<b>Random Inmate/Resident/Detainee Interviews</b>	
<b>34. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	34
<b>35. <p><b>36. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</b></p>	<p>The Auditor was provided with the facility offender roster for selection of a random representation of offenders. The facility roster includes the offender's age, gender, race, ethnicity, date received at facility, tentative release date, program assignments, work assignments, classification level, security level, and housing assignment. This allowed the Auditor to accurately select a random representation of offenders for the random interview process.</p>

<p><b>Targeted Inmate/Resident/Detainee Interviews</b></p>	
<p><b>39. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b></p>	<p>15</p>
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	

<p><b>40. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>0</p>
<p><b>40. <p><b>40. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>The facility reported no offenders with a physical impairment housed at the facility at the time of the on-site. The Auditor was able to confirm this information during the Auditor's review of offender files, during the facility tour, and through interviews conducted with facility staff.</p>
<p><b>41. ## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<b>64. Did you have access to all areas of the facility?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>Was the site review an active, inquiring process that included the following:</b>	
<b>65. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>66. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>67. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>68. Informal conversations with staff during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No

<p><b>69. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</b></p>	<p>The Auditor conducted forty-one informal interviews with offenders and inquired to each -</p> <ul style="list-style-type: none"> <li><i>Length of time at facility</i></li> <li><i>Received PREA Education</i></li> <li><i>How would you report an incident of PREA?</i></li> <li><i>Do you feel safe at this facility?</i></li> </ul> <p>In addition to the above questions, throughout the informal interviews, the Auditor inquired to multiple offenders regarding the use of the phones or tablets to contact the PREA Ombudsman or a family member; all offenders confirmed calls can be made on the designated dormitory phones or any tablet.</p> <p>During the facility tour, multiple offenders utilized their tablets to demonstrate to the Auditor the step-by-step process to report a PREA incident either by sending an email to a Staff Member, or family member or utilizing the tablet to call a family member and request a report be filed on their behalf.</p> <p>Throughout each demonstration, multiple offenders informed the Auditor utilizing the tablets for phone calls (with ear buds connected) provides the opportunity for the call to be private and confidential.</p>

**Documentation Sampling**

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p><b>70. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b></p>	<p><input type="radio"/> Yes</p> <p><input checked="" type="radio"/> No</p>
--	---

**71. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).**

Documents from offender files (49):

*Initial TDCJ Offender Orientation* - verifying receipt of TDCJ Offender Handbook (SSP-117 or Form 1.10a).

## **SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

### **Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**72. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	17	3	17	3
<b>Staff-on-inmate sexual abuse</b>	12	0	12	0
<b>Total</b>	29	3	29	3

**73. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

<b>Inmate-on-inmate sexual harassment</b>	13	0	13	0
<b>Staff-on-inmate sexual harassment</b>	3	0	3	0
<b>Total</b>	16	0	16	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

#### 74. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
<b>Inmate-on-inmate sexual abuse</b>	1	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0	0

Interviews conducted with:

PREA Coordinator / Ombudsman

PREA Compliance Manager

Facility Warden

Site Review Observations:

During the tour of the facility, the Auditor witnessed standardized bulletin boards, throughout the facility, in multiple locations, consisting of current agency and facility PREA Zero-Tolerance PREA packets, Audit Notices printed on bright colored paper, internal and external reporting information for offenders.

Findings (By Provision):

115.11 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the TDCJ shall take a proactive approach concerning the detection, prevention, response, and punishment of sexual abuse, including consensual sexual contact while in TDCJ custody. Agency policies also outline the facility's zero-tolerance toward all forms of sexual abuse and sexual harassment and details the facilities approach in establishing a safe environment for all offenders.

115.11 (b) - The Wainwright Unit PAQ states the agency employs or designates an upper-level, agency-wide PREA Coordinator. The position of the PREA Coordinator in the agency's organizational structure is the Texas Board of Criminal Justice PREA Ombudsman.

Agency policies and the TDCJ Safe Prisons/PREA Plan outline the role and responsibilities of the PREA Ombudsman (Coordinator) to include being provided the time and authority to develop, implement, and oversee the Agency's efforts to comply with the PREA standards at each facility. The agency's organizational chart reflects the PREA Ombudsman (Coordinator) position is an upper-level position and is agency wide. The PREA Ombudsman (Coordinator) reports to the Texas Board of Criminal Justice.

During the pre-on-site phase of the audit, the Auditor conducted an interview with the

PREA Ombudsman who verified she has sufficient time and authority in her position to accomplish PREA responsibilities for the agency. The PREA Ombudsman oversees six regional coordinators who monitor and support PREA compliance at each of the prison operations within the assigned regions. The PREA Ombudsman reports directly to the Texas Board of Criminal Justice. A review of the TDCJ organizational chart provided evidence that the agency has designated an upper-level position as the PREA Coordinator.

115.11 (c) - Agency policies and the TDCJ *Safe Prisons/PREA Plan* outline the role and responsibilities of the PREA Compliance Manager to include sufficient time and authority to develop, implement, and oversee efforts to comply with the PREA standards at the unit level. The agency organizational chart reflects the Unit Safe Prisons/PREA Compliance Manager reports to the Senior Warden.

Evidence shows that the Texas Department of Criminal Justice has designated a facility PREA Compliance Manager as verified through a review of the TDCJ organizational chart and through interviews with the PREA Compliance Manager and the Facility Warden. The Auditor interviewed the PREA Compliance Manager assigned to the Wainwright Unit and verified he has sufficient time and authority in his position to accomplish the PREA responsibilities.

The Auditor interviewed the Facility Warden and confirmed the responsibilities of the PREA Compliance Manager assigned to the Wainwright Unit. The Facility Warden verified that the PREA Compliance Manager is provided with sufficient time and authority in his position to accomplish these responsibilities.

Upon review of the policy, the agency organizational chart, and upon completion of interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

Texas Department of Criminal Justice Administrative Directive 02.46, *Entities Contracting with TDCJ*

Interviews conducted with:

Agency Contract Administrator

Findings (By Provision):

115.12 (a-b) – Texas Department of Criminal Justice Administrative Directive 02.46, *Entities Contracting with TDCJ* states the TDCJ enters written contracts with private businesses as well as interagency and interlocal agreements and memorandums of understanding with various governmental entities to provide services to or for the benefit of the TDCJ. All agreements must require employees, consultants, independent contractors, agents, and volunteers of such entities to comply with certain TDCJ policies, procedures, regulations, and posted rules that the TDCJ determines are applicable to the services to be performed by such personnel. Such agreements must specify guidelines for the relationship between personnel of the entities and the Warden or Department Head for the unit or department where the personnel are present. All agreements must be reviewed upon renewal of the agreement and updated as needed.

During the pre-on-site phase of the audit, an interview was conducted with the Agency Contract Administrator regarding how contracts are monitored to determine if the contractor complies with the PREA requirements of the contract. The Agency Contract Administrator confirmed the Texas Department of Criminal Justice currently has twenty-six contracts for the confinement of offenders. The Agency Contract Administrator explained that all TDCJ contracts include verbiage related to the vendor’s obligation to comply with the PREA Standards prior to entering into agreement with the agency. If the entity is not PREA compliant, the contract will not be executed. Additionally, the Agency Contract Administrator informed the Auditor that the TDCJ has a contract monitor for each secure facility who are responsible for ensuring compliance to the standards by the contracted facility is maintained.

Upon review of the policy and upon completion of the interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

115.13 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the TDCJ shall ensure each unit develops, documents, and complies with a staffing plan that provides adequate staffing levels, and where applicable, video monitoring, to protect offenders against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, units shall take into consideration TDCJ policies and procedures, and:

- Generally accepted detention and correctional practices;
- Any judicial findings of inadequacy;

- Any inadequacy from internal or external oversight bodies;
- Any findings of inadequacy from Federal investigative agencies;
- All the components of the facility's physical layout (including blind spots);
- Composition of offender population;
- Number of and placement of supervisory staff;
- Institution programs specific to each shift;
- All applicable State or local laws;
- Prevalence of substantiated and unsubstantiated incidents of sexual abuse;
- Any other relevant factors.

115.13 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states in circumstances where the staffing plan is not complied with, the unit shall document and justify all deviations from the plan.

During the pre-on-site phase of the audit, the Auditor reviewed documentation of the deviations from the staffing plan that occurred in the 12 months prior to the on-site visit. During the on-site phase of the audit, the Auditor conducted an interview with the Facility Warden and discussed the deviations from the staffing plan. The Facility Warden confirmed that all instances of non-compliance with the staffing plan are documented on the Shift Turnout Roster with a notification to the Regional Director.

The average daily number of offenders on which the facility-staffing plan was predicated on 2,464. The most common reasons for deviation from the staffing plan in the last twelve months was due to transport, staffing, major projects, hospital security, and continuous direct observation (CDO).

115.13 (c) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states each unit the TDCJ operates shall complete an assessment, whenever necessary, but no less frequently than once each year in consultation with the PREA Ombudsman, who serves as the PREA Coordinator, and the TDCJ Safe Prison PREA Manager (SPPM), to determine a document if the following require adjustments:

- The staffing plan established pursuant to procedures outlined;
- The unit's deployment of video monitoring systems and other monitoring technologies; or
- Resources the unit has available to commit to ensure adherence to the staffing plan.

During the pre-on-site phase of the audit, the Auditor reviewed three years of the Texas Department of Criminal Justice Wainwright Unit Annual Staffing Plans (2022, 2023, & 2024). The Wainwright Unit Annual Staffing Plan provided a detailed review of each facility's turnout rosters as well as addressing the required considerations outlined in the agency policy and provision (a) of this standard.

