the shift rosters on-site indicated that supervisory rounds were being made and documented on all shifts. Additionally, the SAFE Prisons/PREA Plan prohibits staff from alerting other staff members about the rounds unless the announcement is related to legitimate operational functions of the unit. During the interviews, supervisory staff indicated that they deviate their times and locations to prohibit staff from alerting other staff about the rounds.</p> <p>Based on a review of the PAQ, the Safe Prisons/PREA Plan, AD-11.52, SOPM 08.06, SOPM 08.01, the staffing plan statement of fact, the staffing plan, the security rosters, documentation of unannounced rounds, observations made during the site review and interviews with supervisory staff, this standard is determined to be compliant.</p>

Findings (By Provision):

115.14 (a): The Safe Prisons/PREA, Plan page 10, section C, as well as Unit Classification Procedure 4.19, and CYPOM 01.02 describes the procedures for Youthful Inmates. Policies indicates that youthful offenders shall not be placed in housing units where the youthful offender will have sight, sound or physical contact with any adult offender through the use of a shared dayroom or other common space, shower area or sleeping quarters. While the agency does house youthful inmates, the Diboll Unit does not. A review of the daily population report indicated that no inmates under the age of 18 were housed at the unit within the previous twelve months. During the site review, it was observed that no inmates under the age of 18 were housed at the facility.

115.14 (b): The Safe Prisons/PREA Plan, page 10, section C, as well as Unit Classification Procedure 4.19, and CYPOM 01.02 describes the procedures for youthful inmates. Policies indicates that when youthful offenders are outside of the housing areas, correctional staff shall maintain sight and sound separation between youthful offenders and adult offenders as well as provide direct supervision when youthful offenders and adult offenders have any sight, sound or physical contact. While the agency does house youthful inmates, the Diboll Unit does not. A review of the daily population report indicated that no inmates under the age of 18 were housed at the unit within the previous twelve months. During the site review, it was observed that no inmates under the age of 18 were housed at the facility.

	<p>115.14 (c): The Safe Prisons/PREA Plan page, 10, section C, indicates that the agency (TDCJ) shall make best efforts to avoid placing youthful offenders in isolation for the purpose of maintaining sight and sound separation. It also indicates that daily large muscle exercise and legally required special education services required to comply with the standard shall not be denied except in exigent circumstances. Additionally, youthful inmates shall have access to other programs and work opportunities to the extent possible. While the agency does house youthful inmates, the Diboll Unit does not. A review of the daily population report indicated that no inmates under the age of 18 were housed at the unit within the previous twelve months. During the site review, it was observed that no inmates under the age of 18 were housed at the facility.</p> <p>Based on a review of the PAQ, the Safe Prisons/PREA Plan, Unit Classification Procedures 4.19 and CYPOM 01.02, the statement of fact regarding youthful inmates, daily population reports and observations made during the site review this standard is determined to be compliant.</p>

## Statement of Fact regarding Cross Gender Viewing and Searches

### Interviews:

1. Random Staff: Q: 2, 4, 14, 15
2. Random Inmates: Q: 1, 2
3. Transgender/Intersex Inmates: Q: 2

### Site Review Observations:

1. Observations of Privacy Barriers in Bathroom Areas
2. Observation of Absence of Female Inmates
3. Observation of Cross Gender Announcements
4. Informal Conversations with Staff
5. Informal Conversations with Inmates

### Findings (By Provision):

115.15 (a): The Safe Prisons/PREA Plan, page 9, section B as well as AD-03.22, page 2, prohibit staff from conducting cross gender strip searches and cross gender body cavity searches except in exigent circumstances. The PAQ indicated that no searches of this kind were conducted at the facility over the past twelve months and that the facility does not conduct these types of searches in general. Interviews with staff indicated that inmates are strip searched by male staff only. Interviews with inmates indicated that none had been naked in front of female staff. Informal Conversations with staff and inmates regarding search procedures indicated that strip searches are conducted by male staff and are conducted in a private area with privacy barriers. Transgender inmates are searched last and searches are conducted with privacy barriers.

115.15 (b): AD-03.22, page 2, prohibit staff from conducting cross gender pat searches of female inmates. The PAQ indicated that no female inmates are housed at the facility and therefore this section of the standard would not apply to the Diboll Unit. A review of the daily population report for the previous twelve months as well as observations made during the site review indicated that no female inmates are or were housed at the facility in the previous twelve months.

115.15 (c): The Safe Prisons/PREA Plan, page 9 and AD-03.22 page 4, requires staff to document all cross-gender strip searches, cross gender visual body cavity searches and cross gender pat searches of female inmates by the security supervisor through the approving Warden. The PAQ indicated that no cross-gender searches have been conducted in the previous twelve months and that female inmates are not housed at the facility.

115.15 (d): The Safe Prisons/PREA Plan, page 9, section B as well as Post Orders 07.006, 07.023 and 07.27, indicate that the facility enables inmates to shower, perform bodily functions and change clothes without staff of the opposite gender viewing their breasts, buttocks or genitalia. Additionally, they require staff of the opposite gender to announce their presence prior to entering a housing unit. Interviews with random inmates and interviews with random staff indicated that inmates have privacy when showering, using the restroom and changing clothes via privacy barriers. Interviews also confirm that staff of the opposite gender announce their presence when entering a housing unit. Some inmates interviewed stated that they didn't hear or didn't pay attention to an announcement by female staff. During site review, the auditor observed postings on the door of all housing units reminding opposite gender staff to announce their presence prior to entering. When the auditor entered a housing unit during the site review, staff announced, "female in the dorm". The auditor observed that all dorms had showers with some form of privacy barrier. Additionally, there were several portable privacy barriers which were constructed out of PVC pipe and placed in each bathroom for privacy. The restrictive housing had toilets within the cell. The cells had a solid door with a small window for safety and security. The shower areas in this dorm had a barrier across the front for privacy.

115.15 (e): The Safe Prisons/PREA Plan, page 16 and AD-03.22, page 2, prohibits staff from searching or physically examining a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. The PAQ indicated that there had been no searches of this nature within the past twelve months. Interviews with transgender inmates indicated that they had never been searched for the sole purpose of determining their genital status. Informal conversations with staff as well as observations during the site review indicated that there were no cameras with direct viewing capability in the showers or toilets. Informal conversations with inmates during the site review indicated that they were able to have privacy when showering, using the toilet and changing clothes.

115.15 (f): The Safe Prisons/PREA Plan, page 33 and AD-03.22 page 2 indicate that security staff are trained on conducting cross gender pat searches and searches of transgender and intersex inmates in a professional and respectful manner. The Contraband and Searches Training, page 8-15 as well as the Safe Prisons/PREA Program In-Service Training, page 4-6 and 9-11 outline these professional and respectful search techniques. The PAQ indicated that 100% of security staff had

	<p>received this training. A review of a random sample of training records indicated that staff had received the PREA training, which included a video on searches. Interviews with a random sample of staff indicated that they received this training and that they conduct all searches in a professional and respectful manner.</p> <p>Based on a review of the PAQ, the Safe Prisons/PREA Plan, AD-03.22, Post Order PO-07.006, Post Order PO-07.023, Post Order PO-07.027, the Safe Prisons/PREA Program In-Service Training, the Contraband and Searches In-Service Training, a random sample of staff training records, observations made during the site review to include the presence of opposite gender announcement postings, privacy barriers, shower curtains and the opposite gender announcement as well as information from interviews related to inmate privacy in the bathroom as well as staff's training on professional and respectful searches indicate this standard is determined to be compliant.</p>

3. Assess availability of interpretation services

4. Assess accessibility of interpretation services

5. Observe location of interpretation services

6. Informal conversations with staff regarding accessibility of interpretation services

7. Informal conversations with inmates regarding accessibility of interpretation services

Findings (By Provision):

115.16 (a): The Safe Prisons/PREA Plan, page 20-21 as well as Correctional Managed Health Care Policy Manual G-51.1 and AD-06.25 establishes the procedure to provide disabled inmates an equal opportunity to benefit from all the aspects of the facility's efforts to prevent, detect and respond to sexual abuse and sexual harassment. Inmates who are deaf or hard of hearing are provided information in American Sign

Language (ASL) while inmate who are blind or have an intellectual/cognitive disability would be read PREA information. Interviews with the Agency Head and inmates who have a disability indicated that inmates receive PREA information in a format that they can understand. Additionally, the auditor was able to utilize staff interpreters during the audit. A review of a sample of LEP inmate files indicated that they received PREA information, and they understood the information. During the site review, the PREA signage was observed to be in large text and in bright colors.

115.16 (b): The Safe Prisons/PREA Plan, page 20-21 as well as CMHC Policy Manual, Certified American Sign Language Interpreter Service, G-515 establishes the procedure to ensure meaningful access to all the aspects of the facility's efforts to prevent, detect and respond to sexual abuse and sexual harassment to inmates who are Limited English Proficient (LEP). The agency has a staff translator list that is utilized by the facility for any inmates who are LEP. They can also utilize Language Line, a service they can call that will translate information between the staff member and LEP inmate. Policy and interviews indicate that the agency's PREA information is available in numerous formats to include written (English and Spanish), video, American Sign Language, etc. and that PREA information is available throughout the facility in English and Spanish. Interviews with the Agency Head and inmates who are LEP indicated that inmates received PREA information in a format that they can understand. Additionally, the auditor was able to utilize staff interpreters during the audit. A review of a sample of files for LEP inmates indicated that they received PREA information, and they understood the information. During the tour, it was observed that PREA signage was posted throughout the facility in English and Spanish.

115.16 (c): The Safe Prisons/PREA Plan, page 21, prohibits the use of inmate interpreters, readers or any other type of inmate assistants for allegations of sexual abuse and sexual harassment. The PAQ indicated that there were no instances where an inmate was utilized. Interviews with a random sample of staff indicated that inmates are not utilized to translate for PREA purposes. Staff indicated that they had a list of staff they could utilize to translate in these circumstances. Interviews with LEP inmates indicated that other inmates were not utilized to translate for them or provide assistance. The facility also provided a list of staff both at the facility and in the agency of staff who speak and can translate in languages other than English.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, CMHPM G-51.5, CMHPCM E-37.05, the staff translator list, the Safe Prisons/PREA Program brochure, the observations made during the site review to include the PREA signage as well as interviews with the Agency Head and LEP inmates, this standard is determined to be compliant.

Interviews:

1. Human Resource Staff: Q: 1, 2, 3, 4, 5, 6

Site Review Observations:

1. Employee Personnel Files
2. Contractor Personnel Files

Findings (By Provision):

115.17 (a): The Safe Prisons/PREA Plan, page 27, section 1 as well as Executive Directive PD-75, indicates that the agency will not hire or promote anyone who may come in contact with inmates, and shall not enlist the services of any contractor who may have contact with inmates if they have: engaged in sexual abuse in prison, jail,

lockup or any other institution; been convicted of engaging or attempting to engage in sexual activity in the community or has been civilly or administratively adjudicated to have engaged in sexual abuse by force, overt or implied threats of force or coercion. A review of personnel files of staff indicated that all staff are asked about the above incidents in their application. Additionally, all staff and contractors have a criminal background completed prior to being authorized to work at the facility.

115.17 (b): The Safe Prisons/PREA Plan, page 27, indicates that the agency considers any incidents of sexual harassment in determining whether to hire or promote any staff or enlist the services of any contractor who may have contact with an inmate. Human Resource staff indicated that sexual harassment is considered when hiring or promoting staff or enlisting services of any contractors.

115.17 (c): The Safe Prisons/PREA Plan, page 39, indicates that the agency is required to perform criminal background checks and make its best effort to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignations during a pending investigation of sexual abuse for new employees that may have contact with inmates. The PAQ indicated that 100% (89) of those hired in the past twelve months that may have contact with inmates had received a criminal background check and prior institutional employers were contacted. A review of personnel files indicated 100% of the random sample reviewed had a criminal background completed initially and annually thereafter. Additionally, all staff are fingerprinted and any future arrest is automatically reported to the agency through the Fingerprint-based Applicant Clearinghouse of Texas (FACT). Human Resource staff indicated that all staff are required to have a criminal background check before they are hired and that all law enforcement agencies are contacted related to information on any prior substantiated allegations of sexual abuse or resignations while under investigation.

115.17 (d): The Safe Prisons/PREA Plan, page 39, indicates that the agency performs criminal background checks before enlisting the services of any contractor who may have contact with inmates. The PAQ indicated that there have been two (2) contracts at the facility within the past twelve months. Of those contracts, 100% of the staff have had a criminal background check prior to enlisting services. A review of a random sample of contractor personnel files indicated that criminal background checks had been conducted. Human Resource staff indicated that all contractors have a criminal background check completed prior to working at the facility.

115.17 (e): The Safe Prisons/PREA Plan, page 39, outlines the system that is in place to capture criminal background information. The agency utilizes the FACT process. All staff and contractors are fingerprinted and anytime an individual in this system is arrested the TDCJ is immediately notified. This system is more efficient than annual background checks as it is live information and the agency is notified immediately

and able to terminate employment. All staff have an annual background completed each year in addition to the FACT process. The interview with Human Resource staff confirmed that all staff and contractors are entered into the FACT system and that any arrests are immediately reported to the agency.

115.17 (f): The Safe Prisons/PREA Plan, page 38, indicates that the agency will ask all applicants and employees who have contact with inmates directly about whether they have: engaged in sexual abuse in prison, jail, lockup or any other institution been convicted of engaging or attempting to engage in sexual activity in the community or has been civilly or administratively adjudicated to have engaged in sexual abuse by force, overt or implied threats of force or coercion through a written application, during any interviews or through any written self-evaluations as part of a review of current employees. A review of personnel files of staff indicated that all staff were asked about the above incidents in their supplemental application. Additionally, the interview with Human Resource staff confirmed that these questions are contained on the employment application supplement that is required for all applicants.

115.17 (g): The Safe Prisons/PREA Plan, page 38, indicates that material omissions regarding sexual misconduct or the provision of materially false information is grounds for termination. Human resource staff confirm that any false information or omissions would result in an employee or contractor being terminated.

115.17 (h): Executive Directive PD-56 indicates that the agency will provide information related to substantiated allegations of sexual abuse or sexual harassment involving a former employee to institutional employers for whom the employee has applied to work. Human resource staff indicated that this information would be provided when requested.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, PD-73, PD-75, PERS 598, PERS 282, PD 71, a review of personnel files for staff and contractors and information obtained from the Human Resource staff interview, this standard is determined to be compliant.

Site Review Observations:

- 1. Observations of Absence of Modification to the Physical Plant
- 2. Observations of Video Monitoring Technology

Findings (By Provision):

115.18 (a): The facility has not designed, acquired or planned any expansion or modification of the existing facility. The PAQ as well as interviews with the Agency Head and Warden confirmed there have not been any modifications to the facility since August 20, 2012. During the site review, the auditor did not observe any renovations, modifications or expansions.

115.18 (b): The facility has not installed or updated video monitoring technology, electronic surveillance system or other monitoring technology within the audit period. The PAQ as well as interviews with the Agency Head and Warden confirmed there have not been any upgrades or installation of video monitoring technology. Cameras were noticed by the auditor throughout the facility.

Based on the PAQ, the interviews with the Agency Head as the Warden, and observations of the facility during the site review, this standard is determined to be compliant.

3. Inmates Who Reported Sexual Abuse: Q: 8, 9
4. SAFE / SANE Staff: Q: 1, 2 (Exams are conducted at the local hospital. These staff were not able to be interviewed)

Findings (By Provision):

115.21 (a): AD-16.03, Evidence Handling, and OIG-7.13 outline the uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. All investigators follow the same evidence protocol no matter the crime. The PAQ indicated that the facility is

responsible for conducting administrative investigations while the Office of the Inspector General (OIG) is responsible for conducting administrative and criminal investigations. Interviews with random staff indicated they are aware of evidence protocol; however, they do not collect evidence, rather the OIG does. They indicated they were aware of how to preserve evidence. A review of the uniform evidence protocol indicates that there is sufficient technical detail to aid responders in obtaining usable physical evidence.

115.21 (b): OIG-7.13 outlines the uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. Per the PAQ as well as the Safe Prisons/PREA Plan this was developed appropriate for youth and was adapted from the DOJ's Office of Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adult/Adolescents".

115.21 (c): The Safe Prisons/PREA Plan, page 13-14, section 5 indicates that all inmate victims of sexual abuse shall be offered access to forensic medical examinations at no cost. The facility does not offer forensic medical examinations on-site. Rather the inmate is transported to a local hospital where the forensic examination is performed by nurses with specialized training. The PAQ indicated that during the previous twelve months, there have been no forensic exams conducted.

115.21 (d): The Safe Prisons/PREA Plan, page 12, outlines the process for offender victim services. The plan indicates that attempts shall be made to make a victim advocate from a rape crisis center available to the offender victim. Additionally, the plan indicates that the Warden shall designate at least two Offender Victim Representatives (OVR) to serve as the TDCJ qualified staff member to provide advocacy services. The facility does not currently have an MOU in place for a provider in the community for victim advocacy services. The facility provided the auditor with documentation of solicitation to attempt to acquire a provider. The facility does, however, have training staff who service as Inmate Victim Representatives. The list of these staff was provided to the auditor. Interviews with the inmates and staff indicated the IVR is available to provide advocacy services if needed or requested.

Inmates interviewed were aware of this service. **The hotline number can be accessed by inmates in the dorms by directly dialing the number. A test call was made to the provider and the call went through to a live staff member at the provider. The executive director of this community provider explained to the auditor that the crisis hotline is answered by staff during regular business hours, and by volunteers after business hours. The volunteer and community provider staff advocates accompany the victim to the hospital if there is a sexual assault exam. A review of the MOU also specified the responsibilities of the advocates and that they are required to complete a volunteer application and complete the required volunteer training and background screening.** Staff advocates will offer support,

information and referrals, help victims understand their options and understand and exercise their rights as a victim of a crime.

115.21 (e): The Safe Prisons/PREA Plan, page 12, outlines the process for offender victim services. The plan indicates that attempts shall be made to make a victim advocate from a rape crisis center available to the offender victim. Additionally, the plan indicates that the Warden shall designate at least two OVRs to serve as the TDCJ qualified staff member to provide advocacy services. Mental Health Staff and OVR staff are the qualified staff members at the facility who provide advocacy services when necessary. Interviews with the inmates and staff indicated the staff victim advocates are available to provide advocacy services during the forensic medical examinations and investigatory interviews if needed or requested. **Postings were noted in the facility which displayed the 24/7 crisis hotline number for the community provider. Inmates interviewed were aware of this information. The executive director of this community provider explained to the auditor that the crisis hotline is answered by staff during regular business hours, and by volunteers after business hours. The volunteer and community provider staff advocates also go to the hospital if there is a sexual assault exam, to accompany and support the victim. The volunteer and community provider staff advocates also provide emotional support, crisis intervention, information and referrals as well as supporting the victim during investigatory interviews. A review of the MOU also specified the responsibilities of the advocates and that they are required to complete a volunteer application and complete the required volunteer training and background screening. A review of the provider's website indicated that they do provide victim advocate emotional support services.**

115.21 (f): The facility is responsible for conducting administrative investigations while the Office of the Inspector General is responsible for conducting administrative and criminal allegations. The OIG is independent of the agency, however policies including OIG-04.05, indicate they are required to comply with all federal PREA standards.

115.21 (g): The facility is responsible for conducting administrative investigations while the Office of the Inspector General is responsible for conducting administrative and criminal allegations. The OIG is independent of the agency, however policies including OIG-04.05, indicate they are required to comply with all federal PREA standards.

115.21 (h): **SPPOM 02.02** outlines the requirements for offender victim representatives. Those authorized to serve in this capacity receive specialized training via the Offender Victim Representative Training and include mental health practitioners, sociologists, chaplains, social workers and case managers. The volunteer and staff of the community provider are required to be trained in the standard response to a victim's report of or request for help related to sexual abuse. Each of these volunteers and community provider staff members undergo security clearances and training in accordance with the TDCJ Volunteer Services Plan.

	<p>Based on a review of the PAQ, The Safe Prisons/PREA Plan, CMHCPM G-5701, OIG 7.13, SPPOM 05.01, BP 01.07 Offender Victim Representative Training, emails from the facility's attempts to obtain a community provider for victim advocacy and information from interviews with the PREA Compliance Manager, and interview response from inmates, this standard is determined to be compliant.</p>

If the allegation requires an administrative investigation, the supervisor or Warden will ensure an Administrative Incident Review is completed promptly. All allegations will be forwarded to the OIG for investigation. The PAQ indicated that there was one (1)</p>

allegation reported within the previous twelve months. The interview with the Agency Head indicated that all allegations are taken seriously and are investigated either administratively by a trained staff member at the facility or criminally by the Office of the Inspector General. The interview also indicated all criminal investigators had received specialized investigator training.

115.22 (b): AD-02.15 indicates that the OIG is the primary investigative and law enforcement entity of the TDCJ. The OIG serves as the independent office responsible for conducting investigations in accordance with professional standards related to the field of investigations in a government environment.

The policy regarding investigations is published on the agency's website:

Interviews:

1. Interview with Random Staff: Q: 1

Findings (By Provision):

115.31 (a): PD-29 and the Safe Prisons/PREA Plan, page 33-35 indicate that all staff are required to receive PREA training at least every two years. A review of the PREA training curriculums confirm that the agency trains all employees who may have contact with inmates on the following matters: its zero tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual harassment policies

and procedures, the inmates right to be free from sexual abuse and sexual harassment, the right of the inmate to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with inmates, how to communicate effectively and professionally with lesbian, gay, bisexual, transgender and intersex inmates and how to comply with relevant laws related to mandatory reporting. A review of a sample of staff training records indicated that 100% of those reviewed received PREA training. Additionally, records indicated that staff received training weekly at shift turnout. The PCM ensures that staff are trained on a different section of PREA monthly. Interviews with random staff confirmed that they had received PREA training within the previous twelve months and that they continuously receive PREA training. The staff were exceptionally knowledgeable on PREA.

115.31 (b): The Safe Prisons/PREA Plan, page 33-35 and SM-02.25, page 16, indicate that the training shall be tailored to the gender of the offenders at the unit of assignment and that the employee shall receive additional training when transferring to a unit with offenders of a different gender. The facility houses only male inmates and as such the staff receive training tailored to male inmates. The PAQ indicated that training is tailored to the gender of inmate at the facility and that employees who are reassigned to facilities with opposite gender are given additional training. A review of a sample of staff training records indicated that 100% of those reviewed received PREA training.

115.31 (c): The PAQ indicated that 100% of the staff have been trained in PREA requirements and that they receive PREA training annually. The PAQ also indicated that in between trainings staff are provided PREA information at shift turnouts. A review of documentation confirmed that all staff received PREA training and that they receive an annual refresher training during in-service. A sample of staff training records indicate that all the staff reviewed received the PREA training. Interviews with random staff confirm that they received training.

115.31 (d): The PAQ indicated that all staff are required to physically sign or electronically acknowledge that they received and understood the PREA training. Training courses are approved through the TDCJ training database. Employees are required to enroll and complete courses through this database. If the training is a classroom setting, the trainer of the class or designee is required to ensure the course is entered into the database. Additionally, a supplemental training record is kept for all classroom style training. A review of the training records indicate that all staff sign an acknowledgement of training once completed.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, PD-29, ED-12.10, SM-02.25, the PREA Training Curriculums, a review of a sample of staff training records as well as interviews with random staff indicate that this standard is compliant.

2. Interpretation Services for LEP Inmates
3. If inmates must self-identify (enter PIN, provide name / ID number)
4. Accessibility of interpretation services
5. Availability of interpretation service

Findings (By Provision):

115.33 (a): Intake Procedures 1.10, the Safe Prisons PREA Plan and UCPM 5.00 Orientation Procedures outline the requirement for inmates to receive PREA education, specifically information on the agency's zero tolerance policy and how to report incidents or suspicion of sexual abuse or sexual harassment. Inmates receive orientation within seven calendar days of arrival and receive five hours of peer education, to include sexual assault awareness. The PAQ indicated that 638 inmates received information on the zero-tolerance policy and how to report at intake. This is equivalent to 100% of inmates who received this information at intake. A review of the offender orientation handbook showed that it included information on the zero-tolerance policy and the reporting methods. This handbook is provided to inmates at intake. A review of a sample of inmate files (202) indicated that 100% of those reviewed had been documented that they received PREA information at intake. During the site review, the auditor observed the intake area and was provided an overview of the intake process. Inmates were provided a handout/brochure and were also asked the risk screening questions during this time. The interview with the intake staff indicated that the facility provides inmates information related to the zero-tolerance policy and reporting mechanism via the orientation packet. Random inmates (27) that were interviewed indicated that they received PREA information at the time of intake. Interviews with inmates who were LEP (5) and inmates with disabilities (2 hard of hearing) indicated that they were all provided assistance relative to their situation in a manner that they were able to understand. The facility provides certified interpretation services to inmates who are LEP. Many staff at this facility are bi-lingual. If a language other than Spanish is needed, the language interpretation services are utilized. The written information is also provided in English and in Spanish. Staff assist inmates if they are unable to see or read. Mental Health and education staff assist inmates who may have cognitive or functional disabilities.