The Auditor conducted an interview with the Facility Warden regarding the Wainwright Unit Staffing Plan. The Facility Warden discussed how Security Operations develops each unit's staffing levels based on each unit's design, mission, offender population, and custody level. The Facility Warden confirmed Security Operations provides Wainwright Unit facility with shift turnout rosters of all positions identified in the staffing plans. The Facility Warden confirmed when developing a shift turnout roster, several items are taken into consideration such as internal reviews, components of the physical plant, composition of the offender population, the prevalence of substantiated and unsubstantiated allegations of sexual abuse, offender-on-offender assaults, and uses of force. To ensure compliance with the staffing plan, Facility Warden and Supervisory Staff conduct rounds on the compound for visual verification of staff assignments throughout the compound.

The Auditor conducted an interview with the PREA Compliance Manager and confirmed the process of developing a staffing plan previously described by the Facility Warden. The PREA Compliance Manager also confirmed that an assessment of the facility-staffing plan is conducted annually, and each are consulted regarding any adjustments to the staffing plan.

115.13 (d) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states Security Supervisors shall conduct and document unannounced rounds to identify and deter sexual abuse and sexual harassment. These rounds shall be conducted during all shifts in accordance with applicable Post Orders.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states staff is prohibited from alerting other staff members when these rounds are occurring, unless the announcement is related to the legitimate operational functions of the unit. Violations shall be handled in accordance with Executive Directive PD-22, General Rules of Conduct and Disciplinary Action Guidelines for Employees.

The Auditor reviewed the average daily number of offenders' report, staff turnout rosters, facility blueprint, and daily offender activity schedules to verify adequate staff coverage in comparison to offender population, offender movement, and facility size and layout.

	<p>The Auditor toured the facility and observed the daily operational functions, staff interacting with offenders, general offender movement, offenders out at recreation, offenders participating in programs, offenders completing job assignments, and supervisory staff conducting rounds. These observations provided additional verification of policy and of standard compliance.</p> <p>The Auditor reviewed twelve months of housing logs documenting supervisor unannounced rounds and verified the unannounced rounds are being conducted and documented in accordance with agency policy and the PREA Standard. The housing logs reviewed covered the twelve-month auditing period, were from each housing unit, and covered all shifts. In the housing logs reviewed, the Auditor did not find any consistent patterns or inadequacies.</p> <p>The Auditor conducted supervisory level staff interviews and inquired how unannounced rounds are completed without staff knowledge. Supervisory level staff indicated this is completed by observing staff movement, monitoring radio transmissions, alternating movement patterns or being unpredictable with times or walking pattern and listening to staff conversations while conducting rounds throughout the facility. Supervisory staff also indicated that all staff are aware of the existing agency policy governing unannounced rounds and any violation of policy will be handled with disciplinary action.</p> <p>Upon review of the policies and documentation provided and upon completion of interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

Findings (By Provision):

115.15 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states staff shall not conduct cross-gender strip searches or cross-gender visual body cavity searches, such as a search of the anal or genital opening, except in exigent circumstances or when performed by medical practitioners in accordance with Administrative Directive 03.22, *Offender Searches*.

115.15 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* and Administrative Directive 03.22, *Offender Searches* states female offenders shall be strip searched by a female correctional officer or trained female staff member. Female offenders shall not be strip searched in the visual presence of or by male staff.

The agency provided the auditor with the Safe Prisons/PREA Program Cross-Gender Search Log and the Cross-Gender Search Log which indicated there were no cross-gender strip searches or cross-gender visual body cavity searches conducted during

the last twelve months. The Auditor conducted an interview with the Facility Warden and the PREA Compliance Manager and confirmed that no cross-gender strip searches or cross-gender visual body cavity searches were conducted during the twelve-month auditing period.

The Auditor reviewed the provided documentation to include shift turnout rosters, shift assignments, and daily offender activity schedule. The Auditor observed the facility operations throughout the day, to include continuous offender movement throughout the facility, continuous physical interactions between staff and offenders, offenders participating in-group activities, and offenders performing job assignments throughout the facility and within the compound grounds. The Auditor also observed opposite gender announcements being conducted throughout the facility tour. The Auditor compared the information reviewed with her observations made during the facility tour and noted the number of male staff members is more than adequate and covers all shifts.

115.15 (c) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* and Administrative Directive 03.22, *Offender Searches* outline the documentation procedures required in exigent circumstances or when performed by medical practitioners.

115.15 (d) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states correctional officers shall make best efforts to allow offenders to shower, perform bodily functions, and change clothing without staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Staff of the opposite gender shall announce their presence when entering an offender housing area in accordance with applicable Post Orders. Under no circumstances shall an offender search be conducted solely for the purpose of determining an offender's genital status.

The Auditor requested an up-to-date facility offender roster. The facility offender roster provides a list of all offenders currently at the facility and is organized by housing unit, provides offender characteristics such as age, gender, race, ethnicity, date received at facility, tentative release date, program assignments, work assignments, classification level, security level, gang affiliation, and housing assignment. This allowed the Auditor to accurately select a random representation of offenders for the interview process. All offenders selected for interviews were selected under the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted thirty-four offender interviews, and all thirty-four offenders interviewed confirmed they have privacy while showering, changing clothes, or using the bathroom facilities. Additionally, thirty of the thirty-four offenders interviewed confirmed staff of the opposite gender announce their presence prior to entering the housing unit. The Auditor also observed the announcement of an opposite gender entering a housing dormitory throughout the facility tour, which demonstrated the facility's compliance with this standard.

115.15 (e) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states during the intake process, non-medical staff shall not search or physically examine a transgender or intersex offender for the sole purpose of determining the offender's genital status. If the genital status is unknown, it may be determined during conversation with the offender, by reviewing medical records, or if necessary, as part of a broader medical examination conducted in private by a medical practitioner.

The Auditor reviewed documentation provided by the facility showed the facility has had zero searches of a transgender or intersex for the sole purpose of determining the offender's genital status.

The Auditor conducted separate interviews with transgender offenders and inquired if there was any reason to believe each transgender offender was strip-searched for the sole purpose of determining genital status; each transgender offender responded no, and each indicated staff members communicated extremely well during the intake process. Additionally, each transgender offender confirmed to the Auditor that staff at the facility meet with them regularly and are available to discuss any issues that may arise. Each transgender offender confirmed to the Auditor the availability to speak with the Safe Prisons PREA Compliance Manager at any time an issue arises.

115.15b (f) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states correctional staff shall be trained in the methods of conducting cross-gender, transgender, and intersex offender pat-down searches to ensure the searches are conducted professionally and respectfully, in the least intrusive manner possible, but with attention to security needs. The training shall be tailored to the gender of the offenders at the unit of assignment. The employee shall receive additional training when transferring to a unit with offenders of a different gender.

The Auditor reviewed the training records and training curriculum provided to staff members who may have contact with offenders, how to perform cross-gender pat-down searches and searches of transgender and intersex offenders. Training records indicated staff members receive training on the agency's PREA policies and how to

	<p>perform cross-gender pat-down searches annually. The training curriculum outlined the agency’s policy on cross-gender pat-down searches and searches of transgender and intersex offenders, policy prohibiting search of offenders for the sole purpose of determining the offender’s genital status, defining exigent circumstances, and conducting searches in a professional and respectful manner.</p> <p>The Auditor interviewed random staff members and inquired to each if they have received training on how to conduct cross-gender pat-down searches and searches of transgender and intersex offenders in a professional manner, consistent with security needs. Each staff member confirmed receiving training on cross-gender searches and searches of transgender and intersex offenders annually during Annual In-Service Training. Additionally, staff confirmed receiving refresher training each month during shift turn-out.</p> <p>Upon reviewing staff training records and training curriculum, observations during the on-site visit, and information obtained during interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and with the requirements that complies with the PREA standard.</p>

Random sample of Staff

Site Review Observation:

Standardized PREA bulletin boards were observed throughout the facility (English & Spanish)

Findings (By Provision):

115.16 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states appropriate steps shall be taken to ensure offenders with disabilities, including offenders who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities, have an equal opportunity to participate in or benefit from all aspect of TDCJ efforts to prevent, detect, and respond to sexual abuse and sexual harassment.

115.16 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states staff shall provide access to qualified interpreters, when necessary, to ensure effective communication with offenders who are deaf or hard of hearing. Written materials shall be provided in accordance with TDCJ policies and procedures, to ensure effective communication with offenders with disabilities, limited reading skills, or who are blind or have low vision.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offenders with limited English proficiency shall be provided meaningful access to information regarding TDCJ efforts to prevent, detect, and respond to sexual abuse and sexual harassment, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.

115.16 (c) – Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states when seeking interpreters, staff shall not rely on offender interpreters, readers, or other types of offender assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the offender’s safety, the performance of first-response duties, or the investigation of the allegations. Staff shall follow appropriate TDCJ policies and procedures for obtaining a qualified interpreter. In the last 12 months the facility has had zero instances where offenders were used for interpreters.

The Auditor conducted interviews with random staff members. Each staff member confirmed the agency policy prohibiting the use of an offender to provide translation services except in limited circumstances where an extended delay in obtaining an interpreter could compromise the offender’s safety; all staff members acknowledged the use of either the language line (interpreter services) or contacting another staff member to translate.

The Auditor interviewed targeted offenders with either a physical, hearing, vision, or cognitive impairment or who were Limited English Proficient. Each offender acknowledged receiving PREA information during the intake / transfer process. Each offender described receiving the comprehensive PREA orientation within the first few days after arriving at the facility. Additionally, each offender acknowledged the information was provided to him in an accessible format specific to his individual needs. For the targeted interviews with an LEP offender, the Auditor utilized a certified interpreter for translation services.