115.33 (b): The Safe Prisons/PREA Operations Manual 06.02 outlines the requirement for inmates to receive PREA education, specifically the comprehensive education that is provided to the inmates. The manual indicates that the Sexual Abuse/PREA Awareness video will be shown to all offenders within 30 days of arrival into the TDCJ and if the inmate is received at a facility and it is determined that he/she has not seen the video, they are to receive it immediately. A review of the video while on-site indicated that inmates were educated on their rights to be free from sexual abuse and sexual harassment and their right to be free from retaliation. The video also goes over the agencies policies and procedures related to prevention, detection and response. The PAQ indicated that 240 inmates received comprehensive PREA education within 30 days of intake. This is equivalent to 100%. Staff indicated that numerous inmates receive education prior to the 30 days and as such inmates who are there less than 30 days have also received the PREA comprehensive education. A review of a sample of inmate files (202) indicated that 100% of those reviewed had been documented that they received comprehensive PREA education. Interviews with the intake staff and random inmates (30) confirmed that all inmates receive comprehensive PREA education.

115.33 (c): A review of a sample of inmate records (202) indicated that 100% of those sampled received comprehensive PREA education. All inmates that are received by the facility receive PREA training and education. Interviews with intake staff indicate all inmates receive PREA education.

115.33 (d): The Safe Prisons/PREA Plan, page 20-21 establishes the procedure to provide disabled inmates an equal opportunity to benefit from all the aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. Inmates who are deaf or hard of hearing are provided information in American Sign Language (ASL) while inmates who are blind or have an intellectual/cognitive disability would be read PREA information. The Safe Prisons/PREA Plan, page 20-21, establishes the procedure to ensure meaningful access to all the aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment to inmates who are Limited English Proficient (LEP). The agency has a staff translator list that is utilized by the facility for any inmates who are LEP. They can also utilize the language line, a service they can call which will translate information between the staff member and LEP inmate. A review of a sample of LEP inmate files (5) indicated that they received PREA information, and they understood the information. The auditor interviewed LEP inmates (5) during the on-site audit. Some of these inmates understood sufficient English. All were assisted by an interpreter. During the site review, the PREA signage was observed to be in large text, bright colors and in Spanish.

115.33 (e): Initial intake is completed when the inmate signs the orientation sign-in sheets. Comprehensive PREA education is documented via the offender sexual abuse awareness education sign-in roster. This information is then entered into the offender's individual treatment plan. A review of inmate files (202) indicate that all inmates have been provided comprehensive PREA education.

115.33 (f): The PAQ indicated that information is continuously available through posters, inmate handbooks or other written forms for the inmate population. A review of documentation indicated that the facility had PREA information via the offender orientation handbook, and through PREA signage which specifies the zero-tolerance policy and information regarding how to report sexual abuse and sexual harassment. During the site review, the auditor observed the signage regarding the zero-tolerance policy and reporting information in each housing unit and in common areas. The signage included the audit notice, how to report sexual abuse and sexual harassment, and access to victim emotional support services. This signage was in common areas and was accessible and consistent. Informal conversations during the site review with both staff and inmates indicated that they knew about PREA and how to report and access services.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, the Safe Prison/PREA Operations Manual 06.02, Intake Procedures 1.10, the offender orientation handbook, the Safe Prisons/PREA Program Brochure, a sample of inmate records (202),

	<p>observations made during the site review to include the availability of PREA information (zero-tolerance policy of sexual abuse and sexual harassment) via signage and documents as well information obtained during interviews with intake staff and random inmates, this standard is determined to be compliant.</p>

5. Specialized Training Documentation for Medical / Mental Health staff

Interviews:

1. Medical and Mental Health Staff: Q: 1, 2

Site Review Observations:

1. Observations during on-site review of physical plant

Findings (By Provision):

115.35 (a): Correctional Managed Health Care Policy Manual C-25.1, requires that all medical and mental health care staff complete an orientation within 90 days. The orientation includes security, classification and health care topics and specifically discusses the detection, assessment and response to offender/victim sexual abuse and sexual harassment. Medical and mental health services are provided through the University of Texas Medical Branch (UTMB). The Managed Care PREA Annual Training is required to be completed within the first quarter by all staff and includes the following topics: how to detect and assess signs of sexual abuse and sexual harassment; how to preserve physical evidence of sexual abuse, how to respond effectively and professionally to victims of sexual abuse and sexual harassment and how and whom to report allegations or suspicion of sexual abuse and sexual harassment. The PAQ indicated that the facility has 15 medical and mental health staff and that 100% of these staff received the specialized training. A review of medical and mental health training records indicated that all those reviewed received the specialized training. Interviews with medical and mental health staff confirmed that they had received the PREA specialized training.

115.35 (b): This provision does not apply. Forensic exams are not conducted on-site by any of the facility's medical staff. Inmates are transported to a local hospital, where nurses with specialized training complete the forensic medical examination. Senate Bill 1191 requires these nurses to have received specialized training prior to conducting these exams. Interviews with medical and mental health care staff confirm that they do not perform forensic medical examinations.

115.35 (c): The PAQ indicated that documentation showing the completion of the

training is maintained by the agency. A review of sample training documents for medical and mental health care staff confirms that staff who complete the specialized training are required to complete a post text quiz and that a certificate is printed showing the test score and completion of the training. The certificate of completion is added to each staff members training file.

115.35 (d): All medical and mental health care staff are considered contractors. The PAQ indicated that contractors who have contact with inmates have been trained on their responsibilities under the facility’s policies and procedures on sexual abuse and sexual harassment. The PREA training provided to medical and mental health staff is the initial NEO Training: Safe Prisons/Sexual Assault. Additionally, all contractors are required to view the Safe Prisons/PREA in Texas training video and sign that they understand the information received. A review of sample training documents for medical and mental health care staff indicated that 100% of those reviewed completed and signed the training. Additionally, the interview conducted with medical and mental health staff confirmed that they had received PREA training.

Based on a review of the PAQ, the Safe Prisons PREA Plan, CMHCPM C-25.1, CMHCPM 97, a review of medical and mental health care staff training records as well as interviews with medical and mental health care staff, this standard is determined to be compliant.

1. Staff Responsible for Risk Screening: Q: 1, 2, 3, 4, 5, 6, 7, 8
2. Random Inmates: Q: 7, 8
3. PREA Coordinator: Q: 4
4. PREA Compliance Manager: Q: 6

Site Review Observations:

1. Observations of Risk Screening Area
2. Observations of Where Inmate Files are Located
3. Confirmation of Who is Responsible for Risk Screening
4. Confirmation of Privacy
5. Confirmation of Use of Screening Instrument
6. Confirmation of affirmatively asking questions about sexual orientation and gender identity
7. Informal conversations with staff
8. Informal conversations with inmates
9. Review of Screening Instrument for the required criteria

Findings (By Provision):

115.41 (a): The Safe Prisons/PREA Plan, pages 16-17, as well as the SPPOM 03.01, page 1, indicates that all inmates will be assessed during the intake screening for their risk of being sexual abused by other inmates or sexually abusive toward other inmates. During the site review, the auditor observed the intake area where the risk screening occurs. The risk screening is conducted in a private office setting, typically with the PREA Compliance Manager (Safe Prisons Staff). Interviews with random inmates confirm that they were asked the risk screening questions either the same day or the next day. The interview with the staff responsible for the risk screening indicated that inmates are screened at intake and that the offender assessment screening form is completed. The PCM conducted interviews in a manner that fostered comfort and elicited responses from the inmate. The PCM utilized the risk screening tool which affirmatively asks inmates about their sexual orientation and

gender identity. The PCM directly inquired if the inmate identifies as LGBTI and also made subjective determinations about the inmate's perceived status. The risk screening instrument returns a subsequent score or determination of risk of being sexually abused or being sexually abusive. The auditor directly observed the risk screening and determined that the inmates who were screened felt comfortable answering questions in the private office space where the screening was conducted.

115.41 (b): The Safe Prisons/PREA Plan, pages 16-17, as well as the SPPOM 03.01, page 1, indicates that all inmates will be assessed during the intake screening for their risk of being sexual abused by other inmates or sexually abusive toward other inmates within 72 hours. The PAQ indicated that inmates are screened within this timeframe and that 638 inmates were received at the facility whose length of stay was for 72 hours or more. The PAQ indicated that 100% of those whose length of stay was for 72 hours or more received the risk screening within 72 hours. A review of a sample of inmate files (11) confirmed that this screening takes place within 72 hours. The interview with staff responsible for risk screening (the PCM) also noted that the screening takes place within 72 hours of the inmate's arrival at the facility. Interviews on-site with inmates (30) also indicated that inmates recalled being asked the screening questions upon their arrival or shortly thereafter.

115.41 (c): The PAQ indicated that the risk screening is conducted using an objective screening instrument. A review of Attachment E and E-1 indicated that inmates answer yes or no questions. These questions are for prior incarceration, current or prior sexual offense convictions, criminal history that is exclusively non-violent, prior institutional sexual victimization or prior institutional violence of sexual abuse, if the inmate is currently or has ever been assigned to safekeeping or protective safekeeping, if the inmate has prior sexual victimization prior to incarceration. The instrument also asks the inmate if they feel at risk from sexual abuse, sexual harassment or other forms of victimization, if they have any developmental disabilities, how they wish to identify, and if they identify as transgender or intersex. The instrument also has a question which asks the observation of the staff whether the inmate displays characteristics or demeanor of the opposite sex or appears gender non-conforming. The screening instrument also has a full page in which the interviewer can indicate their notes regarding the risk screening interview. The PCM performs most of the risk screening interviews and indicated in the interview with the auditor that the screening tool asks the inmate if they have ever been a victim of sexual assaults or otherwise victimized. The PCM stated that the inmate is asked their name and number and then they go through the questions in the questionnaire. The auditor observed this process during the on-site audit.

115.41 (d): A review of the Safe Prisons / PREA 24 hour, E or Special Assessment, E-2 form, indicates that the intake screening considers the following criteria to assess inmates for risk of sexual victimization: whether the inmate has a mental, physical or

developmental disability; the age of the inmate; the physical build of the inmate; whether the inmate was previously incarcerated; whether the inmate's criminal history is exclusively nonviolent; whether the inmate has prior convictions for sex offenses against an adult or child; whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex or gender nonconforming; whether the inmate has previously experienced sexual victimization and the inmate's own perception of vulnerability. Inmates at the facility are not held solely for civil immigration purposes and as such this portion of the screening is not included.

115.41 (e): A review of the Safe Prisons / PREA 24-hour, E or Special Assessment, E-2 form confirms that the intake screening considers the following: prior acts of sexual abuse, prior convictions for violent offenses and prior institutional violence or sexual abuse known to the facility. Interview with the risk screening staff confirms that these criteria are considered and utilized to determine if the inmate is a potential predator and how to house accordingly.

115.41 (f): SPPOM 03.01, page 1 and 5, indicates that inmates would be reassessed for the inmate's risk of victimization or abusiveness within 30 days from their arrival at the facility. The PAQ indicated that the facility requires inmates to be reassessed and that 1504 inmates were reassessed within 30 days. The PAQ indicated that 240 inmates' length of stay was for 30 days or more. The numbers indicate that 100% of those inmates whose length of stay was for 30 days or more received a reassessment. An interview with staff responsible for the risk screening indicated that inmates are reassessed between 15 and 30 days. Interview with random inmates (30) indicated that they were asked the risk screening questions typically on the first or second day. A review of a sample of inmate files (11) who had been housed at this facility for a more extended period of time indicated that inmates are being reassessed within the 30-day timeframe.

115.41 (g): SPPOM 03.01, page 5, indicates that inmates would be reassessed for their risk of victimization or abusiveness when warranted due to referral, request, incident of sexual abuse or receipt of additional information that bears on their risk of sexual victimization or abusiveness. The PAQ indicated that this practice is occurring. An interview with the staff responsible for risk screening indicated that inmates are re-assessed by UCC and also in the event of new information arising or incidents occurring which may indicate a change in the inmate's risk need. Interviews with random inmates (30) indicated that they were asked the risk screening questions at least twice and a few had been asked more than twice. A review of a sample of inmate files (11) indicated that inmates are being reassessed.

115.41 (h): The Safe Prisons/PREA Plan, pages 19-20, as well as the SPPOM 03.01,

page 2, indicates that inmates would not be disciplined for refusing to answer the following questions during the risk screening: whether or not the inmate has a mental, physical or developmental disability; whether or not the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex or gender nonconforming; whether or not the inmate previously experienced sexual victimization and the inmate’s own perception of vulnerability. The PAQ indicated that inmates are not disciplined for refusing to answer. The interview with the staff responsible for risk screening indicated that inmates are not disciplined for refusing to answer any of the questions in the risk screening. Interviews with random inmates (30) confirmed that they have never been disciplined for not answering any screening questions.

115.41 (i): The Safe Prisons/PREA Plan, pages 19-20 as well as the SPPOM 03.01, page 2, as well as the PAQ indicated that the agency has implemented appropriate controls on the dissemination of the screening information to ensure that sensitive information is not exploited to the inmate’s detriment by staff or other inmates. Interviews with the PREA Coordinator, PREA Compliance Manager (staff responsible for the risk screening) indicate that the information obtained during the risk screening is only assessable to the Compliance Manager, the Major and other supervisors. The Compliance Manager keeps the risk screening in filing cabinets and offices which are securely locked. The risk screening staff stated to the auditor that they use the risk screening information to keep inmates safe through assignment of appropriate housing, work and programs. Access to this risk screening information on the electronic platform is accessible to staff with the profile authorization for their position. All staff are not able to access this information electronically.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, SPPOM 03.01, Attachment E, a review of inmate files with risk assessments and re-assessments (11) as well as information from interviews with the PREA Coordinator, PREA Compliance Manager, staff responsible for conducting the risk screenings and random inmates (30) indicate that this standard is compliant.

5. Gay, Lesbian and Bisexual Inmates

Site Review Observations:

1. Location of Inmate Records.
2. Housing Assignments of LGBTI Inmates
3. Shower Area in Housing Units

Findings (By Provision):

115.42 (a): Unit Classification Procedure 4.00, AD-04.17, pages 6-8 and SPPOM 03.01,

indicates that the agency uses the information from the risk screening to inform housing, bed, work, education and program assignments with the goal of keeping separate inmates at high risk of being sexual abused from those at high risk of being sexually abusive. Interviews with the Compliance Manager (staff responsible for the risk screening) indicated that the information is used to make housing determinations and job assignment determinations. This interview confirmed that inmates at high risk of victimization would not be authorized work assignments or program/education assignments with inmates at high risk of being sexually abusive. A review of inmate files and of inmate housing and work assignments confirmed that inmates at high risk of victimization and inmates at high risk of being sexually abusive were not housed together, did not work together and did not attend education/programs together.

115.42 (b): The PAQ indicated that the agency makes individualized determinations about how to ensure the safety of each inmate. The interview with the staff responsible for the risk screening indicates that all offender risk assessments are reviewed by the Unit Classification Team to determine the safest housing, work and program assignments and they would not be placed in the same dorm. The PCM and the Major are involved with all housing of inmates who are at high risk of victimization or high risk of being sexually abusive.

115.42 (c): The Safe Prisons/PREA Plan, page 19, indicates that housing and program assignments for transgender and intersex inmates are considered on a case-by-case basis to ensure the inmate's health and safety, and whether the placement would present management or security problems. AD-04.17 states that all inmate housing assignments, including assignment to a unit or to a specific housing area, such as dormitories, cellblocks, rows or other similar areas shall be made on the basis of objective criteria. The housing assignment criteria includes security related criteria such as criminal history, history of institutional sexual violence or victimization, current offense, sentence length and amount of time completed on sentence, violent or passive tendencies, criminal sophistication, inmate enemies, LGB tendencies, transgender and intersex identification, height, age and weight, security threat group affiliation, disciplinary record and other special safety precautions and requirements. The PAQ indicated that this practice is taking place and that this occurs at the agency's reception centers where inmates arrive. The interview with the PCM indicated that these housing determinations are made on a case-by-case basis. The type of program the inmate is required to participate in is a factor in determining housing, however safety and security are also taken into consideration when assigning housing which is based on the inmate's program assignment.

There were no inmates at this facility during the dates of the on-site audit who identified as transgender.

115.42 (d): SPPOM 03.02, indicates that housing and program assignments for

transgender and intersex inmates are reassessed at least twice each year to review any threats to the inmate's safety. The PAQ indicated that this practice is taking place. Transgender and Intersex inmates are seen by a committee (Unit Classification Team) twice a year and all inmates are reassessed within 15 - 30 days of their arrival. The interview with the PC and staff responsible for the risk screening indicated that transgender and intersex inmates are seen by classification every 30 days or sooner if needed to review their safety, security and assignments. During the dates of the on-site audit, there were no transgender inmates housed at the facility.

115.42 (e): SPPOM 03.02, indicates that the inmate's own views with respect to his or her safety is given serious consideration. The PAQ indicated that this practice is taking place. The interview with the PCM and staff responsible for the risk screening indicated that transgender and intersex inmates are asked about their safety during the assessments and this information is given serious consideration. During the dates of the on-site audit, there were no transgender inmates housed at the facility.

115.42 (f): The Safe Prisons/PREA Plan, page 9, indicates that transgender and intersex inmates are given the opportunity to shower separately. During the site review it was confirmed that all inmates are provided privacy while showering from one another via barriers. The interview with the PCM and the staff responsible for risk screening confirmed that transgender and intersex inmates can shower separately. During the dates of the on-site audit, there were no transgender inmates housed at the facility.

115.42 (g): The PAQ and a review of housing assignments for inmates who identify as LGBTI indicated that these inmates were assigned to various dorms throughout the facility. The interviews with the PC and PCM confirmed that LGBTI inmate are not placed in one specific housing unit. Interviews with inmates who identified as LGB indicated that they did not feel they were placed in any specific dorm based on their sexual preference and/or gender identity.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, SPPOM 03.01 and 03.02, AD-04-17, AD-04-18, Unit Classification Procedure 4.00, a review of inmate housing assignments, and information from interviews with the Compliance Manager, staff responsible for conducting risk screenings and LGB inmates, this standard is determined to be compliant.

3. Inmates in Segregated Housing for risk of sexual victimization / who allege to have suffered sexual abuse: Q: 2, 3, 4

Site Review Observations:

1. Observation of Housing Units – Restrictive Housing

Findings (By Provision):

115.43 (a): The Safe Prisons/PREA Plan, page 18-19, indicates that the agency does not place inmates at high risk for sexual victimization in involuntary restrictive housing unless an assessment of all available alternatives has been made and no alternative is available to separate the inmate from likely abusers. Specifically, inmates who are referred for protective custody are reviewed within seven days, and then every seven days for the first 60 days. After 60 days, the inmate would be reviewed every 30 days. Inmates at the facility are only placed on a restrictive housing status due to high risk of sexual victimization and until an alternate housing can be arranged. According to the PAQ, there have been no inmates at risk of sexual victimization who were held in involuntary segregated housing in the past 12 months. The interview with the warden indicated that any relevant information would be documented if an inmate were placed in restrictive housing and this information is submitted in order to protect the inmate. The inmate would be monitored and reviewed to determine if there was anything further needing to be done. There were no inmates in involuntary segregation for risk of sexual abuse during the on-site audit.

115.43 (b): The Safe Prisons/PREA Plan, page 18-19, indicates that if an inmate was placed in restrictive housing, they would have access to programs, privileges, education and work opportunities to the extent possible and all limitations would be documented with indication of the reason and length of time of limitation. The I-203 form documents the placement and restrictions for inmates on a segregated status. Staff who supervise inmates in segregated housing were interviewed and stated that inmates in segregation have access to programs, however it is modified due to their status. The staff indicated that the housing log is documented with the nature of the programs, education and privileges and if and how it is modified. There were no inmates in segregated housing for risk of sexual victimization or who allege to have suffered sexual abuse during the dates of the on-site audit.

115.43 (c): The Safe Prisons/PREA Plan, page 18-19, indicates that if an inmate was placed in restrictive housing due to risk of victimization they would only be placed until an alternative means of separation from likely abusers could be arranged, and such assignment would not ordinarily exceed 30 days. The FAQ indicates that in the past 12 months, there were zero (0) inmates at risk of sexual victimization who were assigned to involuntary segregated housing for longer than 30 days while awaiting alternative placement. A review of the inmates' housing assignment for those who have alleged sexual abuse indicates that they were not held in restrictive housing status for 30 days. Many of these inmates were moved to alternate housing within a few days of placement in restrictive housing. Interviews with the Warden and staff who supervise inmates in segregated housing indicated that this is standard practice. There were no inmates in segregated housing for risk of sexual victimization or who allege to have suffered sexual abuse during the dates of the on-site audit.

115.43 (d): The Offender Protection Investigation form documents the basis for the concern for the inmates' safety and why no alternative means of separation could be arranged. The PAQ indicates there were zero (0) inmates held in involuntary segregated housing the past 12 months. A review of the inmates' housing assignment for those who have alleged sexual abuse indicates that they were not held in restrictive housing status for 30 days. Many of these inmates were moved to alternate housing within a few days of placement in restrictive housing. The interview with the Warden indicated that this is standard practice.

115.43 (e): The Restrictive Housing Plan, page 11, indicates that if an inmate was placed in restrictive housing due to risk of victimization, they would be reviewed every 30 days to determine if there was a continued need for the inmate to be separated from the general population. Specifically, the Restrictive Housing Plan indicates that inmates who are referred for protective custody are reviewed within seven days, and then every seven days for the first 60 days. After 60 days, the

	<p>inmate would be reviewed every 30 days. A review of the inmates' housing assignment for those who have alleged sexual abuse indicates that they were not held in restrictive housing status for 30 days. Many of these inmates were moved to alternate housing within a few days of placement in restrictive housing. The interview with the Warden indicated that this is standard practice.</p> <p>Based on a review of the PAQ, the Safe Prisons/PREA Plan, the Restrictive Housing log, the Safe Keeping Plan and the Offender Protection Investigation Form, observations from the facility site review related to any restrictive housing areas as well as information from the interview with the Warden indicates that this standard is compliant.</p>

Site Review Observations:

1. Observation of PREA Reporting Signage in all Housings Units – PREA Ombudsman postings were in both English and Spanish in each unit (posters, pamphlets, brochures, electronic signage – audit notices civil immigration information, how to report sexual abuse and sexual harassment, access to outside victim emotional support services and any other relevant PREA information) (readable, accessible, consistent, placed throughout the facility, accurate)

2. Informal conversations with staff and inmates

3. Mail drop boxes

a. How does mail move

b. Accessibility for inmates in segregation

4. Record Storage (physical security and electronic security)

Processes Tested:

1. Reporting in Writing (note or grievance form)

2. Access to writing materials

3. Process for Sending / Receiving Mail

4. Reporting Electronically (tablet / kiosk)

5. Anonymous reporting

6. Reporting via Phone

Findings (By Provision):

115.51 (a): The Safe Prisons/PREA Plan, page 20-21, outlines the multiple ways for inmates to privately report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse or sexual harassment and staff neglect or violation of responsibilities that may have contributed to such incidents. A review of additional documentation to include the offender orientation handbook, and PREA signage indicated that there are multiple ways for inmates to report. These reporting

mechanisms include: to any employee, contractor or volunteer; on an inmate request (I-60 form), via sick call, via grievance, by calling or writing the PREA Ombudsman or by having any family member or friend report the allegation to the Office of the Inspector General, PREA Ombudsman or any facility staff member. During the site review, it was observed that information pertaining to how to report PREA allegations to the PREA Ombudsman and the OIG was posted in all housing units. The signage was easily read / accessed by persons in the facility. The language in the posting was clear and easy to understand and was specific to services, such as emotional support services, civil immigration and external reporting. The signage details what services are available and for what purposes. The signage is provided in English and Spanish. The signage text, formatting and physical placement accommodates most readers including those of average height, low vision / visually impaired or those physically disabled (in a wheelchair, etc.) The information provided by the signage is not obscured, unreadable by graffiti, or missing due to damage. The information in the signage is accurate and consistent throughout the facility. The audit notices were relevant to the current audit and the contact information was consistent for the service provider / organization name, addresses, phone number. Signage related to how to report sexual abuse and / or sexual harassment (external and internal reporting methods) was posted near the phones in the housing units. This information was also observed to be posted in areas where inmates attend programming, work areas and education areas as well as in medical areas. Informal interviews with inmates at various locations in the facility indicated that they had seen the information posted and knew where the signage was located if they needed to read them. Interviews with a sample of inmates confirm that they are aware of the methods to report sexual abuse and sexual harassment and that they were informed on these methods. Most inmates indicated that they would ask to speak to the PCM, fill out an I-60 or tell a family member or friend. Interviews with random staff confirm that they take all allegations seriously and that inmates have multiple ways (those indicated above) to report sexual abuse and sexual harassment. During the on-site audit, the auditor questioned the process for inmates to obtain writing materials in order for them to submit written notes, grievance forms, etc. Inmates and staff both advised that these materials are distributed regularly and are also available upon request by the inmate to any staff member. Forms for submitting a written request are also available to inmates within the housing units without having to ask the staff member for them. Mail drop boxes were observed in the facility at various locations including the housing units and do not have to be given directly to a staff member in order to be processed. Mail drop boxes were locked and secured and only accessible by designated staff. Mailroom staff at the facility were interviewed and they stated that confidential mail is processed in the same manner as legal mail.

A test call was made from the housing units to the victim advocate and to the hotline #. The call went directly to a live person who verified the reporting services provided to the facility.