Texas Department of Criminal Justice Administrative Directive 06.25, *Qualified Interpreter Services – ASL* and the TDCJ *Safe Prisons/PREA Plan* outline procedures for acquiring a qualified interpreter for offenders requiring such services.

The Auditor conducted an interview with the PREA Compliance Manager regarding how the facility takes appropriate steps to ensure that all offenders have an equal opportunity to participate in the facility’s efforts to prevent, detect, and respond to sexual abuse and sexual harassment. The PREA Compliance Manager detailed the efforts made by the facility to ensure impaired offenders are provided opportunities and benefits equal to those of unimpaired offenders. Offenders with either impairments or LEP offenders are provided with alternatives to accommodate participation in the Safe Prisons PREA program such as videos and brochures tailored to their primary language.

	<p>Additionally, every effort is made to provide all training in a format that will be easily understood by offenders who have a physical or developmental impairment or who have limited English proficiency. The Texas Department of Criminal Justice maintains a list of translators for every institution and this list is utilized for assisting with translation.</p> <p>Upon review of the policies, TDCJ offender intake procedures, and upon completion of interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

Random sample of Staff

Offenders who reported sexual abuse

Inmate Victim Representative (IVR)

Findings (By Provision):

115.21 (a) - Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 05.01, *Sexual Abuse Response, & Investigation* and TDCJ *Safe Prisons/PREA Plan* outlines the procedures, notification process, and the coordinated response to an allegation of sexual abuse. Coordinated response includes the role and responsibilities of First Responders, Unit Security Staff, the Office of the Inspector General (OIG), Medical and Mental Health, and Victim Advocate.

The Auditor established, from a thorough review of TDCJ policy, and the SANEs/SAFEs evidence protocol, that inspectors assigned to the Office of the Inspector General's office follow the United States Department of Justice, *A National Protocol for Sexual Assault Medical Forensic Examinations* a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceeding and criminal prosecutions.

115.21 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states all allegations of sexual abuse shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. The protocol shall be developmentally appropriate for youth, where applicable, and, as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. Department of Justice Office on Violence against Women publication, *A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents*, or similarly comprehensive and authoritative protocols developed after 2011.

The Auditor interviewed random staff members regarding his/her role as a First Responder to an allegation of sexual abuse. The staff members provided specific details of their responsibilities as a First Responder. These responsibilities include separating the victim and abuser, preserving, and protecting the crime scene, requesting that the alleged victim not take any actions that could destroy physical evidence, ensuring the alleged abuser does not take any actions, which would destroy physical evidence, and to immediately notify Medical and Mental Health. In addition, each staff member acknowledged the importance of the agency's response protocol to a sexual abuse allegation as well as his or her role as a First Responder.

115.21 (c) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states all offender victims of sexual abuse shall be offered access to forensic medical examinations, whether on-site or at an outside medical facility, without financial cost, where evidentiary or medically appropriate. Such examination shall be performed by a Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) when possible. If neither SAFE nor SANE can be made available, the examination may be performed by other qualified medical practitioners in accordance with CMHC policies. Efforts to provide a SAFE or SANE shall be documented. Offender victims of sexual abuse who require a forensic exam shall be taken to the nearest hospital emergency room for completion of a forensic exam. The Auditor reviewed the Texas Senate Bill (SB-1191) which requires health care facilities to be equipped to conduct medical forensic exams for sexual abuse victims. Senate Bill 1191 also requires hospitals not designated a forensic exam facility are required to train personnel in the basic sexual assault forensic evidence collection.

According to the information previously reported in the PAQ, there were no forensic exams completed during the twelve months prior to the audit. The Auditor conducted an interview with contract Medical Staff responsible for the coordination of forensic examinations. The Medical Staff member provided the Auditor with an overview of the procedures if a forensic exam was needed, such services are provided at the nearest local hospital with the forensic exam being completed by a certified SANE Nurse. The Medical Staff also confirmed there were no forensic examinations completed within the past twelve months for the Wainwright Unit.

115.21 (d) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offender victims of sexual abuse shall receive timely, unimpeded access to emergency treatment and crisis intervention services. Attempts shall be made to make a victim advocate from a rape crisis center available to the offender victim first, however if one is not available, the unit shall make a qualified staff member from a community-based organization or a qualified TDCJ staff member available.

The Auditor conducted targeted interviews with offenders who reported an incident of sexual abuse or sexual harassment and inquired to each offender, after reporting, did the facility allow them to contact anyone. One of the three offenders confirmed to the Auditor, after reporting the incident, he was able to meet with a contracted Medical and Mental Health staff member and that Medical staff informed him of the additional services available from an Inmate Victim Representative (IVR); the offender declined the services of an inmate victim representative informing the Auditor that such services were not necessary. The remaining two offenders refused to discuss specifics of the allegation / investigation.

115.21 (e) - The victim advocate or qualified TDCJ staff member, or qualified community-based organization staff member shall:

- Accompany and support the victim through the forensic medical examination process and investigatory interviews.
- Provide emotional support, crisis intervention, information, and referrals; and
- Not delay or otherwise impede the screening or stabilization of an emergency medical condition.

The Auditor reviewed documentation which included, communication between TDCJ and local rape crisis centers (attempts for an MOU), the TDCJ Sexual Assault Inmate Victim Representative training curriculum, and verification of attendance by facility staff members designated as an Inmate Victim Representatives (IVR).

The Auditor conducted an interview with a staff member designated as Inmate Victim Representative (IVR). The staff member confirmed the designation of victim advocate at Wainwright Unit and received the required advocacy training. The staff member confirmed the services an IVR would provide include emotional support services, accompaniment to forensic exams and investigatory interviews, crisis intervention, and provide referrals and resources for continued follow-up emotional support services.

115.21 (f, g, h) - Texas Department of Criminal Justice Administrative Directive 16.20, *Reporting Incidents/Crimes to Office of Inspector General* outlines the legal authority and jurisdiction of the OIG as the primary investigating law enforcement agency for the TDCJ and criminal offenses on TDCJ property. In accordance with Texas Government Code § 493.019, the Office of the Inspector General (OIG) is the primary investigative and law enforcement entity of the TBCJ. Findings (By Provision):

115.33 (a) - Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 06.02 *Offender Sexual Abuse Awareness Training* and the *Safe Prisons/PREA Plan* outline the procedures requiring all offenders receive comprehensive education on sexual abuse and sexual harassment, agency zero tolerance, and methods to report such incidents.

115.33 (b) - Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 06.02 *Offender Sexual Abuse Awareness Training* and the *Safe Prisons/PREA Plan* outlines the responsibility of the Unit Safe Prisons/PREA Compliance Manager to ensure all offenders at Wainwright Unit are provided education on sexual abuse and sexual harassment. The policy also outlines provisions to provide PREA education in formats accessible for all offenders.

115.33 (c) - The Wainwright Unit PAQ states that of those who were not educated during 30 days of intake, all offenders have been subsequently educated. Agency policy requires that offenders who are transferred from one facility to another be educated regarding their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents, to the extent that the policies and procedures of the new facility differ from those of the previous facility. PAQ within 30 days of transfer to unit of assignment all offenders have been educated.

The Auditor reviewed the comprehensive PREA educational video transcript, provided in multiple languages, which is given to all TDCJ offenders within seven days of arriving at a permanent facility. The facilities utilize the TDCJ Safe Prisons/PREA Program educational video titled *Offender Sexual Abuse/PREA Awareness* video. During the pre-on-site phase of the audit, the Auditor reviewed twelve months of documentation showing all offenders received into the facility during the auditing period, were provided with comprehensive PREA education. The comprehensive documentation included rosters with offender signatures and acknowledgment of understanding. The facility maintains documentation of offender participation on the Individual Treatment Plan.

The Auditor requested an up-to-date facility offender roster. The facility offender roster provides a list of all offenders currently at the facility and is organized by housing unit, provides offender characteristics such as age, gender, race, ethnicity, date received at facility, tentative release date, program assignments, work assignments, classification level, security level, gang affiliation, and housing assignment. This allowed the Auditor to accurately select a random representation of offenders for the interview process. All offenders selected for interviews were selected under the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted thirty-four offender interviews and inquired if each offender had received PREA education upon arrival at the facility. All thirty-four offenders interviewed recalled receiving both the initial PREA orientation and the comprehensive (video) orientation. Each offender interviewed acknowledged the facility's zero-tolerance policy on sexual abuse sexual harassment and the various ways to report such incidents.

Offenders referred to utilizing the multiple PREA informational bulletins, pamphlets, and brochures, which are posted throughout the facility, as a source of information. Twenty-five of the thirty-four offenders interviewed referred to notifying staff members, counselors, or family members as the most direct method to report or inquire about PREA information. Thirty-two of the thirty-four offenders interviewed also referred to calling the PREA Ombudsman or a family member as their source outside the facility and all thirty-four offenders interviewed confirmed knowledge of third-party reporting. Twenty-nine of the thirty-four offenders interviewed were aware of the availability of submitting an anonymous PREA report.

115.33 (d) - Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 06.02 *Offender Sexual Abuse Awareness Training* and *Safe Prisons/PREA Plan* outline the resources available for offenders with recognized disabilities and Limited English Proficiency (LEP). TDCJ policy outlines resources for offenders with hearing impairment (closed captioning), vision impairment (large print material or reading of material to offender by staff), or translation for LEP offenders (language line services).

The Auditor interviewed targeted offenders with either a physical, hearing, vision, or cognitive impairment or who were Limited English Proficient. Each offender acknowledged receiving PREA information during the intake / transfer process. Each offender described receiving the comprehensive PREA orientation within the first few days after arriving at the facility. Additionally, each offender acknowledged the information was provided to him in an accessible format specific to his individual needs. For the targeted interviews with an LEP offender, the Auditor utilized a

certified interpreter for translation services.

115.33 (e) – Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 06.02 *Offender Sexual Abuse Awareness Training* and the *Safe Prisons/PREA Plan* outlines the responsibility of the Unit Safe Prisons/PREA Compliance Manager to ensure all offenders at Wainwright Unit are provided education on sexual abuse and sexual harassment. Unit Safe Prisons/PREA Compliance Manager shall maintain documentation of offender participation on file and in accordance with TDCJ policy.

115.33 (f) – Texas Department of Criminal Justice Safe Prisons/PREA Operations Manual 06.02 *Offender Sexual Abuse Awareness Training* and *Safe Prisons/PREA Plan* outline the resources available for offenders about the agency’s PREA policies is continuously and readily available or visible through posters, offender handbooks, or other written formats.

The Auditor conducted a tour of the facility and observed PREA informational bulletins. These PREA bulletins are posted in multiple languages, located inside every dormitory, as well as several informational bulletins were posted in common areas (educational and vocational buildings) throughout the facility. The bulletins display phone numbers and addresses, advocacy services and the PREA Ombudsman and are displayed in multiple languages.

The Auditor conducted an interview with the PREA Compliance Manager and discussed the offender comprehensive PREA orientation and documentation process. The PREA Compliance Manager provided specific details on the process of educating offenders including the initial orientation upon intake into the facility, the comprehensive orientation video, and the continued educational process through the Safe Prisons/PREA Program, PREA informational pamphlets, sexual assault prevention brochures, and the signage posted throughout the facility.

Upon review of the policy and documentation listed above and previously discussed, and after completion of staff and offender interviews, in addition to the observations made throughout the on-site tour, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

Findings (By Provision):

115.41 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states that all offenders shall be assessed during intake, and if transferred to another unit for permanent assignment, to determine the risk of being sexually abused by or sexually abusive toward other offenders. Intake screening shall take place within 24 hours of arrival at the unit in accordance with the SPPOM. Assignments shall be made through the collaborative efforts of intake staff, the USPPM, and medical and mental health services by using objective screening instruments.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the intake screening shall include, at a minimum, the following criteria to assess offenders for risk of sexual victimization:

- Any mental, physical, or developmental disability;
- Age of offender;
- Physical build of offender;
- Prior incarcerations;
- Whether criminal history is exclusively nonviolent;
- Prior convictions for sex offenses against an adult or child;
- Perception of the offender as gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
- Previous sexual victimization; and
- Offender's own perception of vulnerability.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the TDCJ, in assessing offenders for risk of being sexually abusive.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states after completion of the screening instrument, the USPPM shall forward a copy to the intake coordinator for intake facilities, and the original shall be provided to the unit classification department for review.

The facility provided the Auditor with the *SPPANS Assessment User Guide*. The guide demonstrates areas completed in the database assessment, the following questions are asked of each offender, within 24 hours of intake:

The Auditor requested an up-to-date offender roster, which provides a list of all offenders currently at the facility and is organized by housing unit, provides offender characteristics such as age, gender, race, ethnicity, date received at facility, tentative release date, program assignments, work assignments, classification level, security level, gang affiliation, and housing assignment. This allowed the Auditor to accurately select a random representation of offenders for the interview process. All offenders selected for interviews were selected under the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

Twenty-three of the thirty-four offenders interviewed arrived at the facility twelve months or longer, therefore this interview question was not posed to them. Of the remaining eleven offenders interviewed, ten of the eleven offenders recalled the initial risk assessment interview and nine of the ten offenders confirmed receiving the second risk assessment interview occurring with a member of Safe Prisons Staff within a few weeks after the initial assessment.

115.41 (c) - Wainwright Unit PAQ states the facility conducts risk assessments by using an objective screening instrument. The Auditor conducted an interview with the PREA Compliance Manager (Safe Prisons/PREA Manager) regarding the responsibility to conduct screenings for risk of victimization and abusiveness. The PREA Compliance Manager provided the Auditor with a complete overview of the offender classification process and the offender risk screening process to include how all offenders are screened within 72 hours (or less) of their arrival at the facility. The PREA Compliance Manager also confirmed all interviews are conducted privately and the interviews include the classification and risk assessment process, program opportunities, qualifications for job assignments, and educational opportunities.

115.41 (d-e) – Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states staff shall use appropriate controls to disseminate responses to the questions asked pursuant to risk screenings to ensure privacy of sensitive information is not exploited to the detriment of any offender by staff or other offenders.

The Auditor inquired to the PREA Compliance Manager how the facility protects such sensitive information. The PREA Compliance Manager confirmed access to such information is strictly limited and any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to assist with making treatment plans and informed management decisions (housing, bed, work, education, and program assignments).

The Auditor inquired to the PREA Ombudsman how the facility protects sensitive information, in particular an offender's risk assessment. The PREA Ombudsman explained how the risk assessments are maintained electronically, in a secure program, and only Classification staff, Safe Prisons Staff, and the Facility Warden have access to the risk assessments.

115.41 (f) - Texas Department of Criminal Justice Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states within a period not to exceed 30 days from the offender's arrival at an intake facility, the offender shall be reassessed for risk of victimization or abusiveness following receipt of any additional or relevant information is received by TDCJ.

The Auditor reviewed forty-nine 72-Hour Assessment & Special Assessment forms completed during the auditing period. The initial risk assessments and reassessments reviewed included offenders from the random and targeted interviews and offenders that risk assessment warranted a referral or reassessment. All forms were filled out accurately and completely and in accordance with agency policy.

The Auditor conducted interviews with offenders who disclosed prior sexual victimization during intake. Each offender confirmed to the Auditor that each were offered the opportunity to meet with a medical or mental health care practitioner during the risk screening process. Each offender declined the opportunity to meet with a mental health care practitioner, indicating to the Auditor he had received help/support services previously.

115.41 (g) - Texas Department of Criminal Justice Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states an offender's risk level shall be reassessed following a referral, request, and incident of sexual abuse or receipt of any additional information that may affect the offender's risk of sexual victimization or abusiveness.

	<p>115.41 (h) - Texas Department of Criminal Justice <i>Safe Prisons/PREA Plan</i> states offenders will not be disciplined for refusing to answer, or for not disclosing complete information in response to the questions asked during the risk screening.</p> <p>The Auditor inquired to the PREA Compliance Manager what actions are taken against offenders who refuse to cooperate or answer the questions in the risk screening process. The PREA Compliance Manager responded that offenders are not required to provide answers, if an offender refuses to answer, another staff member will conduct a follow-up interview. The PREA Compliance Manager confirmed that offenders are not disciplined for refusing to cooperate or answer the questions in the risk screening process.</p> <p>Upon review of the policies, on-site file, and documentation review, and upon completion of the interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

Offender initial risk assessment & reassessment

Findings (By Provision):

115.42 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the Unit Classification Committee (UCC) shall use information from the risk-screening document to make housing, bed, work, education, and program assignments with the goal of separating offenders at high risk of being sexually victimized from offenders at high risk of being sexually abusive.

The Auditor conducted an interview with PREA Compliance Manager regarding the responsibility to conduct screenings for risk of victimization and abusiveness. The PREA Compliance Manager provided the Auditor with a complete overview of the offender classification process and the offender risk screening process to include how all offenders are screened within 72 hours (or less) of their arrival at the facility.

The PREA Compliance Manager explained how the facility uses the information obtained from the risk screening assessment interviews to determine housing assignment for each offender, which is done strictly on a case-by- case basis. The PREA Compliance Manager further explained a transgender or intersex offender's own views on safety is given consideration during this process and if placed in protective custody, such placement is done at the request of the offender or solely based on the offender's classification level.

115.42 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the committee shall make individualized determinations regarding how to ensure the safety of each offender.

115.42 (c) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states when deciding to assign a transgender or intersex offenders to a unit for male or female offenders, and when making other housing and programming assignments, consideration shall be made on a case-by-case basis with regard to the health and safety of the offender and potential management or security problems. Housing

determinations shall not be made solely on the basis of LGBTI status.

The Auditor requested an up-to-date offender roster for gay, bisexual, transgender, and intersex offenders to conducted targeted offender interviews. All other offender interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Offenders*.

The Auditor conducted interviews with offenders who identified as gay, bisexual, transgender, or intersex offenders. The offenders were questioned whether they were placed in a housing area only for gay, bisexual, transgender, or intersex offenders. Each offender acknowledged being housed in a general population housing area for all offenders of the same level of classification. Additionally, the Auditor inquired to the offenders who identified as transgender if each transgender offender is allowed to shower alone, without other offenders and each transgender offender confirmed to the Auditor the facility does provide the opportunity to shower alone. The Auditor also inquired to each transgender offender if staff met with them individually, to discussed housing and program decisions and to discuss safety within the facility. Each transgender offender acknowledged meeting with staff and confirmed these concerns were discussed with each of them privately. The Auditor reviewed documentation which reflected transgender offenders currently assigned to Wainwright Unit, undergo a risk reassessment every six months. The risk reassessments review threats and safety concerns experienced by the transgender offender, and if necessary, action taken by staff to ensure the transgender offender is safe and housed accordingly.

115.42 (d) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states transgender and intersex offenders will be reassessed semiannually to review any threats to safety experienced by the offender.

115.42 (e) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states a transgender or intersex offender's views with respect to his or her own safety will be given serious consideration.

115.42 (f) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states transgender and intersex offenders shall be given the opportunity to shower separately from other offenders.