The auditor observed that the physical storage area for records and documentation such as risk screening information, medical records, sexual abuse allegations, etc. are secured and not accessible to staff who are not authorized to see such information. Physical records are stored in locked cabinets within locked offices / rooms. Electronic information is secured with password protection and accessible only by the staff member's role access. Informal conversations with medical staff and classification staff confirmed this.

115.51 (b): The Safe Prisons/PREA Plan, page 20-21, indicates that the agency has a way for inmates to report abuse or harassment to a public or private entity that is not part of the agency, and that the entity can immediately forward the report back to the facility for investigation. A review of additional documentation to include the offender orientation handbook, the PREA Ombudsman brochure and PREA signage confirm the agency provides information and phone number for the outside entity reporting method. The outside entity is the PREA Ombudsman's Office. This office is separate from the Texas Department of Criminal Justice. During the site review, it was observed that information pertaining on how to report PREA allegations to the PREA Ombudsman's Office was posted in all housing units. Inmates can have a third party call 936-437-5570 or can write to P.O. Box 99, Huntsville, TX 77342. The interview with the PC indicated that the outside entity would receive the allegation and would immediately relay the reported information back to the facility. Interviews with a sample of inmates confirm that they are aware of the outside reporting mechanism and that the information is posted in their housing area. The Correctional Institution PREA Statement of Fact was provided to the auditor which states that the Texas Department of Criminal Justice does not detail individuals solely for civil immigration purposes, but TDCJ does make available foreign consulate general addresses for all foreign nationals.

Interviews with random inmates indicated that they were aware that they could report to the Ombudsman's office. Interviews with staff and inmates indicated that the inmates have access to use the phones even when they are in restricted housing.

The hotline number is not on a dedicated phone. This number is accessible on the inmate phones in the dayroom areas of the housing units.

**The auditor did receive one letter from an inmate at the facility, however, this letter was anonymous and the information contained in the letter was not relevant to PREA.**

115.51 (c): The Safe Prisons/PREA Plan, page 20-21, notes that staff are required to

accept all reports made verbally, in writing, anonymously and from a third party and will promptly document any verbal reports. The PAQ indicates that staff accept all reports and that they immediately document any verbal allegations of sexual abuse or sexual harassment. A review of additional documentation to include the offender orientation handbook, the PREA Ombudsman brochure and PREA signage indicated inmates could report verbally, in writing, anonymously or through a third party. Interviews with a sample of inmates confirm that they are aware of the methods available for reporting. Interviews with a sample of staff indicate they accept all allegations of sexual abuse and sexual harassment and they immediately report any allegation to their supervisor.

115.51 (d): The Safe Prisons/PREA Plan, page 20-21, describes that the agency provides a method for staff to privately report sexual abuse and sexual harassment of inmates. The PAQ indicates staff can privately report to the Office of the Inspector General or the PREA Ombudsman’s Office. Interviews with a sample of staff indicate that they can privately report sexual abuse and sexual harassment of inmates to any supervisor, to the OIG directly or to the PREA Ombudsman’s Office.

Based on a review of the PAQ, Safe Prisons/PREA Plan, the offender orientation handbook, the PREA Ombudsman brochure, PREA signage, observations from the facility site review related to PREA signage and posted information and interviews with the PCM, random inmates and random staff, and the test calls made via the inmate phones, this standard is determined to be compliant.

2. Informal conversations with staff and inmates

Testing Processes:

1. Completion of Third-Party test report

Findings (By Provision):

115.52 (a): The Safe Prisons/PREA Plan, AD-03.82 and OGOM 9.00, are the policies related to inmate grievances. The PAQ indicated that the agency is not exempt from this standard.

115.52 (b): The Safe Prisons/PREA Plan, pages 21-22, outlines the grievance process for allegations of sexual abuse and sexual harassment. Specially, that the agency does not impose a time limit on when an inmate may submit a grievance regarding an allegation of sexual abuse. It also discusses that the agency does not require an inmate to use the informal grievance process, or attempt to resolve with staff, an alleged incident of sexual abuse. A review of the offender orientation handbook indicated part 17 discusses the grievance procedures for the facility.

115.52 (c): The Safe Prisons/PREA Plan, pages 21-22, outlines the grievance process for allegations of sexual abuse and sexual harassment. Specially, that the inmate may submit a grievance without submitting it to the staff member who is the subject of the complaint, and grievances will not be referred to staff members who are the subject of the complaint. A review of the offender orientation handbook indicated part 17 discusses the grievance procedures for the facility.

115.52 (d): The Safe Prisons/PREA Plan, pages 21-22, outlines the grievance process for allegations of sexual abuse and sexual harassment. A review of the offender orientation handbook indicated part 17 discusses the grievance procedures for the facility. Specially, that the agency would issue a final decision on grievances related to sexual abuse within 90 days of the initial filing. The 90 days does not include the time used by the inmate to prepare any administrative appeal. The agency may claim an extension up to 70 days if the normal time period for response is insufficient to make an appropriate decision. The inmate must be notified in writing of the extension and provide a date by which the decision will be made. The policy also indicates that if the inmate does not receive a response within the allotted timeframe, the inmate will consider the absence of a response to be a denial. The PAQ indicated that there have been 0 grievances of sexual abuse filed in the previous twelve months. These grievances reached final decision within 90 days of being filed. There were no grievances that involved extensions beyond the 90-day time frame. A Statement of Fact provided by the facility provided an overview of the grievance process and commented that the agency considers all sexual abuse grievances emergency grievances and are not eligible for extensions and shall be completed within the 90-day time limit.

An interview with an inmate who reported sexual abuse indicated that he reported the incident verbally and not through a grievance.

115.52 (e): AD-03.82, OGOM Appendix U and OGOM 9.00, outlines the grievance process for third party allegations of sexual abuse and sexual harassment. Specially, that third parties are permitted to assist inmates in filing request for administrative remedies for sexual abuse and are permitted to file such request on behalf of the inmate. In addition, it states that if a third-party files a report on behalf of an inmate that the agency may require the alleged victim to agree with the request prior to filing and if the inmate declines will require the inmate to complete a sworn affidavit stating he does not want the grievance to proceed. A review of the grievance log indicated that 0 sexual abuse grievances had been submitted in the previous twelve months.

The auditor observed during the site review that signage was posted in visitation areas that can be accessed by family members, friends, advocates and attorneys. The information was also observed by the auditor on the agency's public website. The same information is provided to the inmates in signage in the housing units and various locations throughout the facility as well as in the inmate handbook. The auditor submitted a test report as a third-party report via directions on the public website to the PREA Ombudsman with instructions to submit evidence of having received the test report that the auditor submitted.

115.52 (f): The Safe Prisons/PREA Plan, pages 21-22, outlines the grievance process for allegations of sexual abuse and sexual harassment. Specially, that the agency provides inmates the opportunity to file an emergency grievance alleging substantial risk of imminent sexual abuse and the grievance will be addressed immediately. The policy indicates that that an initial response will be provided within 48 hours and that a final decision will be provided within five calendar days by the housing Captain. The final decision will document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance. The PAQ indicated that there have been zero (0) emergency grievances alleging substantial risk of imminent sexual abuse filed in the previous twelve months.

115.52 (g): The Safe Prisons/PREA Plan, page 22, indicates that the inmate may be disciplined for filing a grievance in bad faith. The PAQ indicated that there were zero (0) inmate grievances that alleging sexual abuse that resulted in disciplinary action in the previous twelve months. A review of the grievance log indicated that there have been zero (0) sexual abuse grievances submitted in the previous twelve months and, therefore, none which resulted in disciplinary action against the inmate for having filed the grievance in bad faith.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, AD-03.82, OGOM 9.00, IGOM 1.04, and information obtained from interviews with inmates, this standard is determined to be compliant.

Site Review Observations:

1. Observations of Victim Advocacy Information Signage

2. Informal Conversations with staff and inmates

Testing of Processes:

1. Process for Sending / Receiving Mail

Findings (By Provision):

115.53 (a): The Safe Prisons/PREA Plan, page 12, indicates that the agency provides access to outside victim advocates for emotional support related to sexual abuse by giving inmates mailing addresses and telephone numbers to victim advocates or rape crisis organizations and enables reasonable communication in as confidential manner as possible. The PAQ indicated that inmates were provided mailing addresses and phone numbers and that they enabled reasonable communication with these services in as confidential a manner as possible. A review of the TDCJ, Safe Prisons / PREA Program Unit Information, indicates that PREA information and reporting directions are provided which includes the mailing address and a telephone number to the PREA Ombudsman. The information also states that mail can be sent to this address as "special mail" to the facility, meaning it will not be reviewed or monitored prior to mailing out of the facility. The information further states that mail can be sent anonymous. The facility has been unable to contract with an outside provider for emotional support services for victims of sexual abuse. The "End the Silence" brochure provides reporting information for inmates to report sexual abuse or sexual harassment. This information states that the inmate can seek the support of a trusted friend, family member, Chaplain, or an Offender Victim Representative at the facility. It also states that Mental Health staff are available for crisis care 365 days a year to listen and offer support. The brochure also states that the offender can obtain

information for additional emotional support from a local rape crisis center by contacting the Unit Safe Prisons / PREA Manager. The Prison Unit Information additionally contains a page with contact information for: The Texas Association Against Sexual Assault, the Texas Civil Rights Project, Just Detention International, the Texas ACLU and Accountability Project, as well as directives that information can be obtained through the Unit law library. This information is all in English and Spanish. The facility provided documentation of their efforts to obtain an outside provider for crisis emotional support as well as a Statement of Fact indicating that they have been unable to obtain a provider. The facility does offer emotional support through their on-site OVRs. Interviews with random inmates (30) indicated that they were familiar with the process of having emotional support services and that the facility offered them. Most inmates indicated they believed that they would be provided this information if they asked, and they thought it would be confidential. There were no inmates currently residing at the facility during the dates of the on-site audit who had reported a sexual abuse.

Inmates are not detained solely for civil immigration purposes at the facility, therefore that part of the provision does not apply. PREA informational signage was observed by the auditor throughout the facility and specifically in the housing units by the inmate phones. The signage was legible and in both English and Spanish. The facility currently does not have a contract with an outside provider for emotional support services but does provide victim advocacy through their OVR (Offender Victim Representative) trained staff.

115.53 (b): The Safe Prisons/PREA Plan, page 13, confirms that prior to giving inmates access to outside support services that they are informed of the extent which communication will be monitored as well as any mandatory reporting rules and limits to confidentiality. A review of the PAQ as well as the offender orientation handbook indicated that inmates were informed about confidentiality and that all calls on the inmate phones were recorded. Interviews with random inmates (30) indicated that they were familiar with the process of obtaining emotional support services. Most inmates indicated they believed that they would be provided information if they asked, and they thought it would be confidential.

115.53 (c): The agency has not been able to obtain an agreement with an outside provider for emotional support services. The facility did provide documentation of their efforts to obtain a provider and also provided a statement of fact regarding this.

Based on a review of the PAQ, the Safe Prison/PREA Plan, the offender orientation handbook, documentation of the facility efforts to obtain an outside emotional support provider, the PREA Unit Information, observations from the facility site review related to posted PREA informational signage and interviews with random inmates (30) and interviews with staff, this standard is determined to be compliant.

2. Medical and Mental Health Staff: Q: 3, 4, 5
3. Warden: Q: 12, 15
4. PREA Coordinator: Q: 11

Testing Processes:

1. Staff Reporting

Findings (By Provision):

115.61 (a): The Safe Prisons/PREA Plan, page 23, AD-16.20, pages 3-4 and PD-29, pages 4-5, outline the staff and agency reporting duties. Specifically, it requires all staff to report immediately any knowledge, suspicion or information regarding an incident of sexual abuse or sexual harassment, retaliation against any inmate or staff that reported such incidents and any staff neglect or violation of responsibility that may have contributed to an incident. The PAQ along with interviews with random staff confirm that they take all allegations seriously and that they know they are required and would report any knowledge, suspicion or information regarding an incident of

sexual abuse and sexual harassment. Interviews also confirmed they would report retaliation or any staff neglect related to these incident types. Staff interviews indicated that they all felt comfortable reporting to their supervisors directly.

115.61 (b): The Safe Prisons/PREA Plan, page 23 describes that staff will not reveal any information related to an incident of sexual abuse other than as necessary for treatment, investigation and other security decisions. Interviews with random staff confirm that they would immediately report the information to their supervisor. Staff indicated this would be the extent of distributing information unless they were required to complete an Inter-Office Communication (IOC) which is a written report of the incident.

115.61 (c): The Safe Prisons/PREA Plan, page 23, indicates that medical and mental health staff are required to report sexual abuse as described in section (a) and that they are required to inform inmates of their duty to report and limits to confidentiality at the initiation of services. Interviews with medical and mental health care staff confirm that they would immediately report any allegation of sexual abuse that occurred within a confinement setting. Medical and mental health care staff indicated they are required to inform inmates of the limits of confidentiality.

115.61 (d): Interviews with the PREA Coordinator and the Warden indicated that they had not had any of these reports but if they did, the Department of Family and Protective Services would be notified.

115.61 (e): AD-16.20, pages 3-4, indicates that all allegations of sexual abuse and sexual harassment, including third party and anonymous reports would be reported to the Office of the Inspector General. The interview with the Warden confirmed that this is the practice. A review of investigative reports indicate that all allegations are reported to the Office of the Inspector General.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, AD-16.20, PD-29, a sample of reports to investigators and interviews with medical, mental health, the PREA Coordinator and the Warden confirm this is determined to be compliant.

Interviews:

1. Agency Head: Q: 12
2. Warden: Q: 7
3. Random Staff: Q: 13

Findings (By Provision):

115.62 (a): SPPOM 02.04 and the Safe Prisons PREA Plan indicate that when the agency learns that an inmate is subject to substantial risk of imminent sexual abuse, it takes immediate action to protect the inmate. The PAQ noted that in the past 12 months, there were zero (0) inmates who were determined to be at risk of imminent sexual abuse. Interviews with staff indicated that if an inmate is having issues with other inmates, that the facility would make appropriate housing changes, if necessary. The interviews with the Agency Head and Warden indicated that any inmate at risk would be removed from the situation immediately and an investigation would commence. The offender’s job assignment, housing assignment and programming assignments would be reviewed. The inmate may be moved to a different dorm, moved to a new facility or be placed in safekeeping status. Interviews with random staff indicated that they would immediately remove the inmate from the situation.

Based on a review of the PAQ, SPPOM 02.04, the Safe Prisons PREA Plan and interviews with the Agency Head, Warden and random staff, this standard is determined to be compliant.

Interviews:

1. Agency Head: Q: 5
2. Warden: Q, 16, 17

Findings (By Provision):

115.63 (a). The Safe Prisons/PREA Plan, pages 24-25 and SPPOM 04.01, describe the requirements for reporting to other confinement facilities. Specifically, it requires that upon receiving an allegation that an inmate was sexually abused while confined at another facility, the Unit Safe Prisons PREA Manager (USPPM) will notify the Safe Prisons PREA Management Office (SPPMO), who will then notify the appropriate office of the outside agency. The PAQ indicated that during the previous twelve months, the facility had zero (0) inmate report that they were abused while confined at another facility.

115.63 (b): The Safe Prisons/PREA Plan, pages 24-25 and SPPOM 04.01, describes the requirements for reporting to other confinement facilities. Specifically, it requires that upon receiving an allegation that an inmate was sexually abused while confined at another facility, the SPPMO will notify the head of the facility where the alleged abuse occurred within 72 hours. The PAQ indicated that during the previous twelve months, the facility has had zero inmates report that they were abused while confined at another facility.

115.63 (c): The Safe Prisons/PREA Plan, pages 24-25 and SPPOM 04.01, describes the requirements for reporting to other confinement facilities. Specifically, it requires that upon receiving an allegation that an inmate was sexually abused while confined at another facility, the SPPMO will notify the head of the facility where the alleged abuse occurred and documentation will be retained that such notification occurred. The PAQ indicated that during the previous twelve months, the facility has had zero (0) inmates report that they were abused while confined at another facility.

115.63 (d): The Safe Prisons/PREA Plan, page 25, SPPOM 04.01, indicates that if the facility receives information from another agency head that an inmate alleges, they were sexually abuse while housed at the facility, the allegation will be reported to the PREA Ombudsman and the Office of the Inspector General. The PAQ indicated that during the previous twelve months, the facility has had zero (0) allegations of sexual abuse from other facilities. These allegations were reviewed and investigated in accordance with the PREA standards.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, SPPOM 04.01, and

	interviews with the Agency Head and Warden, as well as a review of the allegations received from other facilities, this standard is determined to be compliant.

harassment from retaliation by other inmates and staff and has designated staff responsible for monitoring. The PAQ indicated that the facility has a policy and that the Safe Prisons Sergeant and the Assistant Warden are responsible for monitoring for retaliation.

115.67 (b): SPPOM 02.04, outlines the agency's protection against retaliation. It addresses the multiple measures that the facility will take to protect inmates and staff. These measures include housing changes or unit transfers, removal of the alleged staff abuser from contact with the victim work changes for inmates, placement in safe keeping or protective custody, if necessary and emotional support services. A review of incident reports indicated that there have been no allegations of retaliation nor any reported fear of retaliation. All inmates at the facility are reviewed every 30 days and at that time can also indicate if they have any concerns related to retaliation. Interviews with the Agency Head, Warden and staff responsible for monitoring retaliation all indicated that protective measures would be taken if an inmate or staff member expressed fear of retaliation. All staff interviewed indicated they would make any necessary housing changes and/or work changes and would follow up with any administrative action on staff such as shift change, removal or discipline. A review of the monitoring documentation indicates that multiple protection measures are in place and are reviewed by monitoring staff.

115.67 (c): The Safe Prisons/PREA Plan, page 24 and the SPPOM 05.08, outline the agency's protection against retaliation. It addresses that the facility will monitor the inmate for at least 90 days following a report of sexual abuse and will monitor the conduct and treatment of the inmate or staff to see if there are any changes that may suggest possible retaliation and will act promptly to remedy any retaliation. The policy requires that the process include monitoring any inmate disciplinary reports, housing or program changes or any negative performance reviews or reassignments of staff. The policy indicates that monitoring can extend beyond 90 days if the initial monitoring indicates a need to continue. Attachments N.S. and N.O. are utilized by staff to monitoring staff and inmates. The PAQ indicated that the facility monitors for retaliation and that it does so for at least 90 days. The PAQ indicated that there had been no instances of retaliation in the previous twelve months. All inmates at the facility are reviewed every 30 days and at that time can also indicate if they have any concerns related to retaliation. Interviews with the Agency Head and staff responsible for monitoring retaliation all indicated that protective measures would be taken if an inmate or staff member expressed fear of retaliation. All staff interviewed indicated they would make any necessary housing changes and would follow up with any administrative action on staff such as removal or discipline. Monitoring staff indicated that they would review the inmate for at least 90 days and would check the inmate's disciplinary reports, housing change and program changes. Monitoring staff also indicated they have not had to monitor staff in the previous twelve months but if they did, they would check performance reviews and post assignment changes.

115.67 (d): The Safe Prisons/PREA Plan, page 24 and the SPPOM 05.08, outlines the agency's protection against retaliation. It addresses that the facility will monitor the inmate for at least 90 days following a report of sexual abuse and will conduct a minimum of three status checks. The agency has a policy that outlines the procedure and does have two forms that are utilized, Attachment N.O. and Attachment N.S. to ensure all requirements are met and staff and inmates are safe from retaliation. Additionally, all inmates at the facility are reviewed every 30 days and at that time can also indicate if they have any concerns related to retaliation. Interviews with staff responsible for monitoring indicated that they review the inmate for at least 90 days and would perform a minimum of three in person status checks. A review of the file for the inmate who reported abuse indicated that the retaliation reviews were completed.

115.67 (e): The Safe Prisons/PREA Plan, page 24 and the SPPOM 05.08, outlines the agency's protection against retaliation. It addresses that the facility will take appropriate measures to protect any individual who cooperates with an investigation or expresses fear of retaliation. Interviews with the Agency Head and Warden indicated that they would employ the same protective measures as stated previously related to staff and inmates to include, housing changes, administrative action, removal of staff and/or disciplinary action.

115.67 (f): Auditor not required to audit this provision.

Based on a review of the PAQ, Safe Prisons/PREA Plan, SPPOM 02.04, SPPOM 05.08, PD 29, and interviews with the Agency Head, Warden, staff charged with monitoring for retaliation, an inmate who reported sexual abuse, as well as a review of the completed retaliation monitoring forms, this standard is determined to be compliant.

3. Inmates in Segregated Housing (for risk of sexual victimization / who allege to have suffered sexual abuse): Q: 2, 3

Site Review Observations:

1. Observations of the Restrictive Housing Unit

Findings (By Provision):

115.68 (a): The Safe Prisons/PREA Plan, page 18-19, and the Restrictive Housing Plan, indicate that any use of restrictive housing to protect an inmate who alleged to have suffered sexual abuse will not be involuntary unless an assessment of all available alternatives has been made and no alternative is available to separate the inmate from likely abusers. Additionally, required justifications related to the concerns for safety and no alternatives are required to be documented and the inmate is required to be reviewed every 30 days. The PAQ indicated that no inmates who alleged sexual abuse were placed in involuntarily restrictive housing for zero to 24 hours or longer than 30 days. During the site review, it was observed that the restrictive housing unit did not house any inmates who alleged sexual abuse or harassment. The interview with the Warden indicated that inmates who alleged sexual abuse would never be placed in restrictive housing longer than necessary to secure alternate housing. The interview with staff who supervise inmates in restrictive housing indicated this, as well. There were no inmates at the facility who had reported a sexual abuse.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, the Protective Safekeeping Plan, the Restrictive Housing Plan and the interview with the Warden and staff who supervise inmates in restrictive housing, this standard is determined to be compliant.

2. Inmates Who Reported Sexual Abuse: Q: 13
3. Warden: Q: 13
4. PREA Coordinator: Q: 9
5. PREA Compliance Manager: Q; 9

Site Review Observations:

1. Record Storage: Physical and Electronic
2. Informal Conversations with staff

Findings (By Provision):

115.71 (a): The Safe Prisons/PREA Plan, page 25, section A4, AD-02.15 and BP-01.07 state that all allegations of sexual abuse and sexual harassment will be conducted promptly, thoroughly and objectively. The investigation from the previous 12 months was reviewed. The interview with the OIG investigator as well as the facility investigator confirmed that all investigations (administrative and criminal) are

completed promptly, thoroughly and objectively.

115.71 (b): The PAQ indicated that OIG investigators and facility investigators complete PREA investigations. A review of training documents confirmed that all investigators have received specialized training. The interview with the investigative staff confirmed that the OIG investigators receive the NIC investigator training as well as training through the Texas Rangers. The facility investigators received specialized training through the agency.

115.71 (c): Policy 01.07 describes the criminal and administrative investigation process. Specifically, it discusses evidence collection including physical evidence, DNA, electronic monitoring data and interviews. It also indicates that they will review prior complaints and reports of sexual abuse involving the alleged perpetrator. There was 1 allegation of sexual abuse at the facility for the previous twelve months. The investigation was reviewed and included interviews. The incident occurred several months previous to the report, therefore, there was no physical evidence or video evidence to review. The interviews with investigative staff confirmed that in the event of a sexual abuse allegation, an investigator would respond immediately, would require the victim to be taken for a "rape kit" and would ensure the crime scene was secured until evidence collection initiated. The crime scene would be photographed and the alleged victim, alleged perpetrator and any witnesses would be interviewed. Cameras would be reviewed, if applicable, and a suspect list would be created, if applicable.

115.71 (d): The Safe Prisons/PREA Plan, page 28, describes the criminal and administrative investigation process. Specifically, it states that when evidence appears to support criminal prosecution that the agency will conduct compelled interviews only after consulting with prosecutors. The interview with the OIG investigator confirmed that he would consult with the prosecutor prior to the interview.

115.71 (e): The Safe Prisons/PREA Plan, pages 28-29, describes the criminal and administrative investigation process. Specifically, it states that the credibility of the alleged victim, perpetrator and/or witness will be assessed on an individual basis and will not be determined based on the individual's status as an inmate or staff member. Additionally, it indicates that inmates would not be required to submit to a polygraph examination or any other truth-telling device as a condition for proceeding with the investigation. The interview with the OIG investigator confirmed that the agency does not utilize polygraph tests or any other truth-telling devices on inmates who allege sexual abuse. The inmate involved in the only investigation in the previous 12 months was no longer housed at this facility and therefore, was not able to be interviewed.

115.71 (f): The Safe Prisons/PREA Plan, page 29, describes the criminal and administrative investigation process. Specifically, it states that all administrative investigations will include an effort to determine whether staff actions or failure to act contributed to the abuse and shall be documented in a written report that includes a description of the physical and testimonial evidence, the reasoning behind credibility assessments and investigative facts and findings. One administrative investigation was conducted in the previous twelve months. The PAQ and interviews with investigative staff confirm that administrative investigations would be documented in written reports and include information related to the allegation, victim and suspect interviews, witness interviews, video evidence, if applicable, description of any physical evidence, if applicable, and investigative facts and findings. A review of the investigations indicated that all of the aforementioned information is included as part of the investigative file.

115.71 (g): All of the sexual abuse and sexual harassment allegations are reported to the OIG. A review of the facility investigative report indicated that criminal investigations were documented in written reports and included information related to the allegation, victim and suspect interviews, witness interviews, video evidence, if applicable, description of any physical evidence, if applicable, and investigative facts and findings. The interview with the OIG Investigator confirmed that criminal investigations are completed in a written document and that physical, testimonial and documentary evidence is included in all reports.