115.42 (g) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states LGBTI offenders shall not be placed in dedicated facilities, units, or wings solely on the basis

	<p>of this identification or status, unless the placement is in a dedicated unit wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting these offenders.</p> <p>The Auditor conducted an interview with the PREA Ombudsman and inquired how the agency ensures against placing lesbian, gay, bisexual, transgender, or intersex offenders in dedicated facilities or wings. The PREA Ombudsman informed the Auditor that agency policy prohibits such placement unless the placement is in a dedicated unit wing established in connection with a consent decree, legal settlement, or legal judgment. The PREA Ombudsman confirmed TDCJ is not under such legal judgment.</p> <p>Upon review of the policies and upon completion of the interviews, Wainwright Unit demonstrated facility- wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

states offenders at high risk for sexual victimization shall not be placed in protective safekeeping unless an assessment of all other available alternatives has been made and it is determined that there are no available alternative means of separation from likely abusers. If the assessment cannot be completed immediately, the unit may hold the offender in involuntary segregated housing while completing the assessment, for no longer than 24 hours.

The Auditor conducted an interview with the Facility Warden regarding offenders at high risk of victimization. The Facility Warden explained offenders who are at a high risk of sexual victimization will be placed in protective safekeeping until an assessment of all other available alternatives has been made and it is determined that there are no available alternative means of separation from likely abusers. If the assessment cannot be completed immediately, the unit may hold the offender in involuntary safekeeping while completing the assessment, for no longer than 24 hours. The incident is reviewed as soon as possible, and the offender will be released from segregation as soon as it can be determined that the offender is no longer in imminent danger, or as soon as alternative means of separation from an alleged abuser can be arranged.

115.43 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offenders placed in protective safekeeping for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. If the unit restricts access to programs, privileges, education, or work opportunities, the unit shall document the opportunities that have been limited, the duration of the limitations, and the reasons for the limitations.

The Auditor conducted an interview with a Facility Staff Member who supervises offenders in segregated housing. The Auditor inquired to the Facility Staff Member if an offender is placed in segregated housing for protection from sexual abuse or after having alleged sexual abuse, what restrictions are placed on the offender. The Facility Staff Member articulated that offenders placed in safekeeping do not have restrictions and retain the same privileges as offenders in general population housing, to include participating in programs and education opportunities. The Facility Staff Member explained if an offender has restrictions placed on him/her it would be a result of behavior or actions, and such action (being placed on restrictions) would require documentation explaining what has been restricted, duration of restriction, and reasons for initiating the restriction.

During the twelve months prior to the audit, the facility reported in the PAQ there were no offenders at risk of sexual victimization being assigned to involuntary segregated housing. During the on-site phase of the audit, the Auditor interviewed

the Classification Supervisor and the PREA Compliance Manager and both confirmed the information previously provided by the facility in the PAQ. Therefore, offenders in this targeted category were not interviewed.

115.43 (c) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states every 30 days, the unit shall conduct a review to determine if there is a continuing need for separation of the offender from the general population.

115.43 (d) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states if a protective safekeeping housing assignment is made, the unit shall clearly document the basis of the concern for the offender's safety and the reason why no alternative means of separation can be arranged.

115.43 (e) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states every 30 days, the unit shall conduct a review to determine if there is a continuing need for separation of the offender from the general population.

Upon review of the policy and documentation provided and upon completion of the interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

Texas Board of Criminal Justice PREA Ombudsman Office, *End the Silence* brochure provides offenders with addresses and phone numbers to the following entities:

- PREA Ombudsman Office
- Office of Inspector General (OIG)
- TDCJ Ombudsman Office
- TDCJ Parole Division Ombudsman

During the facility tour, the Auditor observed PREA Zero-tolerance informational signage and *End the Silence* brochures posted in all housing dormitories, offender educational and program buildings, in the religious programs / services building, and offender work areas. The PREA informational signage was posted in multiple languages.

The Auditor conducted informal interviews with offenders in the housing dormitories, various work assignments, and while touring the programs, educational, and vocational buildings. The Auditor inquired to each offender on the various PREA reporting methods available, and each offender confirmed reporting to any staff member, submitting a grievance, or utilizing an outside reporting method - writing the PREA Ombudsman or calling a family member or friend and request a report be submitted on their behalf.

During the informal interviews with offenders, the Auditor inquired on the use of the phones or tablets to contact a family member or friend; all offenders confirmed calls can be made on the designated dormitory phones or their individual tablet. Throughout the facility tour, multiple offenders utilized their tablets to demonstrate to the Auditor the step-by-step process to report a PREA incident either by sending an email to a Staff Member, or family member or utilizing the tablet to call a family member and request a report be filed on their behalf. Throughout each

demonstration, multiple offenders confirmed to the Auditor that utilizing the tablets for phone calls (with ear buds connected) provides the opportunity for privacy.

The Auditor requested an up-to-date facility offender roster, organized by housing unit, and provides offender characteristics such as age, gender, race, ethnicity, date received at facility, tentative release date, program assignments, work assignments, classification level, security level, gang affiliation, and housing assignment. This allowed the Auditor to accurately select a random representation of offenders for the interview process. All offenders selected for interviews were selected under the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted thirty-four offender interviews and inquired to each offender on the PREA reporting methods. Twenty-five of the thirty-four offenders interviewed referred to notifying a staff member, counselor, or family member as the most direct method to report or inquire about PREA information. Thirty-two of the thirty-four offenders interviewed referred to contacting the PREA Ombudsman or a family member as their source outside the facility and all thirty-four offenders interviewed confirmed knowledge of third-party reporting. Twenty-nine of the thirty-four offenders interviewed were aware of the availability of submitting an anonymous PREA report.

115.51 (b) - Texas Department of Criminal Justice Executive Directive PD-29, *Sexual Misconduct with Offenders* states employees may privately report sexual abuse and sexual harassment of offenders directly to the PREA Ombudsman, a unit OIG investigator, or the OIG Records Management Office.

115.51 (c) - The Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states staff shall accept reports made verbally, in writing, anonymously, and from third parties, and shall promptly document any verbal reports.

115.51 (d) - The Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states a method shall be provided for staff to privately report sexual abuse and sexual harassment of offenders.

The Auditor-conducted interviews with random staff members and asked each staff member how an offender can privately report sexual abuse and sexual harassment or retaliation by other offenders or staff for previously reporting sexual abuse and sexual harassment.

	<p>Each staff member interviewed was able to articulate the various methods an offender may privately report an allegation of sexual abuse or sexual harassment (family member, third party reporting, PREA Ombudsman). Staff members also explained that reports concerning sexual abuse or sexual harassment, whether reported verbally or in writing, are considered confidential and must be documented immediately.</p> <p>The Auditor conducted an interview with the PREA Compliance Manager to verify reporting methods for sexual abuse or sexual harassment allegations that are available for offenders and staff. The PREA Compliance Manager confirmed the multiple methods of reporting available for offenders and staff, these reports can be made either verbally, in writing, by a third party and may be done so in private or anonymously and all reports, no matter the method used to report, are confidential and handled promptly and professionally. The PREA Compliance Manager confirmed that the PREA Ombudsman office is the designated outside entity for offender reporting.</p> <p>Upon review of the policies, contracts, employee handbook, TDCJ offender handbook, and viewing of the PREA informational brochures and signs and upon completion of interviews conducted, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

The Auditor conducted targeted interviews with offenders who reported an incident of sexual abuse or sexual harassment and inquired to each offender if the facility notified him of the final decisions made regarding the allegation and if such notification was in writing. One of the three offenders confirmed to the Auditor he was notified by staff of the case disposition. The Auditor verified the notification while reviewing the investigative files and the offender notification contained the date, case disposition, and offender signature. 115.53 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offenders shall be provided access to victim advocates for emotional support services related to sexual abuse by providing mailing address and telephone numbers. The unit shall enable reasonable communication between offenders and these organizations.

The Auditor requested an up-to-date offender roster, organized by housing unit, which provides characteristics such as age, gender, race, ethnicity, date received at facility, tentative release date, program assignments, work assignments, classification level, security level, gang affiliation, and housing assignment. This allowed the Auditor to accurately select a random representation of offenders for the interview process. All offenders selected for interviews were selected under the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for*

*Inmates.*

The Auditor inquired to each offender interviewed, if needed, are there services available outside of the facility for dealing with sexual abuse. Twenty-four of the thirty-four offenders interviewed confirmed being provided such information during the comprehensive PREA orientation as well as informational posters being displayed throughout the housing units and the Texas Association Against Sexual Assault (TAASA) resources located in the inmate law library.

During the tour of the facility, the Auditor conducted informal interviews with offenders in the housing dormitories and in various work assignments, and while touring the programs and educational buildings. Throughout the tour, the Auditor noted PREA informational posters and Sexual Abuse Awareness Brochures displayed in all the above areas and buildings.

115.53 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offenders shall be informed, prior to giving them access, of the extent to which these communications will be monitored and the extent of which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.

The victim advocate or qualified TDCJ staff member, or qualified community-based organization staff member shall:

- Accompany and support the victim through the forensic medical examination process and investigatory interviews.
- Provide emotional support, crisis intervention, information, and referrals; and
- Not delay or otherwise impede the screening or stabilization of an emergency medical condition.

During the pre-on-site phase of the audit, the Auditor reviewed the Texas Department of Criminal Justice Offender Orientation Handbook. The TDCJ Offender Handbook provides information regarding victim advocacy services for offenders and all information provided will be kept confidential, except information that requires

	<p>mandatory reporting. In addition, the Auditor reviewed documentation which included, communication between TDCJ and local rape crisis centers (attempts for an MOU), the TDCJ Sexual Assault Offender Victim Representative training curriculum, and verification of attendance by facility staff members designated as an Inmate Victim Representatives (IVR).</p> <p>The Auditor conducted an interview with a staff member designated as Inmate Victim Representative (IVR). The staff member confirmed the designation of victim advocate at Wainwright Unit and received the required advocacy training. The staff member confirmed the services an IVR would provide include emotional support services, accompaniment to forensic exams and investigatory interviews, crisis intervention, and provide referrals and resources for continued follow-up emotional support services.</p> <p>The Auditor conducted targeted interviews with offenders who reported an incident of sexual abuse or sexual harassment and inquired to each offender, after reporting, did the facility allow him to contact anyone. One of the three offenders confirmed to the Auditor, after reporting the incident, he was able to meet with a contracted Medical and Mental Health staff member and that medical staff informed him of the additional services available from an Inmate Victim Representative (IVR), and the offender acknowledged accepting the services from the IVR. Findings (By Provision):

115.54 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offenders may report incidents of sexual abuse or sexual harassment by having a family member, friend, or other member of the public submit a third- party grievance.

Texas Department of Criminal Justice publishes agency policy regarding the referral of allegations of sexual abuse or sexual harassment for criminal investigation on the agency website <http://www.tdcj.texas.gov/tbcj/prea.html>.

The Auditor requested an updated offender roster, organized by housing unit, provides offender characteristics such as age, gender, race, ethnicity, date received at facility, tentative release date, program assignments, work assignments, classification level, security level, gang affiliation, and housing assignment. This allowed the Auditor to accurately select a random representation of offenders for the interview process. All offenders selected for interviews were selected under the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted thirty-four offender interviews and inquired if each offender had received PREA education upon arrival at the facility. All thirty-four offenders interviewed recalled receiving both the initial PREA orientation and the comprehensive (video) orientation. All offenders interviewed acknowledged the zero-tolerance policy on sexual abuse sexual harassment and the various ways to report such incidents.

	<p>When questioned about third party reporting, all thirty-four offenders interviewed acknowledged how to submit a third-party report (ask a family member or friend to submit a report or contact the PREA Ombudsman). Each Medical and Mental Health Staff member articulated in detail step-by- step process when reporting incidents of sexual abuse or sexual harassment as well as expressed the requirement to report such incidents immediately. Findings (By Provision):

115.62 (a) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states all staff members shall immediately report, according to TDCJ policy, any knowledge suspicion, or information regarding an incident of sexual abuse or sexual harassment, retaliation against offenders or staff who reported an incident, and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

Texas Department of Criminal Justice Procedure *Safe Prisons/PREA Plan* states offenders at high risk for sexual victimization shall not be placed in protective safekeeping unless an assessment of all other available alternatives has been made and it is determined that there are no available alternative means of separation from likely abusers. If the assessment cannot be completed immediately, the unit may hold the offender in involuntary segregated housing while completing the assessment, for no longer than 24 hours.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states if a protective safekeeping housing assignment is made, the unit shall clearly document the basis of the concern for the offender's safety and the reason why no alternative means of separation can be arranged.

During the twelve months prior to the audit, the facility reported in the PAQ there were no offenders at risk of imminent sexual abuse. During the on-site phase of the audit, the Auditor interviewed the Classification Supervisor, PREA Compliance Managers and the Facility Warden and each confirmed the information previously reported in the PAQ.

The Auditor conducted interviews with random staff members and inquired about his/

her actions if they received information that an offender was at imminent risk of sexual abuse. Each staff member articulated the agency's response protocol to receiving such information and all staff members interviewed confirmed the priority is ensuring the safety of the offender. Staff indicated they would safeguard the offender and immediately notify their supervisor to investigate the threat to the offender and to find safe housing for the offender.

The Auditor conducted an interview with the Facility Warden and inquired as to what action is taken upon learning an offender is subject to a substantial risk of imminent sexual abuse. The Facility Warden informed the Auditor that once a staff member receives information that an offender may be at risk for sexual abuse, that offender is immediately removed from the area. The offender victim's housing preference is considered, however the decision on his/her ultimate placement is driven by the need for protection from possible abuse and/or retaliation.

The Auditor conducted an interview with the Agency Head Designee regarding what action is taken upon learning an offender is subject to a substantial risk of imminent sexual abuse. The Agency Head Designee stated if an offender is at risk of imminent sexual abuse the first thing staff will be responsible for separating the victim from the potential abuser. The potential victim will be given the opportunity to speak with a staff member regarding the situation as well as Medical and Mental Health. If necessary, a housing change or facility transfer may be required for that offender. The offender may also request to be reviewed for placement in Protective Safekeeping custody level.

Upon review of the policy, observations made during the on-site facility tour, and upon completion of the interviews with staff, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

The Auditor established, from a thorough review of TDCJ policy, that investigators assigned to the Office of the Inspector General's office follow the United States Department of Justice, *A National Protocol for Sexual Assault Medical Forensic Examinations* a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceeding and criminal prosecutions.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offender victims of sexual abuse shall receive timely, unimpeded access to emergency treatment and crisis intervention services. An employee is prohibited from subjecting another employee, offender, or other individual to harassment or retaliation for reporting or cooperating with an investigation of alleged sexual misconduct with offenders.</p>

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offenders and staff who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliations by other offenders or staff. The Unit Safe Prison/PREA Compliance Manager shall monitor for incidents of retaliation.

115.67 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states as appropriate, multiple protective measures may be taken, such as housing changes or transfers for offender victims or abusers, removal of alleged staff or offender abusers from contact with victims, and emotional support services for offender or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

115.67 (c) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states for at least 90 days, following a report of sexual abuse, the Unit Safe Prisons/PREA Compliance Manager (USPPM) shall monitor and document the conduct and treatment of offenders or staff who reported the sexual abuse, for changes that may indicate possible retaliation by offenders or staff, and shall act promptly to address any retaliation.

During the twelve months prior to the audit, the agency reported no allegations of retaliation were reported nor were there any offenders placed in segregated housing due to risk of sexual victimization. Therefore, offenders in these targeted categories were not interviewed.

115.67 (d) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the monitoring shall also include periodic status checks of offenders.

The Auditor conducted targeted interviews with offenders who reported an incident of sexual abuse or sexual harassment and inquired to each offender, if he feels protected against possible revenge from staff or inmates for reporting an incident of sexual abuse. One of the three offenders interviewed acknowledged feeling safe within the facility and if there was a need or concern, he would report to a staff member. The remaining two offenders refused to discuss specifics of the allegation / investigation.

115.67 (e) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states if any other individual who cooperates with an investigation expresses a fear of retaliation,

the TDCJ shall take appropriate measures to protect that individual against retaliation. If the TDCJ investigation determines the allegation to be unfounded, the monitoring shall discontinue.

The Auditor conducted an interview with the Facility Staff Member designated with monitoring retaliation. The Staff Member articulated that to prevent retaliation against offenders and staff who report sexual abuse or harassment or those who cooperate with an investigation, the Staff Member would monitor those individuals for at least 90 days. The Staff Member reviews disciplinary reports, offender housing or transfers, and negative performance reviews of staff members. If a concern that potential retaliation might occur beyond the 90 days, the Staff Member would continue to monitor conduct and treatment until the issue or threat is resolved.

The Auditor conducted an interview with the Facility Warden and inquired on the different measures taken to protect offenders and staff from retaliation for reporting allegations of sexual abuse or sexual harassment. The Facility Warden confirmed the facility would take all necessary steps to protect any person who reports a sexual abuse / harassment incident from retaliation. The Facility Warden explained that housing changes or transfers of offenders, disciplinary action against staff members - including possible dismissal - or other means of removal of those who retaliate against someone who reports an allegation.

The Auditor conducted an interview with the Agency Head Designee and inquired how the agency protects offenders or staff from retaliation for sexual abuse or sexual harassment allegations. The Agency Head Designee explained that facilities deploy numerous measures including housing, program, and work assignments changes. If warranted, an offender may be transferred to another facility to be protected from retaliation. All offenders who report sexual abuse are monitored for retaliation for at least 90 days. Staff members are required to monitor the offender with periodic status checks every 30 days to ensure they are not experiencing any additional problems.

The Agency Head Designee also explained that staff members might be afforded the ability to change posts or facilities to protect them from retaliation. They are also monitored for retaliation for at least 90 days following a report of sexual abuse or sexual harassment.

The Auditor inquired to the Agency Head Designee if an individual cooperates with an investigation expresses a fear of retaliation, what measures does the agency take to protect that individual against retaliation. The Agency Head Designee explained the

	<p>same process previously described is utilized. If the individual is an offender, he may be afforded a housing change or transfer to another facility. That offender will also be subject to 90-day monitoring. If the individual is a staff member, they may be provided with the opportunity to change posts or institutions and will be subject to 90-day monitoring.</p> <p>Upon review of the policy, investigative files, and upon completion of the interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

If the assessment cannot be completed immediately, the unit may hold the offender in involuntary segregated housing while completing the assessment, for no longer than 24 hours.</p>

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states if a protective safekeeping housing assignment is made, the unit shall clearly document the basis of the concern for the offender's safety and the reason why no alternative means of separation can be arranged.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offenders placed in protective safekeeping for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. If the unit restricts access to programs, privileges, education, or work opportunities, the unit shall document the opportunities that have been limited, the duration of the limitations, and the reasons for the limitations. Every 30 days, the unit shall conduct a review to determine if there is a continuing need for separation of the offender from the general population.