115.71 (h): The PAQ indicated that substantiated allegations of conduct that appear to be criminal will be referred for prosecution. The PAQ indicated that there have been no allegations referred for prosecution since the last PREA audit. The interview with the OIG investigator confirmed if solid evidence was available and the elements were met for prosecution, that the case would be referred.

115.71 (i): The Safe Prisons/PREA Plan, page 31, describes the criminal and administrative investigation process. Specifically, it indicates that all written reports will be retained per the retention schedule. The retention schedule is found in a document from September 2020. All administrative investigations are retained seven years after closure or after termination while criminal investigations are permanently retained.

115.71 (j): The Safe Prisons/PREA Plan, page 29, describes the criminal and administrative investigation process. Specifically, it indicates that the departure of the alleged victim or alleged abuser from employment or custody of the agency does

not provide a basis for terminating an investigation. The interview with the OIG investigator confirmed that all investigations are completed no matter if staff leave/resign or if inmates depart the facility or agency's custody.

115.71 (k): The Office of the Inspector General is responsible for conducting investigations at all facilities within the Texas Department of Criminal Justice. The OIG policies were reviewed and are included throughout this report. The OIG complies with all PREA policies and procedures related to investigations.

115.71 (l): The Office of the Inspector General is responsible for conducting investigations at all facilities within the Texas Department of Criminal Justice. The OIG policies were reviewed and are included throughout this report. The OIG complies with all PREA policies and procedures related to investigations. Interviews with the Warden, PREA Coordinator, PREA Compliance Manager and Investigative Staff indicated that the agency and the OIG have a great relationship and that information is shared from the OIG through their liaison (PC).

Based on a review of the PAQ, the Safe Prisons/PREA Plan, OIG-7.13 AD-02.15, BP-01.07, the retention schedule, an investigative report, training records and information from interviews with the Agency Head, Warden, PREA Coordinator, PREA Compliance Manager, and investigative staff, this standard is determined to be compliant.

Findings (By Provision):

115.73 (a): The Safe Prisons/PREA Plan, page 30, SPPOM 05.05 and SPPOM 05.10 describes the process for reporting investigative information to inmates. Specifically, it states that following an investigation into an inmate's sexual abuse allegation, the facility will inform the inmate as to whether the allegation has been determined to be substantiated, unsubstantiated or unfounded. The PAQ indicated that there was one investigation completed within the previous twelve months. The notification from this investigation was reviewed. The documents reviewed indicated that the inmate was notified of the outcome of the investigation via memo. The interviews with the Warden and the Investigative staff confirmed that inmates are informed of the outcome of the investigation into their allegation. The inmate who was involved in this investigation was no longer at this facility and was, therefore, unable to be interviewed by the auditor. Documentation of the notification to this inmate was noted in the investigation file.

115.73 (b): The OIG is responsible for conducting all criminal and certain administrative investigations for the agency. The OIG is an independent agency but works very closely with the TDCJ. The OIG provides the outcome of the investigation to PREA Coordinator who in turn provides the memo to the facilities to notify the inmate. The PAQ indicated that there were no investigations completed by an outside agency in the previous 12 months.

115.73 (c): The Safe Prisons/PREA Plan, page 27 and SPPOM 05.10, page 1, describes the process for reporting investigative information to inmates. Specifically, it states that following an investigation into an inmate's sexual abuse allegation against a staff member, the agency will inform the inmate as to whether the staff member is no longer posted within the inmates unit, the staff member is no longer employed at the facility, if the agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility or the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. The PAQ indicated that there had been no substantiated allegations of sexual abuse committed by a staff member against an inmate in the previous twelve months. There was one allegation against staff which were determined to be unsubstantiated. This staff member no longer works at this facility.

115.73 (d): The Safe Prisons/PREA Plan, page 27 and SPPOM 05.10, page 1, describes the process for reporting investigative information to inmates. Specifically, it states

that following an investigation into an inmate’s sexual abuse allegation by another inmate, the agency will inform the inmate as to whether the alleged abuser has been indicted on a charge related to sexual abuse within the facility or if the alleged abuser has been convicted on a charge related to sexual abuse within the facility. The PAQ indicated that there have been no instances in which a staff member was indicted in the previous twelve months.

115.73 (e): The Safe Prisons/PREA Plan, page 28, describes the process for reporting investigative information to inmates. Specifically, it states that all notifications or attempted notification would be documented. The PAQ indicated that there was one notification made during the audit period. The documents reviewed indicated that the inmate was notified of the outcome of the investigation via memo.

115.73 (f): This provision is not required to be audited.

Based on a review of the PAQ, Safe Prisons/PREA Plan, SPPOM 05.05, SPPOM 05.10, notifications and information from interviews with the Warden and investigative staff, this standard is determined to be compliant.

115.76 (a): The Safe Prisons/PREA Plan, page 31, and PD-22, pages 42, 49, 52 and 54, describes the process for disciplinary sanctions against staff. Specifically, they indicate that staff are subject to disciplinary sanctions up to and including termination for violating the sexual abuse or sexual harassment policies.

115.76 (b): The Safe Prisons/PREA Plan, page 39, indicates that termination will be the presumptive disciplinary sanction for staff who engage in the sexual abuse. The PAQ indicated that there were no staff members who violated the sexual abuse and sexual harassment policies. The investigation involving the staff member was unsubstantiated. This staff member now works at a different unit.

115.76 (c): The Safe Prisons/PREA Plan, page 39, describes the process for disciplinary sanctions against staff. Specifically, it illustrates that disciplinary sanctions for violations of the agency's sexual abuse and sexual harassment policies shall be commensurate with the nature and circumstances of the act, the staff member's disciplinary history and the sanctions imposed for comparable offense by other staff members with similar histories. The PAQ indicated that there were no staff members who have been disciplined, short of termination, for violation of agency sexual abuse or sexual harassment policies.

115.76 (d): The Safe Prisons/PREA Plan, page 39, indicates that staff who are terminated for violating the sexual abuse or sexual harassment policies, or staff who resign prior to being terminated, will be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. The PAQ indicated that there were no staff members who violated the sexual abuse and sexual harassment policies.

The PAQ indicated that there has been one (1) staff member reported to law enforcement or relevant licensing bodies.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, PD-22, and a review of the documentation regarding the investigation involving a staff member, this standard is determined to be compliant.

<b>115.78</b>	<b>Disciplinary sanctions for inmates</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>

Documents:

1. Pre-Audit Questionnaire
2. TDCJ Correctional Institutions Division, Safe Prisons / PREA Plan, February 2019
3. TDCJ Correctional Institutions Division, ED-03.76, Offender Disciplinary Procedures, April 2019
4. TDCJ Correctional Institutions Division, Disciplinary Rules and Procedures for Offenders, August 2019, English and Spanish

Interviews:

1. Warden: Q: 22
2. Medical and Mental Health Staff: Q: 6, 7

Findings (By Provision):

115.78 (a): The Safe Prisons/PREA Plan, page 31 and the Disciplinary Rules and Procedures for Offenders, describes the disciplinary process for inmates. Specifically, it states that inmates will be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a finding of guilt from a criminal investigation. The PAQ indicated there have been no administrative findings of inmate-on-inmate sexual abuse nor have there been any criminal findings of guilt for inmate-on-inmate abuse within the previous twelve months.

115.78 (b): The Safe Prisons/PREA Plan, page 31, describes the disciplinary process for inmates. Specifically, it indicates that the sanctions will be commensurate with the nature and circumstances of the abuse committed, the inmates' disciplinary history and sanctions imposed for comparable offenses by inmates with similar histories. The PAQ indicated there have been no administrative findings of inmate-on-inmate sexual abuse nor have there been any criminal findings of guilt for inmate-on-inmate abuse within the previous twelve months, therefore there has not been any discipline. The interview with the Warden indicated that the inmate abuser would be disciplined and would be subject to a loss of privileges as well as subject to criminal charges, if applicable.

115.78 (c): The Safe Prisons/PREA Plan, page 31 and ED-03.76 describes the disciplinary process for inmates. Specifically, it indicates that the disciplinary process will consider whether the inmate's mental illness or mental disability contributed to

the behavior when determining what sanctions, if any, should be imposed. The PAQ indicated there have been no administrative findings of inmate-on-inmate sexual abuse nor have there been any criminal findings of guilt for inmate-on-inmate abuse within the previous twelve months, therefore there has not been any discipline. The interview with the Warden indicated that the inmate abuser would be disciplined and would be subject to a loss of privileges as well as subject to criminal charges, if applicable. Prior to any discipline the inmate would be seen by mental health and the mental health staff would complete a form indicating if the inmate's mental health contributed to the actions.

115.78 (d): The Safe Prisons/PREA Plan, page 31, describes the disciplinary process for inmates. Specifically, it indicates that the agency will offer therapy, counseling and other interventions to correct underlying reasons or motivations for the abuse and will consider whether to require the abuser to participate in these interventions as a condition of access to programming and other benefits. The PAQ indicated there have been no administrative findings of inmate-on-inmate sexual abuse nor have there been any criminal findings of guilt for inmate-on-inmate abuse within the previous twelve months, therefore there has not been any discipline. Interviews with medical and mental health staff indicated that they do offer therapy, counseling and other services designed to address and correct underlying issues, but they do not require the inmate participation as a condition of access to programming and other benefits.

115.78 (e): The Safe Prisons/PREA Plan, page 31, describes the disciplinary process for inmates. Specifically, it indicates that the agency may discipline an inmate for sexual contact with staff only upon finding that the staff member did not consent. There have been no instances where inmates have been disciplined for sexual contact with staff.

115.78 (f): The Safe Prisons/PREA Plan, page 31, describes the disciplinary process for inmates. Specifically, it indicates that inmates will not be disciplined for falsely reporting an incident or lying if the sexual abuse allegation is made in good faith based upon reasonable belief that the alleged conduct occurred. There have been no instances where inmates have been disciplined for falsely reporting an incident of sexual abuse or sexual harassment.

115.78 (g): The Safe Prisons/PREA Plan, page 31, describes the disciplinary process for inmates. Specifically, it indicates that inmates are prohibited from all sexual activity and as such can be disciplined. Consensual sexual activity does not constitute a PREA allegation.

	<p>Based on a review of the PAQ, the Safe Prisons/PREA Plan, Disciplinary Rules and Procedures for Offenders, ED-03.76 and information from interviews with the Warden and medical and mental health care staff, this standard is determined to be compliant.</p>

Site Review Observations:

1. Observations of Risk Screening Area
2. Record Storage: Physical and Electronic
3. Informal conversations with staff

Findings (By Provision):

115.81 (a): The Safe Prisons/PREA Plan, pages 17-18 and CMHCPM E-35.2, describes medical and mental health screenings related to sexual abuse. Specifically, it states that inmates who indicate during the risk screening that they have experience prior sexual victimization will be offered a follow up with medical or mental health within fourteen days of the screening. The PAQ indicated that 100% of those inmates who reported prior victimization were seen within fourteen days by medical or mental health. Inmates who disclosed prior victimization during screening were offered a follow-up meeting with medical or mental health. The PAQ also indicated that medical and mental health maintain documents related to compliance with these services. A review of medical and mental health files for inmates identified who disclosed prior sexual victimization revealed that inmates were seen by mental health, typically within a week. Interviews with staff responsible for the risk screening, indicated that after the inmate discloses prior victimization, they are seen by mental health within fourteen days. Interviews with inmates who disclosed sexual victimization at risk screening indicated that they were referred to mental health within a week or so after the risk screening. A review of the relevant MH documents indicates that these inmates were referred and seen by mental health staff within the required 14 days.

115.81 (b): The Safe Prisons/PREA Plan, pages 17-18 and CMHCPM E-35.2 describes medical and mental health screenings related to sexual abuse. Specifically, it states that inmates who indicate during the risk screening that they have previously perpetrated sexual abuse will be offered a follow up with medical or mental health within fourteen days of the screening. The PAQ indicated that 100% of those inmates who reported prior victimization were seen within fourteen days by medical or mental health. The PAQ also indicated that medical and mental health maintain documents related to compliance with these services. No inmates were identified who previously perpetrated sexual abuse.

115.81 (c): Interviews with medical and mental health staff confirmed that referrals are generated if a screening indicates that an inmate has previously been a victim of sexual abuse or perpetrated a sexual abuse, whether it occurred in an institutional setting or in the community. Medical and mental health staff confirmed that an

	<p>inmate is offered a follow-up meeting with practitioners within 14 days of the inmate screening.</p> <p>115.81 (d): The Safe Prisons/PREA Plan, pages 19-20, describes medical and mental health screenings related to sexual abuse. Specifically, it states that information related to sexual victimization or abusiveness that occurred in an institutional setting is not limited to medical and mental health staff but rather other staff, as necessary, to make housing, program, safety and security decisions. During the site review, the auditor observed the area where the risk screening is conducted. The screening is conducted in a private office setting.</p> <p>115.81 (e): The Safe Prisons/PREA Plan, pages 19-20 and CMHCPM G-57.1, describes medical and mental health screenings related to sexual abuse. Specifically, it states that medical and mental health are staff are required to obtain informed consent from inmates prior to reporting information about prior sexual victimization that did not occur within an institutional setting, unless the inmate was under 18. Interviews with medical and mental health staff indicate that they obtain informed consent prior to reporting, that they disclose their duty to report and that they have not had any instances of this in the previous twelve months.</p> <p>Based on a review of the PAQ, Safe Prisons/PREA Plan, CMHCPM G-57.1, CMHCPM E35.2, 61.1, SPPOM 03.01, medical and mental health documents and information from interviews with staff who perform the risk screening, medical and mental health care staff and inmates who disclosed victimization during the risk screening, this standard is determined to be compliant.</p>

1. Medical and Mental Health Staff: Q: 10, 11, 12, 13
2. Inmates Who Reported Sexual Abuse: Q: 4, 6
3. Security Staff and Non-Security Staff First Responders: Q: 1

Site Review Observations:

1. Observations of Medical and Mental Health Areas

Findings (By Provision):

115.82 (a): CMHCPM G-57.1 describes inmates' access to emergency medical and mental health treatment. Specifically, it states that inmate victims of sexual abuse receive timely and unimpeded access to emergency medical treatment and crisis intervention services as determined by the medical and mental health practitioners. The PAQ indicated that medical and mental health maintain secondary materials documenting the timeliness of services. During the site review, the auditor noted that the medical area consisted of an emergency room type area as well as an exam room. The mental health area consisted of a few offices. All areas were private and allowed for adequate confidentiality. Interviews with medical and mental health care staff confirm that inmates receive timely services, typically immediately, based on the nature of the allegation, but ultimately within 24 hours.

115.82 (b): CMHCPM G-57.1 and the PAQ indicated that if no qualified medical or mental health practitioners were on duty at the time of a report of recent abuse, that security staff first responders would take the preliminary steps to protect the victim and notify the appropriate medical and mental health services. Policy indicates that the inmate would be transported to the nearest hospital emergency room that had medical staff qualified to conduct forensic medical examinations. The interviews with first responders indicated the inmate would be immediately separated and would remain with the staff member.

115.82 (c): The Safe Prisons/PREA Plan, page 13 and CMHCPM G-57.1, describe inmates' access to emergency medical and mental health treatment. Specifically, they indicate that inmate victims of sexual abuse receive timely access to emergency contraception and sexually transmitted infection prophylaxis. When the inmate is transferred to the local hospital, medical and mental health care at the facility determine if these services were already provided at the hospital and if they were

	<p>not, they are provided at the facility upon the inmates return. Interviews with medical and mental health care staff confirm that inmates receive timely information about access to emergency contraception and sexual transmitted infection prophylaxis.</p> <p>115.82 (d): The Safe Prisons/PREA Plan, page 13, describes inmate access to emergency medical and mental health treatment. Specifically, it states that inmate victims of sexual abuse will receive treatment services without financial cost and regardless of whether the victim names the alleged abuser or cooperates with any investigation. The inmate who was involved in the only sexual abuse allegation was no longer housed at the facility and was unable to be interviewed by the auditor.</p> <p>Based on a review of the PAQ, the Safe Prisons/PREA Plan, Correctional Managed Health Care Policy Manual G-57.1, review of medical notes and information from interviews with medical and mental health care staff, this standard is determined to be compliant.</p>

### 3. Security Staff and Non-Security Staff First Responders

#### Site Review Observations:

##### 1. Observations of Medical Treatment Areas

#### Findings (By Provision):

115.83 (a): The Safe Prisons/PREA Plan, page 14 and CMHCPM G-57.1, describe ongoing medical and mental health care for sexual abuse victims and abusers. Specifically, they state that the agency will offer medical and mental health evaluations and, as appropriate, treatment to all inmates who have been victimized by sexual abuse in any prison, jail, lockup or juvenile facility. During the site review, the auditor noted that the medical area consisted of an emergency room type area as well as an exam room. The mental health area consisted of a few offices. All areas were private and allowed for adequate confidentiality.

115.83 (b): The Safe Prisons/PREA Plan, page 14 and CMHCPM E-44.1, describes ongoing medical and mental health care for sexual abuse victims and abusers. Specifically, they state that evaluations and treatments of such victims will include follow up services, treatment plans, and when necessary, referrals for continued care following transfer or release from custody. CMHCPM E-44.1 describes services for those inmates being released from the agency's custody. Interviews with medical and mental health care staff confirmed that follow up services would be offered. A few of the services include assessment, individual counseling and follow-up counseling. There were no inmates at the facility during the dates of the on-site audit who had reported sexual abuse, therefore, no interviews with inmates for this category were able to be interviewed.

115.83 (c): The Safe Prisons/PREA Plan, page 14, describes ongoing medical and mental health care for sexual abuse victims and abusers. Specifically, it states that medical and mental health services will be consistent with the community level of care. All medical and mental health staff are required to have the appropriate credentials and licensures. The facility utilizes the local hospital for forensic medical examinations. Interviews with medical and mental health care staff confirm that the services they provide are consistent with the community level of care.

115.83 (d): The Safe Prisons/PREA Plan, page 14, indicates female offenders who have been sexually victimized while incarcerated are offered pregnancy tests. However, this provision does not apply as the facility does not house female offenders.

115.83 (e): The Safe Prisons/PREA Plan, page 14, indicates female offenders who become pregnant due to sexual victimization while incarcerated will receive timely and comprehensive information and access to pregnancy related medical services. However, this provision does not apply as the facility does not house female offenders.

115.83 (f): The Safe Prisons/PREA Plan, page 14 and CMHCPM G-57.1, describe ongoing medical and mental health care for sexual abuse victims and abusers. Specifically, it states that victims of sexual abuse while incarcerated will be offered tests for sexually transmitted infections as medically appropriate. CMHCPM G-57.1 indicates that all offender victims will be offered test and treatment for syphilis, gonorrhea, HIV and Hepatitis B. There were no inmates at the facility during the on-site audit who had reported a sexual abuse, therefore no inmates were interviewed in relation to this standard.

115.83 (g): The Safe Prisons/PREA Plan, page 13, describes inmates' access to emergency medical and mental health treatment. Specifically, it states that inmate victims of sexual abuse will receive treatment services without financial cost and regardless of whether the victim names the alleged abuser or cooperates with any investigation. Interviews with inmates who reported sexual abuse or sexual harassment indicated that they were not charged for any services they received.

115.83 (h): The Safe Prisons/PREA Plan, page 14, indicates that a mental health evaluation of all known offender-on-offender abusers shall be attempted within 60 days of learning of the abuse and treatment will be offered when deemed appropriate in accordance with policy. Interviews with medical and mental health staff confirm that offender-on-offender abusers would be offered mental health services.

Based on a review of the PAQ, the Safe Prisons/PREA Plan, Correctional Managed Health Care Policy Manual G-57.1., Correctional Managed Health Care Policy Manual E-44.1, and information from interviews with medical and mental health care staff, this standard is determined to be compliant.

2. PREA Compliance Manager: Q: 19, 20, 21
3. Incident Review Team: Q: 1, 2, 3, 4

### Findings (By Provision):

115.86 (a): The Safe Prisons/PREA Plan, page 32, outlines information related to sexual abuse incident reviews. Specifically, it states that the facility will conduct sexual abuse incident reviews of every sexual abuse investigation, except for those allegations that are deemed to be unfounded. The PAQ indicated that there was one review which was completed within the previous twelve months.

115.86 (b): AD-02.15, outlines information related to sexual abuse incident reviews. Specifically, it states that the facility will conduct an administrative incident review of all sexual abuse allegations. The review is required to be forwarded to the appropriate Regional Director within ten days after being reported. The PAQ indicated that one review was completed within the previous twelve months.

115.86 (c): The Safe Prisons/PREA Plan, page 32, outlines information related to sexual abuse incident reviews. Specifically, it states that the review team will consist of upper management officials, with input from line supervisors, investigators and medical and mental health. The interview with the Warden confirmed that these reviews are being completed and they include upper management officials. A review

of the investigative file indicated that the incident review was conducted.

115.86 (d): The administrative incident review form outlines information required to be completed related to sexual abuse incident reviews. Specifically, it includes: consider whether the allegation or investigation indicates a need to change policy or practice; whether the incident or allegation was motivated by race, ethnicity, gender identity or sexual preference (identified or perceived), gang affiliation, or if it was motivated by other group dynamics; examine the area where the incident allegedly occurred to assess whether there were any physical barriers; assess the staffing levels; assess video monitoring technology and prepare a report of its findings to include any recommendations for improvement. The Warden or supervisor submits this report to the Regional Director within ten days and to the Agency Head within 20 days. Interviews with the Warden, PCM and incident review team member confirmed that these reviews are being completed and they include all the required elements. Interviews indicated that the team will adjust the staffing if necessary and will supplement video monitoring if necessary. Additionally, interviews indicated that any recommendations would be made and implemented that would benefit the facility and would alleviate the incident from occurring again.

115.86 (e): The Safe Prisons/PREA Plan, page 32, outlines information related to sexual abuse incident reviews. Specifically, it states that the agency will implement the recommendations for improvement or document the reasons for not doing so. A review of the administrative incident review form indicated that a section exists for recommendations and corrective action.

Based on a review of the PAQ, Safe Prisons/PREA Plan, Administrative Directives AD-02.15, Administrative Incident Review Form, completed Administrative Incident Review and information from interviews with the Warden, the PC and a member of the sexual abuse incident review team, this standard is determined to be compliant.

## **Agency AUDIT FINDINGS**

### **Summary of Audit Findings**

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

#### **Number of standards exceeded:**

2	<ul style="list-style-type: none"> <li>• 115.11 - Zero tolerance of sexual abuse and sexual harassment; PREA coordinator</li> <li>• 115.12 - Contracting with other entities for the confinement of inmates</li> </ul>

The agency mandates a zero-tolerance policy towards all forms of sexual abuse and sexual harassment and outlines the agency's strategies on preventing, detecting, and responding to such conduct. Agency policies addressed "Preventing"</p>

sexual abuse and sexual harassment through the designation of a PREA Coordinator and PREA Compliance Manager, Criminal History Background Checks (Staff, Contractors, and Volunteers, as applicable), Training (Staff, Volunteers, and Contractors), Staffing, Intake Screening, Classification, Inmate Education, Posting of Signage (PREA Posters, etc....), and Contract Monitoring. The policies addressed "Detecting" sexual abuse and sexual harassment through Training (Staff, Volunteers, and Contractors), and Intake Screening.

The policies addressed "Responding" to allegations of sexual abuse and sexual harassment through Reporting, Investigations, Victim Services, Medical and Mental Health Services, Disciplinary Sanctions for Staff (including notification of licensing agencies), Incident Review Teams, and Data Collections and Analysis.

The Auditor noted the Inmate Handbook, PREA Posters, and PREA Brochure do address sexual abuse by another Inmate, and the Inmate Handbook does address sanctions for Inmates when involved in such conduct. Based on staff interviews it was noted TDCJ staff closely monitor for Inmate-on-Inmate sexual misconduct in accordance with PREA, allegations are reported and investigated, and inmates are held accountable.

The agency reported the (27) agency-wide contracts require the agency to monitor the contractor's compliance with the PREA standards.</p> <p>The agency's Contract Administrator was interviewed and reported he is required to maintain regular contact with every inmate placed in a contracting facility. If there are concerns, agency protocol requires the inmate be removed from the facility and the facility allows time to make corrective action and address the concerns.</p> <p>Corrective actions are addressed before the facility is reconsidered. Notification would also be made to law enforcement.</p> <p>The Contract Administrator stated there are contract monitors on-site that provide continuous monitoring of the contracted facility. The Contract Administrator has the authority to perform an administrative review of any sign of suspected non-compliance. A finding of non-compliance during the administrative review could result in fines, corrective action, contract termination and referral for criminal charges, if applicable.</p> <p>The Contract Administrator annually collects credentialing documentation for each facility: facility license; staff licenses or certifications; daily schedule; and monitoring reports or the licensing agency's website regarding the facility's status; and tours the facility.</p> <p>New facilities being considered for contracting purposes follow a vetting process, including reference checks with other counties, with all information being presented to the agency's leadership for review and approval. All placements involve the input of the inmate being considered for placement in the facility. The Contract Administrator reported PREA compliance results are completed and that the PREA Coordinator has implemented a tracking process for this. A review of the agency policy, agency contracts and an interview with the contract administrator and PREA Coordinator demonstrated the agency exceed the requirements of this standard.</p>