The Auditor conducted an interview with a Facility Staff Member who supervises offenders in segregated housing. The Auditor inquired to the Facility Staff Member if an offender is placed in segregated housing for protection from sexual abuse or after having alleged sexual abuse, what restrictions are placed on the offender. The Facility Staff Member articulated those offenders placed in Protective Management (placed in segregated housing for protection) do not have restrictions and retain the same privileges as offenders in general population housing, to include participating in programs, education, and work opportunities. The Facility Staff Member explained if an offender has restrictions placed on him/her it would be a result of behavior or actions, and such action (being placed on restrictions) would require documentation explaining what has been restricted, duration of restriction, and reasons for initiating the restriction.

According to the information provided in the PAQ, Wainwright Unit reported there were no offenders alleging sexual abuse assigned to involuntary segregated housing. Additionally, during the twelve months prior to the audit, the agency reported no allegations of retaliation were reported nor were there any offenders placed in segregated housing due to risk of sexual victimization. The Auditor was able to confirm the information provided in the PAQ during her review of the allegations / investigative case files.

In addition, the Auditor conducted specialized interviews with the Facility Warden, PREA Compliance Manager, and a Classification Staff Member. Each confirmed there were no offenders alleging sexual abuse assigned to involuntary segregated housing allegations and no offenders were placed in segregated housing due to risk of sexual victimization in the twelve months prior to the audit. Therefore, offenders in these

	<p>targeted categories were not interviewed.</p> <p>The Auditor conducted an interview with the Facility Warden regarding offenders who alleged sexual abuse. Offenders who have made an allegation of sexual abuse and have stated that they are in fear for their safety will be placed in segregated housing (Safekeeping), either voluntarily or involuntarily, on a temporary basis until a review can be conducted to verify the extent of the danger. The incident is reviewed as soon as possible, and the offender will be released from segregation as soon as it can be determined that the offender is no longer in imminent danger, or as soon as alternative means of separation from an alleged abuser can be arranged.</p> <p>Upon review of the policy and documentation provided and upon completion of the interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

115.71 (a) - Texas Department of Criminal Justice Board Policy 01.07, *Inspector General Policy Statement* outlines the legal authority and jurisdiction of the OIG as the primary investigating law enforcement agency for the TDCJ and criminal offenses on TDCJ property. In accordance with Texas Government Code § 493.019, the Office of the Inspector General (OIG) is the primary investigative and law enforcement entity of the TDCJ. The OIG reports directly and only to the Texas Board of Criminal Justice.

115.71 (b) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states investigators shall receive training specific to conducting sexual abuse investigations in confinement settings as well as training on the Prison Rape Elimination Act (PREA) standards. Sergeants and above, including Security Threat Group correctional officers and Safe Prisons/PREA officers, shall receive training on conducting sexual abuse investigations in confinement settings. Training shall include:

- Techniques for interviewing sexual abuse victims;
- Sexual abuse evidence collection and handling; and
- Criteria and evidence required to substantiate an investigation.

115.71 (c) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states all allegations of sexual abuse shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. Investigations shall include, at a minimum, interviews with alleged victims, suspected assailants, and witnesses; a review of prior complaints and reports of sexual abuse involving the alleged assailant; review of video surveillance where available; and any evidence, including physical evidence.

The Auditor interviewed an Investigator who confirmed attending and successful completion of the required specialized training. The Investigator clearly articulated the comprehensive training received which included investigating sexual harassment allegations, investigating sexual abuse allegations, understanding the impact of victim trauma, techniques for interviewing sexual abuse victims, preservation of crime scene and evidence collection, proper use of *Miranda* and *Garrity* and the importance of each, and criteria required for administrative action and prosecution referrals.

The Investigator also confirmed agency policy requiring all criminal allegations of sexual abuse must be referred to the Office of the Inspector General. Additionally, the Investigator confirmed all OIG Investigators are certified peace officers, as authorized by Texas Code of Criminal Procedures, Article 2.12 and licensed by the Texas Commission on Law Enforcement (TCOLE).

Additionally, the Auditor requested to the Investigator to provide an overview of the investigative process and the documentation required in a case when an allegation of sexual abuse or sexual harassment incident occurs within the facility. The Investigator explained upon receiving notification of a sexual assault incident, the investigation is initiated promptly and is completed thoroughly and objectively by a qualified investigator who has received training and education and has the authority to conduct such investigations. The Investigator explained the initial process includes conducting scene investigation, collecting evidence (biological or trace), photographs, interview staff, witnesses, review unit documentation pertaining to the investigation, and interviewing the victim - depending on emotional and physical state.

115.71 (d) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states when the evidence supports criminal prosecution, OIG shall conduct compelled interviews only after consulting with prosecutors to ensure the interviews do not impede subsequent criminal prosecution.

115.71 (e) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states offender who alleges sexual abuse shall not be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of the allegation.

The Auditor conducted targeted interviews with offenders who reported an incident of sexual abuse or sexual harassment and inquired to each offender, did the facility require them to submit to a polygraph test as a condition for proceeding with the investigation. One of the three offenders confirmed to the Auditor that no one required him to complete a polygraph test as a condition of proceeding with the investigation. The remaining two offenders refused to discuss specifics of the allegation / investigation.

115.71 (f) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the credibility of an alleged victim, assailant, or witness shall be assessed on an individual basis and not on the status as an offender or staff member. Staff shall

document the description of physical and testimonial evidence in the body of the report, the reasoning behind credibility assessment, and investigative facts and findings.

115.71 (g) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states criminal investigations shall be documented in accordance with OIG policies and procedures.

115.71 (h) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states substantiated allegations of conduct that appear to be criminal shall be referred for prosecution in accordance with OIG policies and procedures.

115.71 (i) - Texas Department of Criminal Justice Office of the Inspector General 03.72, *Record Retention - PREA* states all administrative and criminal investigative reports involving any sexual assault related offenses, pursuant to a sexual battery investigation, as long as the alleged suspect is incarcerated, supervised, or employed by the agency plus five years.

115.71 (j) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the departure of the alleged assailant or victim from employment of the custody of the TDCJ shall not be the basis for terminating an investigation.

115.71 (k) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states the requirements of evidence protocol and forensic medical examinations shall also apply to:

- Any State entity outside of the agency that is responsible for investigating allegations of sexual abuse in prisons or jails; and
- Any Department of Justice component that is responsible for investigating allegations of sexual abuse in prisons or jails.

115.71 (l) - Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states Unit staff conducting OPIs shall cooperate with the OIG when applicable, to avoid interfering with possible criminal investigation related to the same incident.

The Auditor reviewed sixteen allegations of sexual abuse and six allegations of sexual

harassment. The sexual abuse allegations included ten offender-on-offender allegations with eight investigations closed as unsubstantiated, and two investigations closed as unfounded. The remaining six sexual abuse allegations reviewed were staff-on-offender allegations which included four investigations were closed as unsubstantiated and two investigations were closed as unfounded. The sexual harassment allegations included three offender-on-offender allegations each investigation was closed as unsubstantiated. The remaining three sexual harassment allegations were staff-on-offender allegations with two investigations closed as unsubstantiated, and one investigation was closed as unfounded. At the time of the Auditor's review, there were no investigations referred for prosecution.

All investigations were selected and reviewed based upon the initial reporting method, the outcome or investigation status (closed or open), and the Auditor's requirement to review all the required steps and processes to verify compliance with multiple PREA Standards. Each investigation contained all documented reports for that specific incident, summary of the allegation, demographics of involved parties to include relevant criminal history and current sentence, photos of victim and alleged aggressor, medical documentation and notes, victim, witness, and aggressor statements, review of email and phone correspondence, IVR documentation - acceptance or refusal, a description of the physical and testimonial evidence, the reasoning behind credibility assessments and the investigative facts, findings, and investigative conclusion.

Additionally, each completed report included an assessment as to whether staff actions or a failure to act on the part of staff contributed to the abuse. The Auditor reviewed each case thoroughly and systematically to ensure each investigation followed procedures, contained all required and completed documentation, and that all processes were followed in accordance with policy and the PREA standards.

Upon review of the policies and documentation listed above, and upon completion of the interviews, Wainwright Unit demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

sexual victimization, or has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, the offender will be offered a follow-up meeting with a mental health practitioner within 14 days of the screening.

Texas Department of Criminal Justice *Safe Prisons/PREA Plan* states staff shall use appropriate controls to disseminate responses to the questions asked pursuant to risk screenings to ensure privacy of sensitive information is not exploited to the detriment of any offender by staff or other offenders.

The Auditor conducted interviews with offenders who disclosed prior sexual victimization, and both offenders confirmed to the Auditor that they were offered the opportunity to meet with a medical or mental health care practitioner during the risk screening process. Both offenders interviewed confirmed accepting the meeting with Mental Health and that the meeting occurred within a week.

The PREA Compliance Manager provided the Auditor with a complete overview of the offender classification process and the offender risk screening process to include how

all offenders are screened within 72 hours (or less) of their arrival at the facility.

The Auditor inquired to the PREA Compliance Manager what actions are taken against offenders who refuse to cooperate or answer the questions in the risk screening process. The PREA Compliance Manager responded that offenders are not required to provide answers, if an offender refuses to answer, another staff member will conduct a follow-up interview. The PREA Compliance Manager confirmed that offenders are not disciplined for refusing to cooperate or answer the questions in the risk screening process. The PREA Compliance Manager confirmed all interviews are conducted privately and the interviews include the classification and risk assessment process, program opportunities, qualifications for job assignments, and educational opportunities.

The PREA Compliance Manager confirmed that offenders are not disciplined for refusing to cooperate or answer the questions in the risk screening process. The Auditor inquired to the PREA Compliance Manager how the facility protects such sensitive information. The PREA Compliance Manager stated the access to such information is strictly limited to Classification Staff, Safe Prisons Staff, and the Warden Designee.

The Auditor reviewed forty-nine offender records which were selected based upon offenders who disclosed prior sexual victimization, length at facility, and offenders that disclosed sexual orientation as gay or bisexual, transgender or intersex, offenders who reported an allegation of sexual abuse, and offenders from the random and targeted interviews. Each file contained the initial risk screening form as well as the 30-day reassessment form; all were filled out completely and in accordance with the facility's policy.

The staff members provided specific details of their responsibilities as a First Responder. These responsibilities include separating the victim and abuser, preserving, and protecting the crime scene, requesting that the alleged victim not take any actions that could destroy physical evidence, ensuring the alleged abuser does not take any actions, which would destroy physical evidence, and to immediately notify Medical and Mental Health. In addition, each staff member acknowledged the importance of the agency's response protocol to a sexual abuse allegation as well as his or her role as a First Responder.

The Auditor conducted interviews with Medical and Mental Health Staff at the facility. During the interviews, the Auditor discussed the required protocols medical staff would complete if an offender reported an incident of sexual abuse within the facility. Each Medical Staff Member described the process to the Auditor to include a systematic overview of the initial treatment process, and the steps required. Documentation of the offender's medical treatment must be completed on the TDCJ Referral to Medical / Mental Health Services and Correctional Managed Health Care Clinic Notes. The forms have specific requirements to complete and/or make notations as to why the question or process was not completed. All protocols are completed by LPNs and must be reviewed and cosigned by an RN or Clinician.

Additionally, during the interview Medical Staff members confirmed offender victims are provided immediate access to medical treatment as well as crisis intervention, therapy, and counseling services. Specialty Staff Interview Notes</li> </ol> <p>The Agency has a written Policy and the TDCJ Safe Prisons/PREA Plan, to address the requirements of the standard that mandates zero tolerance toward all forms of sexual abuse and sexual harassment, and it outlines the agency's approach to preventing, detecting, and responding to such conduct.</p>

	<p>The Agency's specific strategies include "Preventing" sexual abuse and sexual harassment through the designation of a PREA Coordinator and PREA Compliance Manager, Criminal History Background Checks (Staff, Contractors, and Volunteers, as applicable), Training (Staff, Volunteers, and Contractors), Staffing, Intake Screening, Classification, Inmate Education, Posting of Signage PREA Posters, and Contract Monitoring. The policies addressed "Detecting" sexual abuse and sexual harassment through Training (Staff, Volunteers, and Contractors), and Intake Screening. The policies addressed "Responding" to allegations of sexual abuse and sexual harassment through Reporting, Investigations, Victim Services, Medical and Mental Health Services, Disciplinary Sanctions for Staff (including notification of licensing agencies), Incident Review Teams, and Data Collections and Analysis.</p> <p>The Agency has designated an upper-level, agency-wide PREA Coordinator/PREA Ombudsman with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all its facilities. The PREA Coordinator/PREA Ombudsman position reports directly to the Texas Board of Criminal Justice. The PREA Coordinator/Ombudsman was interviewed and reported their direct report staff having enough time to focus on the PREA standards, investigate PREA concerns, training and updating PREA Compliance Managers on policy. During the interviews with the PREA Coordinator/ PREA Ombudsman and the PREA Compliance Manager all outlined their duties to illustrate their ability to manage all the required duties associated with their positions. The Auditor reviewed all policies related to zero tolerance and during formal and informal interviews and conversations with the central headquarters office staff it was obvious the zero-tolerance policy radiates throughout the agency.</p> <p>The Auditor noted the Inmate Handbook, PREA Posters, and PREA Brochure do address sexual abuse by another Inmate, and the Inmate Handbook does address sanctions for Inmates when involved in such conduct. Based on headquarters staff interviews it was noted TDCJ staff closely monitor for Inmate-on-Inmate sexual misconduct in accordance with PREA standards; allegations are reported and investigated, and inmates are held accountable.</p> <p>After a careful and detailed review, the Auditor determined the Agency meets the requirements of the standard.</p>

Specialty Staff Interview Notes</p> <p>The Auditor randomly reviewed 15 of 27 renewed and new contracts since the last audit to include Private Residential Treatment Centers, Private Transitional Treatment Centers and Private Secure Confinement Facilities and determined the contract language included an obligation for the contractor to adopt and comply with the PREA standards. Through interviews with the PREA Coordinator/PREA Ombudsman and the Agency Contract Administrator the Auditor confirmed the Agency has a contract monitor position to ensure that the contractors are complying with the PREA standards. This was also verified by reviewing agency policy and TDCJ Safe Prisons/ PREA Plan.</p> <p>During the interview with the Agency's Contract Administrator, it was determined they must maintain regular contact with every inmate placed in a contracting facility. If there are PREA concerns, agency protocol requires the inmate be removed from the facility and the facility be allowed time to make corrective actions and address the concerns. Corrective actions are addressed before the facility is reconsidered. Notification would also be made to law enforcement.</p> <p>The Contract Administrator has the authority to perform an administrative review at any sign of suspected noncompliance. A finding of non-compliance during the administrative review could result in fines, corrective action, contract termination and referral for criminal charges, if applicable. The Contract Administrator annually collects credentialing documentation for each facility: facility license; staff licenses or certifications; daily schedule; and monitoring reports or the licensing agency's website regarding the facility's status; and tours the facility. New facilities being considered for contracting purposes follow a vetting process, including reference checks with other counties, with all information being presented to the agency's leadership for review and approval.</p> <p>After a careful and detailed review, the Auditor determined that the Agency meets the requirements of the standard.</p>

#### 4. Specialty Staff Interview Notes

Texas Department of Criminal Justice as an Agency has not hired or promoted anyone who may have contact with inmates who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other lock up institution. The Agency has not enlisted the services of any contractor who may have contact with inmates, who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other lock up institution. The Agency has not hired or promoted or used the services of anyone who has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity as described.

The Agency policies and TDCJ Safe Prisons/PREA Plan prohibit the agency/facilities from hiring, promoting or during business with a person or business who may have contact with inmates who has engaged in or attempted to engage in sexual abuse while in incarcerated, or convicted of, civilly or administratively of the same.

The Auditor verified this by reviewing new hire applicant packets as well as reviewing multiple personnel files that included criminal background checks and self-disclosure forms. During the personnel file review the Auditor found this same process of checking backgrounds is also completed when starting new vender contracts and when qualifying staff for in-house promotions. All files reflected the three required questions included and staff affirmed by signing the form.

Before hiring new employees, who may have contact with inmates, the central headquarters staff (1) Performs a criminal background records check; and (2) consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. The Administrative (Human Resources) Staff also indicated that the Agency would respond to any request for information from an institutional employer seeking information on a former TDCJ employee.

The central headquarters staff also conducts criminal background records checks annually of current employees and contractors who may have contact with inmates. This is accomplished by using a system call FACT Clearinghouse, this system allows for a continual real-time update on staff interactions with law enforcement agencies who participate in the service. Agency policies also require an annual re-check of all employees and contractual re-checks for contractors. The agency policy does indicate that any employee/contractor misconduct or false reporting is subject to termination of employment. The current policy also requires that staff self-disclose new information related to sexual conduct behavior. The Agency has incorporated and implemented the "Affirmative Duty to Disclose," which all staff were required to affirm and sign. Failure to self-disclose new sexual conduct behavior are grounds for termination. The Agency reports conducting approximately 700 such criminal background checks monthly. Finally, as a requirement of policy and TDCJ Safe Prisons/

	<p>PREA Plan the facility has an obligation to report sexual conduct behavior to other institutional employers. These processes were verified through interviews with headquarters human resource staff and informal conversation with administrative staff.</p> <p>After careful and detailed review of all the information, the Auditor determined the Agency meets the requirements of this standard.</p>

Specialty Staff Interview Notes</p> <p>The Agency has a directive that instructs all Texas Department of Criminal Justice staff involved in making inmate unit/housing assignments with a comprehensive listing of housing assignment criteria and procedures. The TDCJ Classification Plan provides more specific, guidance to staff. All inmate housing assignments, including assignment to a unit or to specific housing areas, such as dormitories, cellblocks, rows, or other similar areas, are made based on objective criteria, and not based on race, color, nationality, or ethnic origin. The initial unit assignment is made at the central headquarters level. All classification committees, classification, security, and health care staff, both at the central and unit levels follow these criteria and procedures.</p> <p>Some of the unit/housing assignments criteria include Criminal history; b. History of institutional sexual violence or victimization; c. Current offense (type and seriousness), sentence length, and amount of time completed on sentence; d. Violent or passive tendencies; e. Security Precaution Designator (SPD); f. Criminal sophistication; g. Inmate enemies; h. Lesbian, gay, and bisexual (both active and passive) tendencies; i. Transgender and intersex identification; j. Characteristics such as height, age, and weight; k. Security threat group affiliation; l. Current institutional adjustment, as reflected in the inmate’s disciplinary record; m. Special safety requirements; and n. Predator codes.</p> <p>Information pertaining to each inmate’s security characteristics can be found in the inmate’s electronic record. The documents contained in the inmate’s electronic record are accessible at both the unit and central administration levels. This was confirmed by reviewing multiple inmate records.</p> <p>When making initial housing assignments or housing assignment changes, the designated staff member or committee responsible for making such assignments reviews all pertinent information, such as the classification screen, electronic record, Safe Prisons/PREA Assessment, and other similar information, to determine whether there are any security or health-related needs or restrictions relative to the inmate’s housing assignment.</p> <p>After careful and detailed review of all the information, the Auditor determined the Agency meets the requirements for this standard.</p>
